The Shepherd Frederick Forsyth,2012-10-30 Christmas Eve, 1957: An RAF pilot needs a miracle to make it home as his fighter jet begins to fail, in a story by the #1 New York Times–bestselling author. It is Christmas Eve, 1957, and there are cozier places to be than the cockpit of a de Havilland Vampire fighter plane. But for the Royal Air Force pilot who has just taken off from West Germany, this single-seat jet is the only way to make it back to England for Christmas morning. His flight plan is simple; the fuel tank is full. In sixty-six minutes, he will be back in Blighty. But then the plane begins to fail. First the compass goes haywire, then the radio dies. Lost and alone above the English coast, the pilot is searching for a landing strip when the fog closes in, signaling certain death. He has given up hope when a second shadow appears—a Mosquito fighter-bomber of World War II vintage. The plane is a “shepherd,” guiding the Vampire to a safe landing, and its appearance is a gift from fate, a miracle out of time—but for one lonely pilot, the mystery has just begun. A classic bestseller, beloved by aviation fans (including actor John Travolta, who calls it “one of my favorites because it personalizes the two planes”) and general readers alike, *The Shepherd* is a gripping, heartwarming tale for a cold winter’s night.

*The Shepherd* Frederick Forsyth,1960-06-01 A pilot and his plane are saved by a mysterious World War I aircraft.

Frederick Forsyth Craig Cabell,2001 Written with exclusive access to Frederick Forsyth and supported in full by him, this official book provides an in-depth look at the novelist and his work. Using previously unpublished material, and drawing from several extensive interviews with Forsyth, author Craig Cabell offers both detailed biography and a critical study of all Forsyth's books in order of publication. Forsyth, notoriously reticent on these matters in the past, talks openly about how he researches his work, discusses his own political beliefs and explains the background to each novel. Craig has also talked to many of Forsyth's inner circle, including Lord Janner, Andrew Lloyd Webber, Edward Fox and Derek Jacobi. With a section on movies made from Forsyth's books and a detailed bibliography, this is the definitive companion to one of the most accomplished thriller writers of a generation.

Thunderbolt to War John Anderson,Steve Sperry,2017-05-17 Thunderbolt to War gives a remarkable personal insight into the structure and operations of a leading USAAF Fighter Squadron in Britain during the Second World War. This theme is explored through the recorded thoughts and feelings of Clint Sperry, a skilled fighter pilot who was seconded to England with the 353rd Fighter Group—the rarely celebrated workhorse of Eighth Fighter Command. Despite the relative anonymity

of the Group, the names of its charismatic leaders still resonate today, including the eighteen-victory ace Walter Beckham and the aggressive Glenn E. Duncan. Clint and his colleagues suffered many frustrating and perilous experiences during the war; they encountered enemy fighters, flak, treacherous weather, and mechanical problems throughout the bloody battles over Europe. To survive was a lottery, but Clint's experience and aptitude served him well. This account follows the soaring successes and devastating traumas that Clint experienced, culminating in a vivid picture of a fighter pilot's war. He flew 106 missions in his favoured P47 Thunderbolt, and was credited with destroying or probably destroying five enemy aircraft—in addition to destroying many targets on the ground by strafing and bombing. Clint was awarded three DFCs for his courage, and gained the enduring respect of his son, Steve, and his friend, John Anderson. Their richly illustrated account of his life pays tribute to a true American hero. Illustrations: 118 black-and-white illustrations

**On Glorious Wings** Stephen Coonts, 2024-07-02 Some buckle your seat belts and open your mind flying fiction from such writers as Jules Verne, Edgar Allan Poe, Dale Brown, William Faulkner, and others ( The Dallas Morning News ). Since its invention in 1903, the airplane has become the dominant mode of transport, travel, and combat. It has brought the entire planet closer together and changed almost every aspect of how we live today. Along the way, the airplane has inspired writers in every decade of the twentieth century to celebrate this world-changing creation. From the wild first years of aviation when daredevil men challenged each other to set altitude records to the terrible three-dimensional landscape of combat in the air through all the wars of this century, authors from around the world have written of the airplanes and the men and women who fly them. Now, bestselling author Stephen Coonts has collected some of the finest fiction about flying in one volume. On Glorious Wings contains stories and excerpts from world-renowned authors, including Dale Brown, Sir Arthur Conan Doyle, Louis L'Amour, James Michener, Joseph Heller, Len Deighton, Frederick Forsyth, William Faulkner, Ralph Peters and Stephen Coonts himself. From the rickety wire-and-wood contraptions of the 1920s to the possible future of warfare in 2020, this collection invites you to take to the skies with some of today's most acclaimed authors. For armchair pilots, love at first sight. — Kirkus Reviews

**The Fuller Picture** Cam Fuller, 2020-12-03 Sprinting into the grocery store at closing time because your kids need greencoloured snacks for school in the morning. Realizing that when your partner asks if that's the outfit you're planning to wear, you've planned wrong and will have to change. The time-honoured but unspoken rules men follow when choosing which urinal to use in a public washroom. Saskatoon StarPhoenix columnist Cam Fuller turned these everyday episodes of life into columns that were extraordinarily fun to read, thanks to his deft writing and dry wit. Other times, his affectionate and nostalgic reflections on family and community created a fuller picture, showing us how our lives are shaped day by day. This collection of Cam's columns reminds us that life is to be lived to the fullest "We all work with the same 26 letters, Cam Fuller just used them better," —Kevin Mitchell, Sports Editor, Saskatoon StarPhoenix

**The Blind Mechanic** Marilyn Davidson Elliot, 2021-04-06 A daughter's inspiring biography of her father, who lost his sight in a massive maritime disaster—and went on to build a rewarding life and career. Eric Davidson was a beautiful, fair-haired toddler when the historic Halifax Explosion struck, devastating the Nova Scotia capital and killing almost two thousand people while seriously injuring thousands more. Eric lost both eyes—a tragedy that his mother never fully recovered from. Eric, however, was positive and energetic. He also developed a fascination with cars and how they worked—and he later decided, against all likelihood, to become a mechanic. Assisted by his brothers, who read to him from manuals, he worked hard, passed examinations, and carved out a decades-long career. This is the true story of his remarkable life and relentless determination, as told by his daughter.

**The Doctor** Tom Conti, 2005-06-23 Haunted by his past as a Secret Operations Pilot with the Intelligence Services, Hal flees England and the bed of the tempestuous Francesca for a new life in Africa. But there, as a pilot with the flying doctor service working in the wild, love and death precipitate him once again into a life of deception and danger. Adopting a new identity and returning home, he quickly discovers that the past is not easily shed, that fear and the unexpected lurk at every turn. Then a moral gun is put to his head, and he is forced to choose between his freedom and the life of another man.

**The As It Happens Files** Mary Lou Finlay, 2009-10-27 In the tradition of Peter Gzowski's *The Morningside Papers* comes a book that celebrates the great stories and personalities behind *As It Happens*. For eight years, Mary Lou Finlay had the pleasure of being the co-host of one of CBC Radio's most enduring institutions. On any given day she and Barbara Budd interviewed people on subjects varying from the Air India investigation to a man who invented a suit that would withstand an attack from a grizzly bear to a cheese-rolling contest in Cheshire. *The As It Happens Files* gives us the great stories – the hilarious eccentrics, the audience favourites, the poignant moments – that make up, for many Canadians some of the fondest, most vivid memories of the last decade.

Reflections on Language and Language Learning Marcel Bax, C. Jan-Wouter Zwart, 2001 In *Reflections on Language and Language Learning*: In honour of Arthur van Essen, thirty-one leading language scholars and educational linguists in the Netherlands and abroad with whom over the years Professor van Essen, one of the grandees of applied linguistics, has collaborated provide original essays and studies which discuss the most recent insights and trends in the fields of linguistics and foreign language teaching. While interdisciplinary in scope, the volume encompasses theoretical advances in (educational) linguistic thinking; for example, the perceptive articles written by Michael Byram, Christopher N. Candlin, Natalia Gvishiani, Peter Jordens, Jan Koster, Leo van Lier, and Bondi Sciarone as well as a sample of the latest methodological developments in areas such as ELT, LSP, and content-based language teaching; cases in point are the useful contributions by Jeanine Deen & Hilde Hacquebord, Michaël Goethals, Paul Meara & Ignacio Rodríguez Sánchez, Rosamond Mitchell & Christopher Brumfit, and Uta Thürmer.

**The Biafra Story** Frederick Forsyth, 2015-03-21 A fearless act of journalism in 1960s Nigeria and the true story behind the international bestselling novel *The Dogs of War*. The Nigerian civil war of the late 1960s was one of the first occasions when Western consciences were awakened and deeply affronted by the level of suffering and the scale of atrocity being played out in the African continent. This was thanks not just to advances in communication technology but to the courage and journalistic skills of foreign correspondents like Frederick Forsyth, who had already earned an enviable reputation for tenacity and accuracy working for Reuters and the BBC. In *The Biafra Story*, Forsyth reveals the depth of the British Government's active involvement in the conflict—information which many in power would have preferred to remain secret. General Gowon's genocide of the Biafran people was facilitated by a ready supply of British arms and advice. Still tragically relevant in its depiction of global affairs, this powerful book also launched Frederick Forsyth to literary stardom by providing him with the background material for *The Dogs of War*. The dramatic events and shocking political exposures, all delivered with Forsyth's bold and perceptive style, makes *The Biafra Story* a compelling lesson in courage.
