**Guía del cine** Carlos Aguilar Gutiérrez,2018-09-27 El presente volumen encierra el diccionario de películas más extenso y variado en lengua española, e incluye películas de toda índole y nacionalidad, desde el cine mudo hasta el presente año. Cada entrada incluye los datos fundamentales (título español y original, año y país de producción, director, guión, fotografía, música, duración e intérpretes), más una sinopsis orientativa. Asimismo, incluye dos índices, el de directores con las películas recogidas en la obra, relacionadas por orden cronológico, y el de títulos originales, con sus correspondientes españoles.

Misterios sin resolver De Bruce Lee Elmer Woodward,2022-02-23 La primera biografía autorizada de la leyenda del cine Bruce Lee, quien hizo de las artes marciales un fenómeno global, cerró la brecha entre las culturas oriental y occidental y destrozó los estereotipos arraigados de los asiáticos y los asiático-americanos. Cuarenta y cinco años después de la repentina muerte de Bruce Lee a los 32 años, el periodista y autor de best-sellers Matthew Polly ha escrito el relato definitivo de la vida de Lee. También es una de las únicas cuentas; increíblemente, nunca ha habido una biografía autorizada de Lee. Después de una década de investigación que incluyó la realización de más de 100 entrevistas con la familia, los amigos, los socios comerciales e incluso con la actriz en cuya cama murió Lee, Polly ha construido un retrato complejo y humano del ícono. Polly explora los primeros años de Lee como estrella infantil en el cine de Hong Kong; las luchas de su padre actor con la adicción al opio y cómo eso convirtió a Bruce en un adolescente problemático que fue expulsado de la escuela secundaria y finalmente enviado a Estados Unidos para ponerse en forma; sus inicios como profesor de artes marciales, convirtiéndose finalmente en instructor personal de estrellas de cine como James Coburn y Steve McQueen; sus luchas como actor asiático-estadounidense en Hollywood y su frustración al ver papel tras papel para el que audicionó ir a actores blancos con maquillaje de ojos; su eventual triunfo como protagonista; sus desafíos al hacer malabares con una carrera vertiginosa con sus deberes como padre y esposo; y su impactante final que hasta el día de hoy sigue envuelto en misterio. Polly rompe los mitos que rodean a Bruce Lee y argumenta que, contrariamente a la creencia popular, era un actor ambicioso que estaba obsesionado con las artes marciales, no un gurú del kung-fu que casualmente hizo un par de películas. Esta es una mirada honesta y reveladora a un hombre impresionante pero imperfecto cuya historia personal fue aún más entretenida e inspiradora que cualquier papel ficticio que interpretó en la pantalla.

La vida y la muerte trágica de Bruce Lee Linda Lee,1976

**The Death of Bruce Lee** Duncan Alexander McKenzie R. N., 2018-04-22 He was one of the greatest martial artists of all time and reputed to be pound for pound the strongest man on Earth. Then, at the age of 32, he suddenly died. Was it a mysterious death, due to poisoning or the fabled 'death touch' of another kung fu practitioner, or was his death due to natural causes? Was he a drug addict? Why was he previously rejected from the US military draft on health grounds? Did Bruce Lee really have a back injury? What really caused his death? This book examines the medical issues surrounding his death and answers these questions. Written by a Registered Nurse this book details the medical issues surrounding Lee and sets the record straight in regards to the distortions and misinformation that has surrounded this extraordinary man and his sudden death. This is indispensable reading for any Bruce Lee fan who is interested in the truth about him, and for anyone interested in forensic medicine and the detailed clinical issues surrounding such deaths.
