Enquête sur la théorie du genre Esther Pivet,2019-03-14 « La théorie du genre n'existe pas », proclamait la ministre de l'Éducation nationale Najat Vallaud-Belkacem. Et pourtant, cela fait presque dix ans que la porte de l'école s'est ouverte à

cette idéologie prônant la déconstruction des « stéréotypes sexués », qui nous seraient imposés par la culture et l'éducation... Autrement dit, on ne naîtrait pas fille ou garçon, on nous imposerait de le devenir. Sous couvert de légitimes combats pour l'égalité des sexes et contre l'homophobie, cette entreprise de déconstruction vient toucher les plus jeunes sans que leurs parents en soient informés et puissent réagir. Et ce n'est pas fini... Programmes, manuels, livres, spectacles, éducation à la sexualité, interventions d'associations militantes, mais aussi lobbying dans les entreprises et la culture, politiques publiques, tous les moyens d'action employés par les tenants du genre sont passés au crible. Ce livre veut être un cri d'alarme, preuves à l'appui, au sujet de cette confusion qui se répand, et qui peut faire des ravages chez les enfants et les jeunes. Esther Pivet, polytechnicienne, mariée et mère de quatre enfants, est la coordinatrice du collectif VigiGender, qui assure un travail d'information auprès des parents et des enseignants sur la diffusion de la théorie du genre à l'école.

LIVRES DU MOIS JUILLET-AOUT 2001, 2001

Le théâtre Martine David, 1996 Du culte dionysiaque de l'antiquité aux formes les plus contemporaines, le théâtre a pris au fil des siècles des visages multiples. Écriture accomplie ou improvisation, spectacle initiatique ou pur divertissement, comédie ou tragédie, toutes les formes de jeu et de relation avec le spectateur continuent de cohabiter et traversent le temps. Ce livre examine toutes les composantes de l'écriture et de la représentation théâtrale : typologie des œuvres et des personnages, structure et temps de l'action, mais aussi statut du comédien, lieux de la représentation, techniques de la scénographie. Nous suivons dans leur complexité le travail des gens de théâtre, l'ambiguïté des relations qui se nouent entre la scène et le public. En fin d'ouvrage, un répertoire chronologique (œuvres et auteurs), une bibliographie, un index des notions et un index des noms propres permettent une consultation aisée et un approfondissement de la lecture.
