It's an easy thing to say, and we've all heard it. But how do you actually make sure that you're living life to its fullest? That's where Carpe Diem comes in. In this helpful guidebook you will find hundreds of carefully curated and inspirational quotations from a diverse selection of writers and thinkers. Selected by Linda Picone (The Daily Book of Positive Quotations) and organized by chapters such as "Richer and Poorer" and "The Art of Living," these quotes serve as a daily reminder to never take life for granted. The Apocryphal Sunday Uta Heil, 2023-10-17 A range of apocryphal and pseudepigraphic texts from Late Antiquity points to the importance of Sunday as a holiday for baptized Christians. First and foremost is the so-called Letter from Heaven, which has experienced a broad and long-lasting reception up to modern times, although it was also criticized as a forgery from its beginning. Unfortunately, these texts have not received sufficient attention so far. This volume presents various versions of the Letter from Heaven, as well as other texts (the pseudepigraphic Acts of the Synod of Caesarea; pseudepigraphic sermons of Eusebius of Alexandria, John Chrysostom, and Basil of Caesarea; passages from the Didascalia or Diataxis of Jesus Christ; the Second Apocryphal Apocalypse of John; the Visio Pauli; a sermon of Sophronius of Jerusalem; and the Apocalypse of Anastasia), together with a translation and commentary. An introduction tells the story of this letter and integrates it and the other texts into the cultural history of Sunday. It becomes clear that Sunday as a day of rest and a feast day was not in the foreground of the development of an ecclesiastical festival calendar for a long time, although Emperor Constantine enacted a law on holiday rest on Sunday in 321 CE. Sunday, rather, marks the end of the Christianization of time and the calendar, when Easter, Pentecost, Christmas, and martyrs' feasts were already taken for granted. The authors of these texts obviously wanted to accelerate this process, which is why an anonymous person even resorted to presenting Christ himself as the author of this letter. Here, severe punishments are threatened to all who do not

observe Sunday, who work as if it were a weekday, and who skip worship. The broad tradition shows that the letter was read and distributed despite all the criticism, and was even turned into an early form of a chain letter.

Reconsidering Dementia Narratives Rebecca Bitenc, 2019-07-05 *Reconsidering Dementia Narratives* explores the role of narrative in developing new ways of understanding, interacting with, and caring for people with dementia. It asks how the stories we tell about dementia – in fiction, life writing and film – both reflect and shape the way we think about this important condition. Highlighting the need to attend to embodied and relational aspects of identity in dementia, the study further outlines ways in which narratives may contribute to dementia care, while disputing the idea that the modes of empathy fostered by narrative necessarily bring about more humane care practices. This cross-medial analysis represents an interdisciplinary approach to dementia narratives which range across auto/biography, graphic narrative, novel, film, documentary and collaborative storytelling practices. The book aims to clarify the limits and affordances of narrative, and narrative studies, in relation to an ethically driven medical humanities agenda through the use of case studies. Answering the key question of whether dementia narratives align with or run counter to the dominant discourse of dementia as ‘loss of self’, this innovative book will be of interest to anyone interested in dementia studies, ageing studies, narrative studies in health care, and critical medical humanities.

Losing Church Michael J. Gehring, 2022-01-14 From Ft. Smith, Arkansas, to Princeton, New Jersey, to Kernersville, North Carolina, with a stop along the way in Asbury Park, New Jersey, to pay homage to The Boss, Michael Gehring takes us on his journeys as a pastor at a pivot point in history for the church and the world. Along the way, we meet up with a

fascinating array of characters: Barbara Brown Taylor, Albert Einstein, Ernest Hemingway, Dietrich Bonhoeffer, and Jesus's forerunner, John the Baptist, to name just a few. But it's the questions Gehring raises that make this book not only entertaining, but compelling reading for individuals and small groups: How might the decline of the church lead us into rediscovering the gospel? Did clergy, and all of us for that matter, make a good choice investing in institutional Christianity? How would you describe the emotional price of love? What does living a soulful life look like? With the humility and genuineness of someone who doesn't pretend to have it all figured out, Gehring is the perfect travel companion. Come along.

The Spirit-Baptized Church Frank D. Macchia, 2020-04-16 Frank D. Macchia argues that the Son of God baptized (and continues to baptize) humanity in the Spirit by pouring forth the Spirit on the Day of Pentecost. All four Gospels and the book of Acts describe how the Son is sent of the Father and empowered by the Spirit to fulfil this mission; Macchia in turn claims that Christ succeeds by incorporating others into himself and into the love of the Father. The Spirit-Baptized Church proposes a richly pneumatological ecclesiology that is dominated by a Pentecostal confessional concern, while also open to a larger ecumenical conversation. The volume focuses not only on the dogmatic (Trinitarian) foundations and election processes of the Spirit-baptized church, but also on its marks and witnessing practices. As an exceptionally detailed study of the Spirit-baptismal metaphor, this volume is a valuable resource for scholars of ecclesiology, Pentecostalism, and systematic theology.

Be Visionary Marty Strong, 2022-12-09 Be Visionary: Strategic Leadership in the Age of Optimization is a self-help, business leadership book that demonstrates to existing and aspiring leaders the positive impact of applying flexibility, creativity and decisiveness to achieve results - even in uncertain times. More importantly, this book helps leaders to understand that while business operations optimization may have value in certain circumstances, it can also adversely affect a leader's management style, his or her message and replace strategic thought with short-term focus and gratification. For example, even the most efficient wagon-wheel manufacturer in the early 1900s was put out of business by the invention of the automobile - think and lead strategically!

Violence and Islam Adonis, 2016-10-18 Adonis' influence on Arabic literature has been likened to that of T. S. Eliot in the English-speaking world. Yet alongside this spearheading of a modernist literary revolution, the secular Syrian-born poet is also renowned for his persistent and staunch attacks on despotism across the Arab world. In these conversations with the psychoanalyst Houria Abdelouahed, Adonis brings into sharp relief the latest wave of violence and war to engulf Arabic countries, tracing the cause of ongoing tensions back to the beginnings of Islam itself. Since the death of the prophet Muhammad, Islam has been used as a political and economic weapon, exploiting and reinforcing tribal divisions to aid the pursuit of power. Adonis argues that recent events in the Middle East - from the failures of the Arab Spring to the rise of ISIS and the bloody war in his native Syria - attest to the destructive effects of an Islamic worldview that prohibits any notion of

plurality and breeds violence. If there is to be any hope of peace or progress in the Arab world, it is therefore imperative that these mentalities are overcome. In their place, Adonis urges a new spirit of enquiry, embodied in the freedoms to interrogate the past and to question cultural norms. Adonis' penetrating analysis comes at a critical time, offering an alternative path to the cycle of violence that plagues the Arab world today.

King Richard II Charles R. Forker, 2022-02-10 This revised edition of *King Richard II: Critical Tradition* increases our understanding of the play as it was received and understood by critics, editors and general readers. Updated with a new introduction providing a survey of critical responses to *Richard II* since the 1990s to the present day, this volume offers, in separate sections, both critical opinions about the play across the centuries and an evaluation of their positions within and their impact on the reception of the play. The updated introduction offers an overview of recent criticism on the play in relation to feminist theory, queer theory, performance theory and ecocriticism. The chronological arrangement of the text-excerpts engages the readers in a direct and unbiased dialogue, whereas the introduction offers a critical evaluation from a current stance, including modern theories and methods. Featuring criticism by A.C. Swinburne, Walter Pater, Oscar Wilde and W.B. Yeats, this volume makes a major contribution to our understanding of the play and of the traditions of Shakespearean criticism surrounding it as they have developed from century to century.
