Life and Adventures of Santa Claus. by L. Frank Baum,2016-09-06 Once, so long ago our great-grandfathers could scarcely have heard it mentioned, there lived within the great Forest of Burzee a wood-nymph named Necile. She was closely related to the mighty Queen Zurline, and her home was beneath the shade of a widespreading oak. Once every year, on Budding Day, when the trees put forth their new buds, Necile held the Golden Chalice of Ak to the lips of the Queen, who drank therefrom to the prosperity of the Forest. So you see she was a nymph of some importance, and, moreover, it is said she was highly regarded because of her beauty and grace. When she was created she could not have told; Queen Zurline could not have told; the great Ak himself could not have told. It was long ago when the world was new and nymphs were needed to guard the forests and to minister to the wants of the young trees. Then, on some day not remembered, Necile sprang into being; radiant, lovely, straight and slim as the sapling she was created to guard. Her hair was the color that lines a chestnut-bur; her eyes were blue in the sunlight and purple in the shade; her cheeks bloomed with the faint pink that edges the clouds at sunset; her lips were full red, pouting and sweet. For costume she adopted oak-leaf green; all the wood-nymphs dress in that color and know no other so desirable. Her dainty feet were sandal-clad, while her head remained bare of covering other than her silken tresses.

**The Life and Adventures of Santa Claus** Thomas Langois, L. Frank Baum, 2019-09-21 Lyman Frank Baum (1856-1919) was an American author widely known for his children's books. Baum was born Chittenango, New-York into a devout Methodist family. He had German, Scots-Irish, and English ancestry, and was the seventh of nine children of Cynthia Ann and Benjamin Ward Baum, only five of whom survived into adulthood. Lyman is the name of his father's brother, but he always disliked it and preferred his middle name Frank. *American Fairy Tales* is the title of a collection of twelve fantasy stories published in 1901. The stories, as critics have noted, lack the high-fantasy aspect of the best of Baum's work, in Oz or out. With ironic or nonsensical morals attached to their ends, their tone is more satirical, glib, and tongue-in-cheek than is usual in children's stories; the serialization in newspapers for adult readers was appropriate for the materials. *The Magic Bon Bons* was the most popular of the tales, judging by number of reprints.
