English Translation of the Holy Quran Maulana Muhammad Ali, 2011-01-19 Language updated and notes abridged by the Editor. The English translation of the Holy Quran with extensive explanatory footnotes, by Maulana Muhammad Ali (d. 1951), was first published in 1917. Due to changes in the usage and teaching of English in the second half of the twentieth century, such a reader today is much less familiar with certain forms and styles of literary expression used in the translation than was the case with previous generations. To bring the language closer to the general readership, it became necessary to replace some expressions by more modern forms. This has been my aim in producing the present updated version of the translation.

Quran: A Simple English Translation (Goodword ! Koran) Maulana Wahiduddin Khan (Translator) ,2013-12-19 The Quran, a book which brings glad tidings to mankind along with divine admonition, stresses the importance of man's discovery of truth on both spiritual and intellectual planes. Every book has its objective and the objective of the Quran is to make man aware of the Creation plan of God. That is, to tell man why God created this world; what the purpose is of settling man on earth; what is required from man in his pre-death life span, and what he is going to confront after death. The purpose of the Quran is to make man aware of this reality, thus serving to guide man on his entire journey through life into the after-life. The main themes of the Quran are enlightenment, closeness to God, peace and spirituality. The Quran uses several terms, tawassum, tadabbur, and tafakkur, which indicate the learning of lessons through reflection, thinking and contemplation on the signs of God scattered across the world. The present translation of the Quran and its explanatory notes are written keeping in mind these very themes. Koran, Qur'an, Coran, Kuran, Islam, Prophet Muhmmad

Islam Neal Robinson,2013-11-05 This user-friendly reference work provides an accessible introduction to Islam for the general reader and student alike. It presents a historical overview, a description of Islam as a living faith along with a discussion of the problems raised by Western perceptions of Islam. Including key dates and simple definitions, the book provides readers with explanations of technical matters such as the structure of Arabic names and the various ways of transliterating Arabic.

Prophets in the Quran Brannon M. Wheeler,2002-06-18 What was the name of Noah's son who did not survive the Flood? Why do Pharaoh and Haman build the Tower of Babel? For what reasons does Moses travel to the ends of the Earth? Who is the 'Horned-One' who holds back Gog and Magog until the Day of Judgement? These are some of the questions answered in the oral sources and Quran commentaries on the stories of the prophets as they are understood by Muslims. Designed as an introduction to the Quran with particular emphasis on parallels with Biblical tradition, this book provides a concise but detailed overview of Muslim prophets from Adam to Muhammad. Each of the chapters is organized around a particular prophet, including an English translation of the relevant verses of the Quran and a wide selection of classical, medieval and

modern Muslim commentaries on those verses. Quran commentaries include references to Sunni and Shi'i sources from Spain, Central Asia, the Middle East and Africa. An extensive glossary provides an annotated list of all scholarly transmitters and cited texts with suggestions for further reading. This is an excellent book for undergraduate courses, and students in divinity and seminary programmes. Comparisons between the Quran and Bible, and among Jewish, Christian and Islamic exegesis are highlighted. Oral sources, references adapted from apocryphal and pseudepigraphical works, and inter-religious dialogue are all evident throughout these stories of the prophets. This material shows how the Quran and its interpretation are integral to a fuller and more discerning understanding of the Bible and its place in the history of Western religion.
