Léo Pomar

Unbelievable Graham Ward, 2014-09-30 Why believe? What kinds of things do people believe in? How have they come to believe them? And how does what they believe - or disbelieve - shape their lives and the meaning the world has for them? For Graham Ward, who is one of the most innovative writers on contemporary religion, these questions are more than just academic. They go to the heart not only of who but of what we are as human beings. Over the last thirty years, our understandings of mind and consciousness have changed in important ways through exciting new developments in neuroscience. The author addresses this quantum shift by exploring the biology of believing. He offers sustained reflection on perception, cognition, time, emotional intelligence, knowledge and sensation. Though the 'truth' of belief remains under increasing attack, in a thoroughly secularised context, Ward boldly argues that secularity is itself a form of believing. Pointing to the places where prayer and dreams intersect, this book offers a remarkable journey through philosophy, theology and culture, thereby revealing the true nature of the human condition.

Health in Transition Andrew J Macnab, Abdallah Daar, Christoff Pauw, 2021-01-26 At STIAS, the 'Health in Transition' theme includes a programme to address the epidemic rise in the incidence of non-communicable diseases (NCDs) such as Type 2 diabetes, hypertension, obesity, coronary heart disease and stroke in Africa. The aim is to advance awareness, research capacity and knowledge translation of science related to the Developmental Origins of Health and Disease (DOHaD) as a means of preventing NCDs in future generations. Application of DOHaD science is a promising avenue for prevention, as this field is identifying how health and nutrition from conception through the first 1 000 days of life can dramatically impact a developing individual's future life course, and specifically predicate whether or not they are programmed in infancy to develop NCDs in later life. Prevention of NCDs is an essential strategy as, if unchecked, the burden of caring for a growing and ageing population with these diseases threatens to consume entire health budgets, as well as negatively impact the quality of life of millions. Africa in particular needs specific, focussed endeavors to realize the maximal preventive potential of DOHaD science, and a means of generating governmental and public awareness about the links between health in infancy and disease in adult life. This volume summarizes the expertise and experience of a leading group of international scientists led by Abdallah Daar brought together at STIAS as part of the 'Health in Transition' programme.

Black Widow Underestimated and Hypersexualized Paul Lee Thomas II, 2025-06-12 Superhero Black Widow/

Natasha Romanov has endured more than 60 years in the Marvel Universe before becoming a prominent character in the Marvel Cinematic Universe with the Avengers; however, this volume examines how this woman character has mostly been underestimated and hypersexualized. The overview and analysis explore the contradiction between Black Widow's enduring popularity and the limited commitment to her solo series and character development in print. This discussion centers Black Widow as a representation of the inadequate care and commitment given to women characters in mainstream superhero comics.

Themes and Images in the Medieval English Religious Lyric Douglas Gray,2019-07-05 Originally published in 1972, Themes and Images in the Medieval English Religious Lyric discusses themes and images in religious lyric poetry in Medieval English poetry. The book looks at the affect that tradition and convention had on the religious poetry of the medieval period. It examines the background of the lyrics, including the Latin tradition which was inherited by medieval vernacular and shows how religious lyric poetry presents, through a rich variety of images, the significant incidents in the scheme of Christ's redemption, such as the Annunciation, the Nativity, the Passion and the Resurrection. It also considers the lyrics which were designed to assist humanity in the task of living in a Christian life, as well as those which prepared them for death.

Electric Light Orchestra on Track Barry Delve, 2022-08-04 2021 marks the 50th anniversary of the release of the first Electric Light Orchestra album. The ELO story is one of continued success for over 50 years. From inauspicious beginnings in 1971, where live audiences barely reached double figures, ELO would become one of the most popular bands in the world by the end of the decade, thanks largely to the songwriting and production talents of Jeff Lynne. There were hits such as ‘Evil Woman’, ‘Mr. Blue Sky and ‘Don’t Bring Me Down’; multi-platinum albums like *Out Of The Blue* and *Discovery*, and, of

course, their spectacular stage shows. Although ELO finally called it a day in 1986, they re-emerged in 2014 as Jeff Lynne's ELO, playing a triumphant comeback concert at London's Hyde Park. Since then, they haven't looked back, releasing further albums to critical and public acclaim, culminating in ELO's biggest ever live show at Wembley Stadium and 2019's chart topping album, *From Out Of Nowhere*. As well as examining all of ELO's recorded catalogue, the author has spoken to many people who have been involved with the band over the decades, uncovering along the way previously unseen photographs and new information about the group and their recordings, making this one of the most comprehensive guides to ELO ever published. Barry Delve is an author and artist. He is acknowledged as the foremost ELO expert in the Chilterns, if not the whole of South Buckinghamshire. He is married and has managed to hold down a job as a graphic designer for most of his working life. He lives in Buckinghamshire, UK.

The Complete Lyrics of Alan Jay Lerner Dominic McHugh, Amy Asch, 2018-02-01 Alan Jay Lerner wrote the lyrics for some of the most beloved musicals in Broadway and Hollywood history. Most notably, with composer Frederick Loewe he created enduring hits such as *My Fair Lady*, *Gigi*, *Camelot*, and *Brigadoon*. In *The Complete Lyrics of Alan Jay Lerner*, editors and annotators Dominic McHugh and Amy Asch bring all of Lerner's lyrics together for the first time, including numerous draft or alternate versions and songs cut from the shows. Compiled from dozens of archival collections, this invaluable resource and authoritative reference includes both Lerner's classic works and numerous discoveries, including his unproduced MGM movie *Huckleberry Finn*, selections from his college musicals, and lyrics from three different versions of *Paint Your Wagon*. This collection also includes extensive material from Lerner's two most ambitious musicals: *Love Life*, to music by Kurt Weill, and *1600 Pennsylvania Avenue*, which Lerner wrote with Leonard Bernstein.

Catalog of Copyright Entries, Third Series, 1967 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc.).

The Complete Annotated Grateful Dead Lyrics, 2014-12-16 Celebrate the fiftieth anniversary of the most popular and enduring band ever: "Even the most hardcore Deadheads will be impressed by this obsessively complete look at the Grateful Dead's lyrics" (Publishers Weekly). *The Complete Annotated Grateful Dead Lyrics* is an authoritative text, providing standard versions of all the original songs you thought you knew forwards and backwards. These are some of the best-loved songs in the modern American songbook. They are hummed and spoken among thousands as counterculture code and recorded by musicians of all stripes for their inimitable singability and obscure accessibility. How do they do all this? To provide a context for this formidable body of work, of which his part is primary, Robert Hunter has written a foreword that goes to the heart of the matter. And the annotations on sources provide a gloss on the lyrics, which goes to the roots of Western culture as they are incorporated into them. An avid Grateful Dead concertgoer for more than two decades, David Dodd is a librarian who

brings to the work a detective's love of following a clue as far as it will take him. Including essays by Dead lyricists Robert Hunter and John Perry and Jim Carpenter's original illustrations, whimsical elements in the lyrics are brought to light, showcasing the American legend that is present in so many songs. A gorgeous keepsake edition of the Dead's official annotated lyrics, *The Complete Annotated Grateful Dead Lyrics* is an absolute must-have for the fiftieth anniversary—you won't think of this cultural icon the same way again. In fact, founding band member Bob Weir said: "This book is great. Now I'll never have to explain myself."

German Lyric Poetry Siegbert Prawer,2020-01-31 Originally published in 1952, this book provides a detailed critical analysis of 40 German lyrics. All the poems analysed are reprinted in full, so that criticism may be checked by reference to the original text.
