Vietnam Joshua Zukas, 2025-08-07 Brand new from Bradt is Vietnam, a travel guidebook celebrating this fascinating

southeast Asian country, which combines 2,000 miles of coastline – complete with idyllic islands, golden beaches and fishing villages – with tropical rainforests, vibrant cities, stunning inland waterways, thousand-year-old temples, terraced paddy fields, herb-infused street food and a richly varied history. Little wonder that the country is increasingly on the wish list of discerning, independent travellers. Here you can cruise among the karst islands of Halong Bay, explore the forested mountains of the Central Highlands, go underground into the caves of Phong Nha or visit the tribal villages of Kon Tum. Alternatively, why not experience the French-style boulevards of Hanoi, the cobblestone streets of Hoi An or neighbourhood floating markets? Written by a long-term resident, Bradt's Vietnam not only covers the key tourist sites but casts a wider net to encompass lesser-explored alternatives and get under the skin of the country. Covering all three regions in Vietnam – north, central and south – this guidebook has responsible travel at its heart. Within the broad range of options suggested for sleeping and eating, what to do and where to go, particular attention is paid towards sustainability – identifying environmentally sensitive accommodation options, experiences that contribute to the local economy, and retail outlets that support traditions and certain communities. In Bradt's Vietnam, you can find: advice on selecting the optimum beach destination for each season; a rich exploration of the vibrant urban café culture (including where to savour speciality coffee drinks in each city); dedicated street-food sections for all major towns and cities; tips on how to enjoy unmissable sites while avoiding any crowds; suggestions for getting the best out of motorbiking around the country; and insider knowledge about nightlife and cultural sights in Hanoi and Ho Chi Minh City, from speakeasy bars hidden behind bookshelves to boutique art spaces. Whether you want a taste of everything Vietnam offers, or prefer a deep dive into singular opportunities for heritage tourism, trekking, wildlife watching or caving, having Bradt's Vietnam to hand is like travelling with a knowledgeable local friend.

The city guide for Hanoi (Vietnam) YouGuide Ltd,

My Saigon: The Local Guide to Ho Chi Minh City, Vietnam Elly Thuy Nguyen, 2024-01-21 Experience real Saigon: My Saigon 2024 Saigon (Ho Chi Minh City) offers bustling streets, amazing walks, too-hip-for-you cafes, rocking music clubs, luxurious salons, explosively delicious restaurants, and indoor cat zoos. Saigon is Vietnam. It's young, practical, crowded, and a little bit brash. Most visitors to Saigon see the same boring "attractions": boring restaurants, tourist-trap markets, and War propaganda. Saigon has so much more to experience than tourists see. My Saigon gives you the insider track: the most amazing experiences, the cultural backstories, the practical go-to tips, the best coffee, the best food (far beyond pho and banh mi), the best hangouts, the coolest stuff, and hipsters, hipsters everywhere. Details about 90-day and multi-entry electronic visas to Vietnam (new as of August, 2023). Big-picture navigation. History your tour guides aren't allowed to mention. Good hotels for cheap, without hostels, bedbugs, and weird smells. Get mobile data up and running without being scammed. The best pho in Saigon: no, it's not the one in the backpacker district. Awesome, authentic, cheap restaurants

where my friends and I eat -- and Tripadvisor has no clue about. Coffee. Did someone say coffee? 1930s coffee, street coffee, specialty coffee, all kinds of coffee: I'll tell you where. Hang out with Vietnamese people, munch on dried squid, listen to Viet Pop (if you dare). Make cool friends, date guys or girls, whatever flag you might fly. Bust out with Saigonese slang to make your new friends laugh. Watch out for Saigon's mafia: they run the streets, and they don't announce themselves. Don't unintentionally offend people by wearing a popular tourist souvenir t-shirt. You definitely shouldn't give money to beggars and street kids. Avoiding taxi scams in Saigon is so easy, but most tourists refuse to learn. My Saigon is a guide, a love confessional, an instruction manual, and an ode to the city.

Undiscovered Quy Nhon: The Local Guide to Vietnam's Beach Paradise Elly Thuy Nguyen, Quy Nhon is a secret beach paradise. Smack in the middle of Vietnam's eastern coast, Quy Nhon boasts wide-open soft sand, crystal-blue waters, and super-cute fishing villages nestled into limestone cliffs. All with very few tourists. The swimming, snorkeling, and just-chilling are amazing. So is the eating: fresh fish, squid, shrimp, and oysters, for the price of fast food in the US. We Vietnamese people love escaping to Quy Nhon. It's so relaxing and it's so cheap, even by Vietnamese standards. Foreigners have no idea about this magical place. Now I'm letting you in on the secret. I'll guide you around the town and show you the public city beaches, the quirky cafes, and of course the tons of seafood restaurants. We'll go a bit outside the town (take a private car for just a few dollars) to the quieter, more secluded, even more spectacular beaches. There's one nestled into a cliff, one with a giant Buddha looking down on it, and another one with bird-egg-like stones. I'll show you a hidden cafe that looks like a treehouse, perched on a mountain top, with spectacular views over the city and the coast. This is the first Quy Nhon guidebook ever published. There isn't even one in Vietnamese: In my previous guidebooks, we explored Saigon and Hanoi. I showed you Da Nang years before it became popular. Now let's discover Quy Nhon. Bring your swim trunks.

Discover Dalat: Local Travel Guide to Da Lat, Vietnam Elly Thuy Nguyen, 2024-07-03 Dalat is mountain sunrises, chicken soup, paddle boats, and lounge singers. It's where Vietnamese people go to cool off in the summer, or see European winter for Christmas. Downtown is a cascade of steep staircases for pedestrians, or infuriatingly narrow one-way streets for the motorized. Even in the hottest global-warmed summer, you don't need A/C here. Dalat is Vietnam like you've never seen it. As heavily touristed as Dalat is, tourists miss the best stuff every time. I got tired of wanting to slap my forehead seeing foreign and Vietnamese visitors alike getting the blandest, most boring version of Dalat — especially on those awful guided tours around tourist traps and gift shops. I've lectured my Vietnamese friends about all the good things they miss in Dalat. That advice -- always with map links and QR codes -- fills this book. This is Dalat the way I know it and love it. We'll eat UFO cakes, conquer mountains, and find how to hide from the screaming tourist groups. Come with me. Let's discover Dalat.

The Labour Politics of App-Based Driving in Vietnam Joe Buckley, 2023-10-19 Over the past decade, app-based driving services like ride-hailing and delivery have become an integral part of business, employment and daily life in Vietnam. This

growth, however, has been accompanied by tensions and conflicts between ride-hailing platforms and traditional taxi companies, xe ôm (motorbike taxi drivers), the authorities and the drivers working for these platforms. Most drivers on these services are male and work long hours for low wages. Their working conditions are precarious because platforms classify them as partners rather than employees, denying them basic rights and benefits. Although platforms offer bonuses, organize events to celebrate drivers' contributions, and provide training courses, these do not address the fundamental exploitation in the employment relationship. The Ministry of Labour, Invalids and Social Affairs (MOLISA) has not taken sufficient action to protect drivers or taken a stance on whether they should be classified as contractors or employees. The Vietnam General Confederation of Labour (VGCL) is working towards securing social protection for drivers and increasing their representation in labour associations. While some members of the VGCL have argued that app-based drivers are actually workers and should be afforded the same rights and benefits as all workers, this is as yet not the formal position of the confederation. Drivers have taken to organizing strikes and protests to demand better treatment from the platforms. Their methods of activism are rooted in both traditional Vietnamese labour activism and global trends of platform protest. The emergence of the gig economy in Vietnam is a challenge to sustainable development. Policymakers and practitioners are called upon to ensure that platform work contributes to improved livelihoods and decent lifestyles for all.

Nguyen, 2025-01-22 All-new 2025 Edition Da Nang and Hoi An: the complete travel guide, from a local expert Da Nang is Vietnam's up-and-coming city. Vietnam: The Local Experience Mai Nguyen, Thinking of Vietnam? Pho and conical hats dancing in your head? That's a sweet start, but honey, you're just scratching the surface! Let your friendly, occasionally sarcastic Saigones local, Mai, take you by the hand (and maybe gently nudge you away from a tourist trap or two). This isn't your parents' guided tour. You've got a savvy local friend showing you the real Vietnam - the one beyond the clichés (remember: we're a country, not a war). Mai spills the ca phe sua da on everything: Busting those Vietnam facts your uncle told you after watching Platoon. Navigating the beautiful chaos of city traffic (hello, scooter swarm!) without a meltdown. Eating your way through the

country, from Hanoi's pho to Saigon's hu tieu. (And yes, she'll tell you where to get the good local stuff and what tourist traps to sidestep). Insider tips on exploring stunning landscapes like the misty mountains of the Ha Giang Loop, the serene rice terraces of Pu Luong (Mai's pick over Sapa!), the truly breathtaking caves of Phong Nha, and the chilled-out beaches of Quy Nhon and Con Dao (forget crowded, touristy Phu Quoc!). Honest takes on popular spots (Ha Long Bay vs. the calmer Bai Tu Long Bay, anyone?) and hidden gems you won't find in foreigner-written guides. Practical advice on everything from handling Vietnamese Dong (cough cough) and getting around like a pro (or at least not falling off the motorcycle) and avoiding scams. A real look at Vietnamese culture, its history (including the sensitive stuff it's illegal to discuss in Vietnam), and why the people are so darn resilient and welcoming. And because Mai wants you to feel like a local (or at least order coffee like one), this book also includes a handy Vietnamese language guide to get you started. Ditch the tourist treadmill. Mai will show you her Vietnam – the beautiful, the bonkers, and the utterly unforgettable.

Spiderweb Capitalism Kimberly Kay Hoang, 2024-04-23 In 2015, an anonymous source leaked the so-called Panama Papers, 11.5 million documents detailing financial and attorney-client information and connecting over 140 ultra-wealthy individuals across 50 countries to offshore companies in 21 tax havens. Journalists and scholars have attempted to chart these complex networks in the wake of various scandals but have learned very little. The focus on high-profile cases of

egregious theft leaves a shroud of uncertainty over the mechanics behind the invisible, mundane networks of people who facilitate illicit activities by conducting transactions across multiple sovereigns. Playing in the Gray focuses on the constant and quiet movement of money through offshore shell corporations, the primary motor of global capital. Hoang takes a deep-dive into the emerging markets of Vietnam and Myanmar. Over the course of two years, she travelled more than 350,000 miles to conduct ethnographic observations and interviews with 300 individuals who facilitate the movement of capital around the world. Her research subjects include private wealth managers, fund managers, chairpeople, local entrepreneurs, high-level executives, lawyers, bankers, auditors, and company secretaries, each playing an essential role in circulating concealed capital through global markets. She draws on this data to develop a new framework for understanding what she calls spiderweb capitalism, which she defines as a system that features a complex web of subsidiaries that are interconnected across multiple sovereigns and are virtually impossible to quantify. She argues that legal and illegal activity are in fact deeply connected in this web and provides an account of how financial elites make markets in the new globalized economy--

Digital Transport Platforms and Urban Mobility Hironori Kato, Saksith Chalermpong, 2024-11-19 This book offers comprehensive state-of-the-art knowledge of how ride-hailing applications (RHAs) are changing the landscape of urban mobility in developing Southeast Asia by examining the disruptions they cause, the impacts of RHAs on the transportation system, and public policy responses aimed at mitigating these impacts. Providing new perspectives on the familiar issues by taking the local contexts of middle-income SEA into account, where abundant and diverse modes of informal transportation thrive amidst rapid urbanization and motorization, the book also draws lessons based on empirical evidence on how public interventions can benefit urban mobility for other developing countries. Each city-specific chapter sets the stage by overviewing the city and its transportation system, and delves into the specifics of its RHA market, such as market structure and demand characteristics. Impacts of RHAs on other transportation operators as well as responses from affected parties are discussed, followed by the ensuing regulatory efforts and their outcomes. Findings from each city are internationally compared and lessons drawn from them that are useful for policymaking. The book will present insights into useful and effective policy interventions pertaining to RHAs, including how the new technology may affect the infrastructure investment decision and how RHA may be leveraged as an intervention tool in urban mobility in developing countries. *Digital Transport Platforms and Urban Mobility* provides academics and upper level students with in-depth knowledge and practices of the disruptive technology in urban transportation due to the advent of mobile ride-hailing applications in Southeast Asian countries. It will be an invaluable resource for all those interested in transportation planning and policy, urban and regional planning, with a particular emphasis on sustainability.

Infrastructure and the Remaking of Asia Max Hirsh, Till Mostowlansky, 2022-10-31 In the twenty-first century, infrastructure has undergone a seismic shift from West to East. Once concentrated in Europe and North America, global infrastructure production today is focused squarely on Asia. *Infrastructure and the Remaking of Asia* investigates the deeper implications of that pivot to the East. Written by leading international infrastructure experts, it demonstrates how new roads, airports, pipelines, and cables are changing Asian economies, societies, and geopolitics—from the Bosphorus to Beijing, and from Indonesia to the Arctic. Ten tightly interwoven case studies powerfully illustrate infrastructure's leading role in three global paradigm shifts: climate change, digitalization, and China's emergence as a superpower. Combining social science methods with mapping techniques from the design professions, *Infrastructure and the Remaking of Asia* establishes a dialogue between academic research on infrastructure and the professional insights of those responsible for infrastructure's planning, production, and operation. By applying that mixed method to transport, energy, telecommunication, and resource extraction projects across Asia, the book synthesizes research on infrastructure from six academic fields, while making those

insights accessible to a wider audience of students, professionals, and the general public. For links to the open-access PDF and EPUB editions, chapter downloads, and detailed information, visit the project website: <https://infrastructureasia.net/>.
