*The New Abolition* Gary J. Dorrien, 2015-01-01 The black social gospel emerged from the trauma of Reconstruction to ask what a new abolition would require in American society. It became an important tradition of religious thought and resistance, helping to create an alternative public sphere of excluded voices and providing the intellectual underpinnings of the civil rights movement. This tradition has been seriously overlooked, despite its immense legacy. In this groundbreaking work, Gary Dorrien describes the early history of the black social gospel from its nineteenth-century founding to its close association in the twentieth century with W. E. B. Du Bois. He offers a new perspective on modern Christianity and the civil rights era by delineating the tradition of social justice theology and activism that led to Martin Luther King Jr.

**Power and Marginalization in Popular Culture** Lisa A. King, 2020-05-21 In many pop culture texts, monsters can be read as metaphors for marginalized Others in U.S. culture. This book applies the philosophical lens of Michel Foucault's normalizing and bio-powers to zombies, vampires, magicians, genetic mutants and others, asking whether these stories of apparent liberation really are so. Exploring a single theme in depth across a series of pop culture texts, this book encourages a radical new understanding of liberation narratives and of political activism as a mechanism of social change.

Ida, in Love and in Trouble Veronica Chambers, 2024-09-10 For fans of *Bridgerton* and *The Davenports* comes a sweeping historical novel from bestselling author Veronica Chambers about courageous (and flirtatious) Ida B. Wells as she navigates society parties and society prejudices to become a civil rights crusader. Before she became a warrior, Ida B. Wells was an incomparable flirt with a quick wit and a dream of becoming a renowned writer. The first child of newly freed parents who thrived in a community that pulsed with hope and possibility after the Civil War, Ida had a big heart, big ambitions, and even bigger questions: How to be a good big sister when her beloved parents perish in a yellow fever epidemic? How to launch her career as a teacher? How to make and keep friends in a society that seems to have no place for a woman who speaks her own mind? And – always top of mind for Ida – how to find a love that will let her be the woman she dreams of becoming? Ahead of her time by decades, Ida B. Wells pioneered the field of investigative journalism with her powerful reporting on violence against African Americans. Her name became synonymous with courage and an unflinching demand for racial and gender equality. But there were so many facets to Ida Bell and critically acclaimed writer Veronica Chamber

unspools her full and colorful life as Ida comes of age in the rapidly changing South, filled with lavish society dances and parties, swoon-worthy gentleman callers, and a world ripe for the taking.

**A Darkly Radiant Vision** Gary Dorrien, 2023-07-25 The third and final volume in the first comprehensive history of Black social Christianity, by the “greatest theological ethicist of the twenty-first century” (Michael Eric Dyson) The Black social gospel is a tradition of unsurpassed and ongoing importance in American life, argues Gary Dorrien in his groundbreaking trilogy on the history of Black social Christianity. This concluding volume, an interpretation of the tradition since the early 1970s, follows Dorrien’s award-winning *The New Abolition: W. E. B. Du Bois and the Black Social Gospel* and *Breaking White Supremacy: Martin Luther King Jr. and the Black Social Gospel*. Beginning in the shadow of Martin Luther King Jr., Dorrien examines the past fifty years of this intellectual and activist tradition, interpreting its politics, theology, ethics, social criticism, and social justice organizing. He argues that Black social Christianity is today an intersectional tradition of discourse and activist religion that interrelates liberation theology, womanist theology, antiracist politics, LGBTQ+ theory, cultural criticism, progressive religion, broad-based interfaith organizing, and global solidarity politics. *A Darkly Radiant Vision* features in-depth discussions of Andrew Young, Jesse Jackson, Samuel DeWitt Proctor, Gayraud Wilmore, James Cone, Cornel West, Katie Geneva Cannon, Stacey Floyd-Thomas, Traci Blackmon, William J. Barber II, Raphael G. Warnock, and many others.

*To Tell the Truth Freely* Mia Bay, 2010-02-02 Born to slaves in 1862, Ida B. Wells became a fearless antilynching crusader, women's rights advocate, and journalist. Wells's refusal to accept any compromise on racial inequality caused her to be labeled a dangerous radical in her day but made her a model for later civil rights activists as well as a powerful witness to the troubled racial politics of her era. In the richly illustrated *To Tell the Truth Freely*, the historian Mia Bay vividly captures Wells's legacy and life, from her childhood in Mississippi to her early career in late nineteenth-century Memphis and her later life in Progressive-era Chicago. Wells's fight for racial and gender justice began in 1883, when she was a young schoolteacher who traveled to her rural schoolhouse by rail. Forcibly ejected from her seat on a train one day on account of her race, Wells immediately sued the railroad. Though she ultimately lost her case on appeal in the Supreme Court of Tennessee, the published account of her legal challenge to Jim Crow changed her life, propelling her into a career as an outspoken journalist and social activist. Also a fierce critic of the racial violence that marked her era, Wells went on to launch a crusade against lynching that took her across the United States and eventually to Britain. Though she helped found the NAACP in 1910 after resettling in Chicago, she would not remain a member for long. Always militant in her quest for racial justice, Wells rejected not only Booker T. Washington's accommodationism but also the moderating influence of white reformers within the early NAACP. The life of Ida B. Wells and her enduring achievements are dramatically recovered in Mia Bay's *To Tell the Truth Freely*.

*American Heroes* Martin Feess, 2018-06-21 America is a work in progress. We celebrate the heroes of the past, not for their glory but for their inspiration, with the firm belief that any individual in America can do anything if he or she has the talent and the determination. No one is limited by class, gender, birth, or skin color. While important American leaders have included Washington, Jefferson, Madison, and Lincoln, they have also included Booker T. Washington and W. E. B. Du Bois, Dorothea Dix, Eleanor Roosevelt, and Martin Luther King Jr. We celebrate the courage of Daniel Inouye, Jackie Robinson, Tecumseh, Muhammad Ali, and Ida Wells. We celebrate the humanity of Will Rogers, Jane Addams, Oprah Winfrey, and Bill and Melinda Gates. We are inspired by the achievements of Andrew Carnegie, Wilma Mankiller, Gloria Steinem, Duke Ellington, and Steven Spielberg, along with the dedicated public service of Thurgood Marshall, Margaret Sanger, Jaime Escalante, Elizabeth Cady Stanton, and Cesar Chavez. In *American Heroes*, Martin Feess allows these and other American heroes to speak for themselves in their deeds and their own words.

**Lynching and Leisure** Terry Anne Scott, 2022-03-04 Winner, 2022 Ottis Lock Endowment “Best Book” Award from the East Texas Historical Association In *Lynching and Leisure*, Terry Anne Scott examines how white Texans transformed lynching from a largely clandestine strategy of extralegal punishment into a form of racialized recreation in which crowd involvement was integral to the mode and methods of the violence. Scott powerfully documents how lynchings came to function not only as tools for debasing the status of Black people but also as highly anticipated occasions for entertainment, making memories with friends and neighbors, and reifying whiteness. In focusing on the sense of pleasure and normality that prevailed among the white spectatorship, this comprehensive study of Texas lynchings sheds new light on the practice understood as one of the chief strategies of racial domination in the nineteenth- and twentieth-century South.

*The Regulations of Robbers* Christina Accomando, 2001 In *The Regulations of Robbers*, Christina Accomando examines legal, political, and literary discourses of slavery and resistance through the works of judges, lawmakers, and former slaves. She builds on the words of Harriet Jacobs - I regarded such laws as the regulations of robbers, who had no rights that I was bound to respect - and advocates a methodology of multiple perspectives, exposing the false neutrality of legal discourse and turning attention to stories that have been suppressed. Accomando analyzes Sojourner Truth (who initiated lawsuits and petitioned Congress) and Harriet Jacobs (who shaped her autobiography into legal critique) as legal actors who challenged nineteenth-century legal constructions of African Americans. She argues that laws governing slave behavior, racial identity, miscegenation, rape, reproduction, literacy, and property defined African Americans as nonhumans, with dangerous sexuality and nonexistent subjectivity. She traces how nineteenth-century constructions of race and gender continue to inform modern policy discussions. Accomando's analysis of slavery and resistance reveals the entrenched racism in U.S. law and also points to concrete opportu

Empire, Race and the Politics of Anti-Caste Caroline Bressey, 2013-12-19 Winner of the Women's History Network Prize 2014 Winner of the Robert and Vineta Colby Scholarly Book Prize 2015 Empire, Race and the Politics of Anti-Caste provides the first comprehensive biography of Catherine Impey and her radical political magazine, Anti-Caste. Published monthly from 1888, Anti-Caste published articles that exposed and condemned racial prejudice across the British Empire and the United States. Editing the magazine from her home in Street, Somerset, Impey welcomed African and Asian activists and made Street an important stop on the political tour for numerous foreign guests, reorienting geographies of political activism that usually locate anti-racist politics within urban areas. The production of Anti-Caste marks an important moment in early progressive politics in Britain and, using a wealth of archival sources, this book offers a thorough exploration both of the publication and its founder for those interested in imperial history and the history of women.

Black Liberation Through the Marketplace Rachel S. Ferguson, Marcus M. Witcher, 2022-05-10 In this book, we use the classical liberal lens to ask Americans on the political right to seriously reckon with America's deep racial pain—much of which arises from violations of rights that conservatives say they deeply value, such as property rights, freedom of contract, and the protection of the rule of law. We ask those on the left to take a hard look at the failed paternalism, and in some cases, thoroughgoing racism of past progressive policy. All Americans are asked to apply their concern for individual rights and constitutional order fairly to our historical record. What readers will find are deep injustices against black Americans. But they will also find black entrepreneurs overcoming amazing obstacles and a black community that has created flourishing institutions and culture. Exhausted by extremism on both left and right, a majority of Americans—black and white—love this country and want to do right by all of its citizens. In *Black Liberation Through the Marketplace*, readers will come away with a better understanding of black history and creative ideas for how to make this nation truly one with liberty and justice for all.

**"They Say"** James West Davidson, 2008-07-21 Between 1880 and 1930, Southern mobs hanged, burned, and otherwise tortured to death at least 3,300 African Americans. And yet the rest of the nation largely ignored the horror of lynching or took it for granted, until a young schoolteacher from Tennessee raised her voice. Her name was Ida B. Wells. In *They Say*, historian James West Davidson recounts the first thirty years of this passionate woman's life—as well as the story of the great struggle over the meaning of race in post-emancipation America. Davidson captures the breathtaking, often chaotic changes that swept the South as Wells grew up in Holly Springs, Mississippi: the spread of education among the free blacks, the rise of political activism, the bitter struggles for equality in the face of entrenched social custom. As Wells came of age she moved to bustling Memphis, eager to worship at the city's many churches (black and white), to take elocution lessons and perform Shakespeare at evening soirées, to court and spark with the young men taken by her beauty. But Wells' quest for fulfillment

was thwarted as whites increasingly used race as a barrier separating African Americans from mainstream America. Davidson traces the crosscurrents of these cultural conflicts through Ida Wells' forceful personality. When a conductor threw her off a train for not retreating to the segregated car, she sued the railroad--and won. When she protested conditions in the segregated Memphis schools, she was fired--and took up full-time journalism. And in 1892, when an explosive lynching rocked Memphis, she embarked full-blown on the career for which she is now remembered, as an outspoken writer and lecturer against lynching. Richly researched and deftly written, *They Say* offers a gripping portrait of the young Ida B. Wells, shedding light not only on how one black American defined her own aspirations and her people's freedom, but also on the changing meaning of race in America.

**Faith in Black Power** Kerry Pimblott, 2017-01-20 In 1969, nineteen-year-old Robert Hunt was found dead in the Cairo, Illinois, police station. The white authorities ruled the death a suicide, but many members of the African American community believed that Hunt had been murdered—a sentiment that sparked rebellions and protests across the city. Cairo suddenly emerged as an important battleground for black survival in America and became a focus for many civil rights groups, including the NAACP. The United Front, a black power organization founded and led by Reverend Charles Koen, also mobilized—thanks in large part to the support of local Christian congregations. In this vital reassessment of the impact of religion on the black power movement, Kerry Pimblott presents a nuanced discussion of the ways in which black churches supported and shaped the United Front. She deftly challenges conventional narratives of the de-Christianization of the movement, revealing that Cairoites embraced both old-time religion and revolutionary thought. Not only did the faithful fund the mass direct-action strategies of the United Front, but activists also engaged the literature on black theology, invited theologians to speak at their rallies, and sent potential leaders to train at seminaries. Pimblott also investigates the impact of female leaders on the organization and their influence on young activists, offering new perspectives on the hypermasculine image of black power. Based on extensive primary research, this groundbreaking book contributes to and complicates the history of the black freedom struggle in America. It not only adds a new element to the study of African American religion but also illuminates the relationship between black churches and black politics during this tumultuous era.

*Free at Last!* Doreen Rappaport, 2004 Describes the experiences of African Americans in the South, from the Emancipation in 1863 to the 1954 Supreme Court decision that declared school segregation illegal.

*The Human Tradition in the Gilded Age and Progressive Era* Ballard C. Campbell, 2000 The period between 1870 and 1920 was one of the most dynamic in American history. This era witnessed the invention of the automobile, the establishment of women's suffrage, and the opening of the Panama Canal. While a time of great advancement, the Gilded Age and Progressive Era were also periods of uncertainty as Americans coped with corrupt politicians, unchecked big business, and a vast influx of immigrants. SR Books offers a new approach to this time period in its book *The Human Tradition in the Gilded*

Age and Progressive Era. This volume looks at the experiences of 13 people who contributed to the shaping of American culture and thought during this period. These concise accounts are written by leading historians and give students an intimate view of history. This is an excellent text for courses in American studies.

The Fieldston Guide to American History for Cynical Beginners Jim Cullen, 2005-03 Are You a Cynical Beginner? You may not have a Ph.D. in history, but you already know -- or can readily believe -- that Columbus didn't exactly discover America. Or that the man who wrote the Declaration of Independence was a slaveholder. Or that our leaders may not be entirely committed to the effort to make sure that in fact no child is left behind. But the truth of individual lives can be more compelling than they initially appear: surprising, informative, and maybe even inspiring. This book explores a few such lives, and the lessons they offer in ways that might actually mean something outside a classroom. These biographical case studies -- which include General George Washington, who was once invited to lead a military coup against the new American government; Ida Wells, who responded to lynchings by publicly mocking the manhood of those who murdered African Americans; and Eugene Debs, who chose to go to jail to protect free speech -- explore a series of questions. How does one keep true to one's principles in the face of social pressure? What strategies work best in addressing your opponents? Can public acts atone for private flaws? In different ways, the profiles in courage here provide answers to these questions -- not definitive answers, but real ones. You can weigh them, accept them, reject them, or -- who knows? -- maybe even apply them. You may not end up any less cynical after leafing through this book. But you will be less of a beginner.

**Africana Philosophy from Ancient Egypt to the Nineteenth Century** Peter Adamson, Chike Jeffers, 2025-03-07 In this latest instalment of the series *A History of Philosophy Without Any Gaps*, Peter Adamson and Chike Jeffers delve into the fascinating world of Africana Philosophy. *Africana Philosophy from Ancient Egypt to the Nineteenth Century* is the first of two volumes in the *History of Philosophy Without Any Gaps* series to bring readers the story of Africana philosophy. This diverse topic is defined as philosophy emerging from and distinctively related to Africa or the African diaspora. The story starts at the very beginning by asking what it would mean to engage philosophically with evidence left by prehistoric peoples of Africa, and proceeds to discuss the philosophical traditions of ancient Egypt, late ancient and early modern Ethiopia, and Islamic philosophy in West Africa. A number of chapters then explore the idea of philosophy in African oral traditions, considering the methodological debates that have raged between African philosophers like John Mbiti, Paulin Hountondji, and Henry Odera Oruka. Peter Adamson and Chike Jeffers also consider philosophical responses to the situation brought about by the transatlantic slave trade and the early colonization of Africa. Starting from early figures like Anton Wilhelm Amo and Phillis Wheatley, and the ideas that drove the Haitian Revolution, extensive discussion is then given to Africana philosophy of the nineteenth century. The incendiary ideas of David Walker, the nuanced rhetoric of Frederick Douglass, and the clashing approaches of Booker T. Washington and W.E.B. Du Bois are among the highlights here. Significant attention is

given to female thinkers like Maria W. Stewart, Sojourner Truth, Anna Julia Cooper, and Ida B. Wells. The coverage is also geographically diverse, with chapters on figures who worked not only in Africa and the United States, but also Brazil, Canada, Britain, France, and the Caribbean.

*Voices of Revolution* Rodger Streitmatter, 2001-08-20 Streitmatter tells the stories of dissident American publications and press movements of the last two centuries, and of the colorful individuals behind them. From publications that fought for the disenfranchised to those that promoted social reform, *Voices of Revolution* examines the abolitionist and labor press, black power publications of the 1960s, the crusade against the barbarism of lynching, the women's movement, and antiwar journals. Streitmatter also discusses gay and lesbian publications, contemporary on-line journals, and counterculture papers like *The Kudzu* and *The Berkeley Barb* that flourished in the 1960s. *Voices of Revolution* also identifies and discusses some of the distinctive characteristics shared by the genres of the dissident press that rose to prominence—from the early nineteenth century to the late twentieth century. For far too long, mainstream journalists and even some media scholars have viewed radical, leftist, or progressive periodicals in America as rags edited by crackpots. However, many of these dissident presses have shaped the way Americans think about social and political issues.

**The Light of Truth** Ida B. Wells, 2014-11-25 The broadest and most comprehensive collection of writings available by an early civil and women's rights pioneer Seventy-one years before Rosa Parks's courageous act of resistance, police dragged a young black journalist named Ida B. Wells off a train for refusing to give up her seat. The experience shaped Wells's career, and—when hate crimes touched her life personally—she mounted what was to become her life's work: an anti-lynching crusade that captured international attention. This volume covers the entire scope of Wells's remarkable career, collecting her early writings, articles exposing the horrors of lynching, essays from her travels abroad, and her later journalism. *The Light of Truth* is both an invaluable resource for study and a testament to Wells's long career as a civil rights activist.
