The Love Diary of a Zulu Boy Bhekisisa Mncube, 2018-04-01 The Love Diary of a Zulu Boy is by turns erotic, romantic, tragic and comic. Inspired by the real-life drama of a romance between a Zulu boy and an Englishwoman, the book consists of various interrelated short stories on interracial relationships in modern-day South Africa. As the author reflects on love across the colour line, it triggers memories of failed affairs and bizarre experiences: love spells, toxic masculinity, infidelity, sexually transmitted diseases, a phantom pregnancy, sexless relationships, threesomes and prostitution, to name but a few. A unique book for the South African market, The Love Diary of a Zulu Boy is written with an honesty rarely encountered in autobiographical writing.

Black Women in Interracial Relationships Kellina Craig-Henderson, 2017-07-28 According to the most recent U.S. census, twice as many black men are involved in interracial relationships as black women. Do black women consciously resist such involvement? What motivates the relatively few women who are in these types of relationships? And how do they navigate the unfamiliar terrain in intimacy? One of the most popular explanations for black women's involvement in interracial intimacy is the unavailability of eligible black men. This explanation focuses on the dismal statistics popularly discussed in reports that forecast lonely futures for African American females. Craig-Henderson explores another, more provocative explanation. She argues that some black women may disassociate from larger social stereotypes by consciously and strategically making choices that distance them from what is considered characteristic of the typical African American woman. Scant serious attention has focused upon intimate interracial relationships, perhaps because of a general reluctance to deal with two extremely provocative issues: race and sex. As rates of interracial relationships continue to increase, discussions about interracial intimacy are relevant and timely. Craig-Henderson considers the continuing taboo of interracial relationships involving African Americans, the way this taboo is changing, and the way that contemporary race relations perpetuate longstanding stereotypes about race and sex. The book includes in-depth, unstructured interviews with a wide range of black women currently involved in interracial intimate relationships. Each individual discusses their relationships with family members, beliefs about the influence of race in America, unique problems associated with interracial intimacy, as well as sexual attraction, racial identity, and children. Of particular interest to specialists in race, gender, family, and sexual issues,

this work is also accessible and appealing to general readers.

Love's Revolution Maria P. P. Root, 2001 When the Baby Boom generation was in college, the last miscegenation laws were declared unconstitutional, but interracial romances retained an aura of taboo. Since 1960 the number of mixed race marriages has doubled every decade. Today, the trend toward intermarriage continues, and the growing presence of interracial couples in the media, on college campuses, in the shopping malls and other public places draws little notice. *Love's Revolution* traces the social changes that account for the growth of intermarriage as well as the lingering prejudices and false beliefs that oppress racially mixed families. For this book author Maria P.P. Root, a clinical psychologist, interviewed some 200 people from a wide spectrum of racial and ethnic backgrounds. Speaking out about their views and experiences, these partners, family members, and children of mixed race marriages confirm that the barriers are gradually eroding; but they also testify to the heartache caused by family opposition and disapproving strangers. Root traces race prejudice to the various institutions that were structured to maintain white privilege, but the heart of the book is her analysis of what happens when people of different races decide to marry. Developing an analogy between families and types of businesses, she shows how both positive and negative reactions to such marriages are largely a matter of shared concepts of family rather than individual feelings about race. She probes into the identity issues that multiracial children confront and draws on her clinical experience to offer child-rearing recommendations for multiracial families. Root's Bill of Rights for Racially Mixed People is a document that at once empowers multiracial people and educates those who ominously ask, What about the children? *Love's Revolution* paints an optimistic but not idealized picture of contemporary relationships. The Ten Truths about Interracial Marriage that close the book acknowledge that mixed race couples experience the same stresses as everyone else in addition to those arising from other people's prejudice or curiosity. Their divorce rates are only slightly higher than those of single race couples, which suggests that their success or failure at marriage is not necessarily a racial issue. And that is a revolutionary idea! Author note: Maria P. P. Root, Ph.D., is a clinical psychologist and past President of the Washington State Psychological Association.

Robert Rossen Alan Casty, 2013-04-08 This book calls for a re-evaluation of the films of Robert Rossen. Over a 30-year period, he was the most accomplished writer and director who was also a longtime member of the Communist Party, but his achievement has not been recognized, his films have been belittled or ignored, his legacy denied. Rossen's films reflected his times and the American scene with a dramatic intensity and personal expression unmatched by any other filmmaker of the period. The stages of his political journey, from idealism about Communism to his rebellion against the Party's betrayal of those ideals, influenced the rendering of his concerns and themes--the flaws of human nature, the complexities of motives, the paradoxes of betrayal, personal and political. Yet Rossen testified against his fellow filmmakers, and so his morals and character have been denounced, his work diminished as fatally marred by his moral flaws. The opposite is true. Here is a

thorough analysis of each of his 22 films and their place in the developing themes of his body of work. It integrates this study of the films with a documented narrative of his relationship to the Party, its history and conflicts, its duplicities--especially the relations of the Party and its followers to the oppressions of the Soviet Union. And so it challenges the validity of the conventional wisdom about the moral issues of the blacklist period.

The Challenge (A BWWM Second Chance Romance Novel) (African American Interracial Romance) Vivian Ward,

Love, Friendship, and Narrative Form After Bloomsbury Jesse Wolfe, 2022-12-15 Exploring how the Bloomsbury Group's cutting-edge thinkers-Virginia Woolf, Sigmund Freud, and E. M. Forster-understood the intimacy of friends, lovers, spouses, and families as historically unfolding phenomena, this book offers a compelling account of modernism's legacies in contemporary fiction and demonstrates the myriad ways in which intimacy was a guiding and persistent idea explored by writers across the 20th-century and up to the present day. Often modernists have been celebrated for their insights into social and civilizational sickness but this book unearths a strain of modernist thought that is more complex and inspiring than this. It discusses how Bloomsbury's thinkers wrestled with the question "Does intimate life improve?" as sexual egalitarianism expands, as taboos against same-sex love, interracial love, and singlehood wane, and as parents and children relate less formally and often more warmly toward one another. And it discusses how many of today's major novelists, such as Salman Rushdie, Zadie Smith, Ian McEwan and Rachel Cusk, look to Bloomsbury's thematic and formal examples when they reformulate this question for our time.

Queering Masculinities in Language and Culture Paul Baker,Giuseppe Balirano,2017-12-08 How do we learn what it means to be a man? And how do we learn to question what it means to be a man? This collection comprises a set of original interdisciplinary chapters on the linguistic and cultural representations of queer masculinities in a range of new and older media: television, film, online forums, news reporting, advertising and fiction. This innovative work examines new and emerging forms of gender hybridisation in relation to complex socialisation and immigration contexts including the role of EU institutions in ascertaining asylum seekers' sexual orientation, and the European laws on gender policy. The book employs numerous analytical approaches including critical discourse analysis, corpus linguistics, multimodal analysis, literary criticism and anthropological and social research. The authors show how such texts can disrupt, question or complicate traditional notions of what it means to be a man, queering the idea that men possess fixed identities or desires, instead arguing that masculinity is constantly changing and negotiated through the cultural and political overlapping contexts in which it is regularly produced. These nuanced analyses will bring fresh insights for students and scholars of gender, masculinity and queer studies, linguistics, anthropology and semiotics.

Antiblackness Moon-Kie Jung, João H. Costa Vargas, 2021-03-01 Antiblackness investigates the ways in which the dehumanization of Black people has been foundational to the establishment of modernity. Drawing on Black feminism, Afropessimism, and critical race theory, the book's contributors trace forms of antiblackness across time and space, from nineteenth-century slavery to the categorization of Latinx in the 2020 census, from South Africa and Palestine to the Chickasaw homelands, from the White House to convict lease camps, prisons, and schools. Among other topics, they examine the centrality of antiblackness in the introduction of Carolina rice to colonial India, the presence of Black people and Native Americans in the public discourse of precolonial Korea, and the practices of denial that obscure antiblackness in contemporary France. Throughout, the contributors demonstrate that any analysis of white supremacy---indeed, of the world---that does not contend with antiblackness is incomplete. Contributors. Romance and the Yellow Peril Gina Marchetti, 1994-02-15 Hollywood films about Asians and interracial sexuality are

the focus of Gina Marchetti's provocative new work. While miscegenation might seem an unlikely theme for Hollywood, Marchetti shows how fantasy-dramas of interracial rape, lynching, tragic love, and model marriage are powerfully evident in American cinema. The author begins with a discussion of D. W. Griffith's *Broken Blossoms*, then considers later films such as *Shanghai Express*, *Madame Butterfly*, and the recurring geisha movies. She also includes some fascinating forgotten films that have been overlooked by critics until now. Marchetti brings the theoretical perspective of recent writing on race, ethnicity, and gender to her analyses of film and television and argues persuasively that these media help to perpetuate social and racial inequality in America. Noting how social norms and taboos have been simultaneously set and broken by Hollywood filmmakers, she discusses the orientalist tensions underlying the construction of American cultural identity. Her book will be certain to interest readers in film, Asian, women's, and cultural studies.

Unsettling Eli Bromberg, 2020-11-13 By analyzing how various media told stories about Jewish celebrities and incest, *Unsettling* illustrates how Jewish community protective politics impacted the representation of white male Jewish masculinity in the 1990s. Chapters on Woody Allen, Roseanne Barr, and Henry Roth demonstrate how media coverage of their respective incest denials (Allen), allegations (Barr), and confessions (Roth) intersect with a history of sexual antisemitism, while an introductory chapter on Jewish second-wave feminist criticism of Sigmund Freud considers how Freud became “white” in these discussions. *Unsettling* reveals how film, TV, and literature have helped displace once prevalent antisemitic stereotypes onto those who are non-Jewish, nonwhite, and poor. In considering how whiteness functions for an ethnoreligious group with historic vulnerability to incest stereotype as well as contemporary white privilege, *Unsettling* demonstrates how white Jewish men accused of incest, and even those who defiantly confess it, became improbably sympathetic figures representing supposed white male vulnerability.

Critical Mixed Race Philosophy Sabrina L. Hom, 2025-03-15 *Critical Mixed Race Philosophy: Rethinking Kinship and Identity* reimagines mixed race studies, arguing that commonplace and widely accepted ways of understanding mixedness are mired in outdated and essentialist assumptions about race, biology, and kinship. Sabrina L. Hom explores the intersection of race, sex, and sexuality and calls for a nuanced understanding of the politics of mixed race. Commonplace narratives treat mixedness as something new and transformative, but it is neither as promising nor as fearful as it may seem. Instead, the author draws on rich mixed race histories both to make the case that mixedness has always been a part of the racial landscape and to argue for a more dynamic understanding of race that reflects how frequently ambiguous bodies are incorporated into racial logic. Drawing on feminist and queer theory, *Critical Mixed Race Philosophy* articulates a non-essentialist conception of mixed race identity and kinship that asks us to rethink what it means to be mixed and where mixed people fit into racial politics.

Early Interracial Oneness Pentecostalism Talmadge L. French, 2014-07-02 Early Interracial Oneness Pentecostalism is a look at what is perhaps the least-known chapter in the history of American Pentecostalism. The study of the first thirty years of Oneness Pentecostalism (1901-31) is especially relevant due to its unparalleled interracial commitment to an all-flesh, all-people, counter-cultural Pentecost. This in-depth study details the lives of its earliest primary architects, including G. T. Haywood, R. C. Lawson, J. J. Frazee, and E. W. Doak, and the emergence of Oneness Pentecostalism and its flagship organization, Pentecostal Assemblies of the World. This is a one-of-a-kind history of Pentecostalism, through the lens of the Jesus' Name movement and the interracial struggles of the period, interlinking the significance of Charles Parham, William Seymour and the Azusa Street revival, COGIC, the newly formed Assemblies of God, and dozens of the earliest Oneness organizational bodies. Exploration of the significance of the role of African American Indianapolis leader G. T. Haywood is central, as are the development of the movement's key centers in the United States and the ultimate loss of interracial unity after more than thirty years. These crucial events marked, indelibly, the U.S., the global missionary, and the autochthonous expansion of Oneness Pentecostalism worldwide.

Africa Today, 2006

Living Out Sexuality and Faith Joseph N. Goh, 2017-12-15 Sexuality, religion and faith often have complex and conflicting interactions, on both personal and societal levels. Numerous studies have been conducted on queer subjects, but they have predominantly focused on ‘Western’ expressions of faith and queer identities. This book contributes to the wider scholarship on queer subjects by drawing on actual lived experiences of self-identifying gay and bisexual men in Malaysia. It discusses what we can learn from the realities of their lives that intersect with their religious, spiritual, theological or humanistic values in an Asian context. Analysed within the critical frameworks of queer theory and queer sexual theology,

this study divulges the meanings ascribed to sexual identities and practices, as well as conceptualisations of masculinity, sexual desire, love and intimate physical connections. It also lays bare the complex negotiations between gender, desire and spirit, and how they can affect one another. Tying fascinating case studies and underexplored Asian theologies with wider conversations around sexuality and faith, this book will be of significant interest to scholars working in religious studies, theology, queer studies, sexuality studies and Asian studies.
