The Routledge Companion to Jazz and Gender James Reddan,Monika Herzig,Michael Kahr,2022-08-19 The Routledge Companion to Jazz and Gender identifies, defines, and interrogates the construct of gender in all forms of jazz, jazz culture, and education, shaping and transforming the conversation in response to changing cultural and societal norms across the globe. Such interrogation requires consideration of gender from multiple viewpoints, from scholars and artists at various points in their careers. This edited collection of 38 essays gathers the diverse perspectives of contributors from four continents, exploring the nuanced (and at times controversial) construct of gender as it relates to jazz music, in the past and present, in four parts: Historical Perspectives Identity and Culture Society and Education Policy and Advocacy Acknowledging the art form's troubled relationship with gender, contributors seek to define the construct to include all possible definitions—not only female and male—without binary limitations, contextualizing gender and jazz in both place and time. As gender identity becomes an increasingly important consideration in both education and scholarship, The Routledge Companion to Jazz and Gender provides a broad and inclusive resource of research for the academic community, addressing an urgent need to reconcile the construct of gender in jazz in all its forms.

**Learning Privilege** Adam Howard,2013-01-11 How can teachers bridge the gap between their commitments to social justice and their day to day practice? This is the question author Adam Howard asked as he began teaching at an elite private school and the question that led him to conduct a six-year study on affluent schooling. Unfamiliar with the educational landscape of privilege and abundance, he began exploring the burning questions he had as a teacher on the lessons affluent students are taught in schooling about their place in the world, their relationships with others, and who they are. Grounded in an extensive ethnographic account, Learning Privilege examines the concept of privilege itself and the cultural and social processes in schooling that reinforce and regenerate privilege. Howard explores what educators, students and families at elite schools value most in education and how these values guide ways of knowing and doing that both create high standards for their educational programs and reinforce privilege as a collective identity. This book illustrates the ways that affluent students construct their own privilege,not, fundamentally, as what they have, but, rather, as who they are.

*Burlesque West* Becki Ross,2009-07-25 After the Second World War, Vancouver emerged as a hotbed of striptease talent. In *Burlesque West*,the first critical history of this notorious striptease scene, Becki Ross delves into the erotic entertainment

industry at the northern end of the dancers' west coast tour - the North-South route from Los Angeles to Vancouver that provided rotating work for dancers and variety for club clientele. Drawing on extensive archival materials and fifty first-person accounts of former dancers, strip-club owners, booking agents, choreographers, and musicians, Ross reveals stories that are deeply flavoured with an era before striptease fell from grace because the world stopped dreaming, in the words of ex-dancer Lindalee Tracey. Though jobs in this particular industry are often perceived as having little in common with other sorts of work, retired dancers' accounts resonate surprisingly with those of contemporary service workers, including perceptions of unionization and workplace benefits and hazards. Ross also traces the sanitization and subsequent integration of striptease style and neo-burlesque trends into mass culture, examining continuity and change to ultimately demonstrate that Vancouver's glitzy nightclub scene, often condemned as a quasi-legal strain of urban blight, in fact greased the economic engine of the post-war city. Provocative and challenging, *Burlesque West* combines the economic, the social, the sexual, and the personal, and is sure to intellectually tantalize.

**Have Him at Hello** Rachel Greenwald, 2010-03-09 There's a reason the media has dubbed matchmaker Rachel Greenwald as "The Wife Maker." Yes, she's responsible for over 750 marriages, but more importantly, she has solved perhaps the biggest dating mystery of all time: when you finally meet Mr. Right (or even Mr. Potential), what really compels him to call back (or not) after a date? Armed with her Harvard MBA, Rachel embarked on a fascinating ten-year research project to decipher this puzzle. In *Have Him at Hello*, she applies her business savvy to the dating world by conducting in-depth "exit interviews" with 1,000 single men, asking why they called back one woman, but not another. By refusing to accept the post-date brush-off like "There wasn't any chemistry..." or the excited, but equally vague evening recap, "We hit it off!" Rachel extracted unabashedly honest and raw details. It turns out there are clear, tangible, consistent reasons why marriage-minded men either fall for you or disappear. The surprising "Top 5 Date Makers" and "Top 10 Date Breakers" revealed in this book can actually change your fate when Mr. Right finally comes along. Rachel's goal isn't for you to pretend to be someone you're not, but rather to keep the ball in your court. By using her innovative research and tips as a guide, more men will ask to see you again ; then you can do the selecting, rather than wondering if they'll call. Because information is power, this book will make your first hello a lasting one.

*Have a Little Faith in Me* Brad Vance,2016-06-05 When Rocky met Dex, it was hate at first sight. Country superstar Dex Dexter represented everything that budding rock star Rocky McCoy had left behind him in the Deep South – the religion, the homophobia, the hypocrisy, the lies. And Rocky represented everything that Dex had denied, had turned away from, had refused... When Rocky met Dex, it was love at first touch. Double booked in the same slot on the main stage at CrossFest, they fought for the microphone like two dogs fighting over a bone. And when their hands met... Rocky has had enough. “No more falling for straight guys. No way. No matter how hot. Especially if the ‘straight guy’ looks to me like a major closet case.” Dex has had enough. “No way. I can’t be gay. I can’t lose my family, my friends, my career. I can’t.” What they’ve had enough of doesn’t matter. It’s what they’ve never had enough of that will bring them together...

**New Constellations** Pamela Robertson Wojcik,2012-01-01 American culture changed radically over the course of the 1960s, and the culture of Hollywood was no exception. The film industry began the decade confidently churning out epic spectacles and lavish musicals, but became flummoxed as new aesthetics and modes of production emerged, and low-budget youth pictures like *Easy Rider* became commercial hits. *New Constellations: Movie Stars of the 1960s* tells the story of the final glory days of the studio system and changing conceptions of stardom, considering such Hollywood icons as Elizabeth Taylor and Paul Newman alongside such hallmarks of youth culture as Mia Farrow and Dustin Hoffman. Others, like Sidney Poitier and Peter Sellers, took advantage of the developing independent and international film markets to craft truly groundbreaking screen personae. And some were simply “famous for being famous,” with celebrities like Zsa Zsa Gabor and Edie Sedgwick paving the way for today’s reality stars.

The yearbook includes every review Ebert has written from January 2007 to July 2009. It also includes interviews, essays, tributes, and all-new questions and answers from his Questions for the Movie Answer Man columns.
