

The Death Of Yugoslavia

Raif Dizdarević

The Death of Yugoslavia Laura Silber, Allan Little, 1995 The Death of Yugoslavia is the first account to go behind the public face of battle and into the closed worlds of the key players in the war. Laura Silber, Balkans correspondent for the Financial Times, and Allan Little, award-winning BBC journalist, plot the road to war and the war itself. They pinpoint the key events that occurred in the capitals of Belgrade and Zagreb, and in villages ravaged by 'ethnic cleansing', and draw on eye-witness testimony, scrupulous research and hundreds of interviews to give unprecedented access to the facts behind the media stories. Challenging the received wisdom that the war occurred as a spontaneous and inevitable eruption of ethnic hatreds, the authors expose, step-by-step, a plan to divide the country by force of arms. Could anything have been done to prevent this terrible tragedy? What will be its lasting effects? The authors consider these questions and assess the present situation and its implications for future international relations.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Balkan Babel Sabrina P. Ramet, 1996-02 Deals with the major strategic issues confronting the US in the post- Cold War era, with an emphasis on the future role of aerospace power, and outlines current political and economic trends as factors in a US grand strategy for the new era. Assesses geopolitical trends in various regions of the world and discusses alternative strategies and their implications for global stability and the preservation of the current US position of preeminence. Of interest to readers in politics, economy, political science, and military studies. No index. c. Book News Inc.

Ethnic Nationalism Bogdan Denis Denitch, 1994 This essential resource provides a cogent, comprehensive historical analysis of Yugoslavia's demise, one that clearly identifies events and trends that urgently demand the world's attention.

From the Death of Tito to the Death of Yugoslavia Raif Dizdarević, 2009

Balkan Babel Sabrina Petra Ramet, 2018-02-19 The fourth edition of this critically acclaimed work includes a new chapter, a new epilogue, and revisions throughout the book. Sabrina Ramet, a veteran observer of the Yugoslav scene, traces the steady deterioration of Yugoslavia's political and social fabric in the years since 1980, arguing that, while the federal system and multiethnic fabric laid down fault lines, the final crisis was sown in the failure to resolve the legitimacy question, triggered by economic deterioration, and pushed forward toward war by Serbian politicians bent on power - either within a centralized Yugoslavia or within an 'ethnically cleansed' Greater Serbia. With her detailed knowledge of the area and

extensive fieldwork, Ramet paints a strikingly original picture of Yugoslavia's demise and the emergence of the Yugoslav successor states.

The Routledge History Handbook of Central and Eastern Europe in the Twentieth Century Jochen Böhrer, Włodzimierz Borodziej, Joachim von Puttkamer, 2022-02-15 Violence analyzes both the violence exerted on the societies of Central and Eastern Europe during the twentieth century by belligerent powers and authoritarian and/or totalitarian regimes and armed conflicts between ethnic, social and national groups, as well as the interaction between these two phenomena. Throughout the twentieth century, Central and Eastern Europe was hit particularly hard by war, violence and repression, with armed conflicts in the Balkans at the start and end of the period and two world wars in between. In the shadow of these full-scale wars, ethnic, social and national conflicts were intensified, found new forms and were violently played out. The interwar period witnessed the emergence of authoritarian states who enforced their claim to power through continued violence against political opponents, stigmatized ethnic, national and social groups, and were themselves fought with subversive or terrorist techniques. This volume focuses specifically on physical violence: war and civil war, ethnic cleansing, systematic starvation policies, deportations and expulsions, forced labour and prison camps, persecution by state security – such as intensive surveillance, which had an enormous impact on the lives of those it affected – and other forms of government oppression and militant resistance. Geographically, it considers the western regions of Belarus and Ukraine as sites of extreme violence that had a noticeable impact on neighbouring Central and Eastern European countries as well. The concluding volume in a four-volume set on Central and Eastern Europe in the twentieth century, it is the go-to resource for those interested in violence in this complex region.

Milosevic Adam LeBor, 2004-01-01 Offers an account of a man who started wars, whose rhetoric whipped up Serb nationalism to a frenzy of ethnic cleansing and yet who retained for a decade the ability to wrap the international community round his little finger.

Our Man George Packer, 2019-05-07 *Finalist for the Pulitzer Prize for Biography* *Winner of the Los Angeles Times Prize for Biography* *Winner of the 2019 Hitchens Prize* Portrays Holbrooke in all of his endearing and exasperating self-willed glory...Both a sweeping diplomatic history and a Shakespearean tragicomedy... If you could read one book to comprehend American's foreign policy and its quixotic forays into quicksands over the past 50 years, this would be it.--Walter Isaacson, The New York Times Book Review By the end of the second page, maybe the third, you will be hooked...There never was a diplomat-activist quite like [Holbrooke], and there seldom has been a book quite like this -- sweeping and sentimental, beguiling and brutal, catty and critical, much like the man himself.--David M. Shribman, The Boston Globe Richard Holbrooke was brilliant, utterly self-absorbed, and possessed of almost inhuman energy and appetites. Admired and detested, he was the force behind the Dayton Accords that ended the Balkan wars, America's greatest diplomatic achievement in the post-Cold

War era. His power lay in an utter belief in himself and his idea of a muscular, generous foreign policy. From his days as a young adviser in Vietnam to his last efforts to end the war in Afghanistan, Holbrooke embodied the postwar American impulse to take the lead on the global stage. But his sharp elbows and tireless self-promotion ensured that he never rose to the highest levels in government that he so desperately coveted. His story is thus the story of America during its era of supremacy: its strength, drive, and sense of possibility, as well as its penchant for overreach and heedless self-confidence. In *Our Man*, drawn from Holbrooke's diaries and papers, we are given a nonfiction narrative that is both intimate and epic in its revelatory portrait of this extraordinary and deeply flawed man and the elite spheres of society and government he inhabited.

Death of the Father John Borneman, 2004 'Death of the Father' is a comparative examination of the crises in symbolic identification and national traumas that have resulted from the defeat and/or implosion of regimes in Fascist Italy, Nazi Germany, Imperial Japan and Communist Eastern Europe.

NATO and the Western Balkans Niall Mulchinock, 2017-03-28 This book provides a critical examination of NATO's evolving strategic and operational roles in the Western Balkans since the disintegration of Yugoslavia in 1991, with a particular focus on Bosnia, Kosovo and the former Yugoslav Republic of Macedonia, in both the conflict and post-conflict phases. While there is a myriad of literature available on the various conflicts that engulfed the former Yugoslavia after the collapse of communism, less has been written on NATO's overall role in these conflicts. This text, therefore, fills the gap, offering a thematic study of NATO's roles and duties in this region from the early 1990s to the present day. The 'levels of analysis' introduced by Mulchinock provide a new framework for examining NATO's response to the Yugoslav wars of secession, focusing on the role of key NATO member states and the role of different NATO Secretaries-General, along with the impact of inter-institutional cooperation (and conflict) with other international organisations.

THE DEATH OF YUGOSLAVIA; BY... & ALLAN LITTLE. Laura Silber, 1995

The Bush Administration (1989-1993) and the Development of a European Security Identity Sophie Vanhoonacker, 2017-11-22 This title was first published in 2001. This compelling study draws insightful conclusions about US foreign policy towards Europe at a critical juncture in the post-Cold War period. An absorbing and illuminating account, this material will be useful to non-specialists and student readers of US foreign policy, European integration, and international relations alike.

The Balkan Puzzle: Unraveling the Intricacies of Yugoslavia's History and Culture Pasquale De Marco, 2025-04-18 Yugoslavia, a nation born from the ashes of the First World War, was a complex and multifaceted entity. Comprising a diverse array of ethnicities, languages, and religions, it was a microcosm of the broader Balkan region. The country's history is marked by both periods of unity and progress, as well as times of conflict and division. In ****The Balkan Puzzle****, we embark on a journey through the annals of Yugoslavia, exploring the intricate tapestry of its history, culture, and identity. We delve

into the factors that led to its formation, the challenges it faced during its existence, and the events that ultimately led to its dissolution. This book provides a comprehensive analysis of Yugoslavia's political, social, and cultural landscape. It examines the role of key historical figures, the impact of major events, and the influence of external powers on the country's trajectory. Through a thorough examination of primary and secondary sources, we aim to provide a nuanced understanding of Yugoslavia's past and its implications for the present. ****The Balkan Puzzle**** sheds light on the factors that contributed to both Yugoslavia's successes and its failures. It explores the challenges of nation-building in a region marked by ethnic and religious diversity, the complexities of managing a socialist economy, and the impact of international relations on the country's fate. This book is an essential resource for anyone seeking a deeper understanding of Yugoslavia's history and its enduring legacy. It is a valuable addition to the literature on the Balkans and a compelling read for anyone interested in the complexities of nation-building, identity, and conflict resolution. Yugoslavia Laura Silber, Allan Little, 1996 This companion book to the series of five hour-long programs premiering on The Discovery Channel in January 1996 helps explain to the broadest range of readers how the country of Yugoslavia arrived at the atrocities that no one could predict when the Berlin Wall collapsed in late 1989. Color photos & maps.

From the Death of Tito to the Death of Yugoslavia Raif Dizdarević, 2009 Marshal Tito's illness and death -- The first post-Tito years: political differences and the first clashes -- Economic crisis and powerless institutions: the first serious split in the party leadership -- The international standing and foreign policy of post-Tito Yugoslavia -- The months of Yugoslavia's destabilization -- The virus of separatism in Slovenia -- Gloomy prognostications at the end of 1988 -- The January crisis -- Kosovo: the country's most challenging political issue -- Role of the armed forces in the Yugoslav crisis -- The world begins to wonder if Yugoslavia can survive -- Finally: the question of all questions.

Kosovo Julie Mertus, 1999-08-09 Explores the foundations of conflict in Kosovo, charging that the international community's failure to support the Albanians in their initial passive resistance to Serbian repression led to violence.

The Soviet Union and Cold War Neutrality and Nonalignment in Europe Mark Kramer, Aryo Makko, Peter Ruggenthaler, 2021-03-22 The Soviet Union and Cold War Neutrality and Nonalignment in Europe examines how the neutral European countries and the Soviet Union interacted after World War II. Amid the Cold War division of Europe into Western and Eastern blocs, several long-time neutral countries abandoned neutrality and joined NATO. Other countries remained neutral but were still perceived as a threat to the Soviet Union's sphere of influence. Based on extensive archival research, this volume offers state-of-the-art essays about relations between Europe's neutral states and the Soviet Union during the Cold War and how these relations were perceived by other powers.

Genocide Adam Jones, 2006-09-27 An invaluable introduction to the subject of genocide, explaining its history from pre-modern times to the present day, with a wide variety of case studies. Recent events in the former Yugoslavia, Rwanda, East

Timor and Iraq have demonstrated with appalling clarity that the threat of genocide is still a major issue within world politics. The book examines the differing interpretations of genocide from psychology, sociology, anthropology and political science and analyzes the influence of race, ethnicity, nationalism and gender on genocides. In the final section, the author examines how we punish those responsible for waging genocide and how the international community can prevent further bloodshed.

Montenegro Kenneth Morrison, 2009-01-23 In May 2006, following a closely and bitterly fought referendum, Montenegro finally regained the status of an independent nation that it had lost in 1918 - the most recent chapter in a highly turbulent history. The tiny Balkan republic's declaration of independence from Serbia represented - barring the final resolution of Kosovo's status - the final stage in the disintegration of what was once Yugoslavia. But how did the Balkans forge this tiny republic? What sets it apart from the other dominant powers in the region? And what will be its future role on the world's stage? 'Montenegro: A Modern History' charts the country's contemporary history in accessible and comprehensive form. Kenneth Morrison explores the forces that have shaped the republic of Montenegro and questions where this will lead in the future, examining the fundamental issues of Montenegrin identity and statehood in a wider European as well as a Balkan context. This full and authoritative modern history is essential reading for everyone interested in the political and social dynamics of one of Europe's youngest states.
