**Survey of Activities, 99th Congress** United States. Congress. House. Committee on Foreign Affairs, 1987

Days of Awe Atalia Omer, 2019-05-21 For many Jewish people in the mid-twentieth century, Zionism was an unquestionable tenet of what it meant to be Jewish. Seventy years later, a growing number of American Jews are instead expressing solidarity with Palestinians, questioning old allegiances to Israel. How did that transformation come about? What does it mean for the future of Judaism? In *Days of Awe*, Atalia Omer examines this shift through interviews with a new generation of Jewish activists, rigorous data analysis, and fieldwork within a progressive synagogue community. She highlights people politically inspired by social justice campaigns including the Black Lives Matter movement and protests against anti-immigration policies. These activists, she shows, discover that their ethical outrage at US policies extends to Israel's treatment of Palestinians. For these American Jews, the Jewish history of dispossession and diaspora compels a search for solidarity with liberation movements. This shift produces innovations within Jewish tradition, including multi-racial and intersectional conceptions of Jewishness and movements to reclaim prophetic Judaism. Charting the rise of such religious innovation, Omer points toward the possible futures of post-Zionist Judaism.

**Legislation on Foreign Relations Through ...** United States, 2008

Terrorism Randall D. Law, 2009-08-10 The book leads the reader through the shifting understandings and definitions of terrorism through the ages, providing an understanding of the uses of and responses to terrorism. Extensively covers jihadism, the Israeli/Palestinian conflict, Northern Ireland and the Ku Klux Klan, plus many other movements.

**Congressional Record Index**, 1985 Includes history of bills and resolutions.

Wanted Women Mary Elizabeth Strunk, 2010-09-18 The iconic photo of Bonnie Parker—cigar clenched in jaw, pistol in hand—says it all: America loves its bad girls. Now Mary Elizabeth Strunk tells us why. *Wanted Women* is a startling look at the lives—and legends—of ten female outlaws who gained notoriety during the tumultuous decades that bracketed the tenure of FBI director J. Edgar Hoover. Strunk looks at real-life events and fictional portrayals to decipher what our obsession with these women says about shifting gender roles, evolving law-enforcement practices, and American cultural attitudes in general. These women's stories reveal what it takes-and what it has meant--to be a high-profile female lawbreaker in

America. Strunk introduces us to Kathryn Mrs. Machine Gun Kelly, Ma Barker, and Bonnie Parker from the 1930s, and, from the 1970s, we meet heiress-turned-revolutionary Patty Hearst, five other women of the Symbionese Liberation Army, and Black Panther Assata Shakur. All saw themselves as struggling against an oppressive legal system. All became wanted criminals and would play a part in shaping Hoover's legacy. And all spent enormous amounts of energy attempting to manipulate public opinion in their favor. Strunk argues that each woman's public persona was to some degree invented by Hoover, who saw outlaw women as an alarming threat to public morality. He went after them with a vengeance, but in many ways his obsession only added to their reputations. Strunk shows how Hoover's repeated use of popular culture to publicize the threat of violent women initially succeeded in strengthening his FBI, but his approach became a liability by the time law enforcement was pitted against the women outlaws of the 1970s. The book chronicles the careers of these infamous outlaws both in the real world and in popular culture—film, ads, true-crime stories, autobiographies—as well as Hoover's own forays into filmmaking. It boasts 27 compelling images of movie stills, wanted posters, and other ephemera that have been assembled nowhere else, including rarely reproduced SLA artifacts. Strunk's book is the first study to define the narrow formula necessary for a woman to cross over from criminal to outlaw. Hitting on key notes of American culture from Black and gender studies to cinematic and legal history, *Wanted Women* sets a new benchmark for how we view women and crime as it contributes fresh insights into twentieth-century social history.

*International Legal Materials* ,

*Surprise Attack* Larry Hancock, 2015-09-01 *Surprise Attack* explores sixty plus years of military and terror threats against the United States. It examines the intelligence tools and practices that provided warnings of those attacks and evaluates the United States' responses, both in preparedness – and most importantly – the effectiveness of our military and national command authority. Contrary to common claims, the historical record now shows that warnings, often very solid warnings, have preceded almost all such attacks, both domestic and international. Intelligence practices developed early in the Cold War, along with intelligence collection techniques have consistently produced accurate warnings for our national security decision makers. *Surprise Attack* traces the evolution and application of those practices and explores why such warnings have often failed to either interdict or intercept actual attacks. Going beyond warnings, *Surprise Attack* explores the real world performance of the nation's military and civilian command and control history – exposing disconnects in the chain of command, failures of command and control and fundamental performance issues with national command authority. America has faced an ongoing series of threats, from the attacks on Hawaii and the Philippines in 1941, through the crises and confrontations of the Cold War, global attacks on American personnel and facilities to the contemporary violence of jihadi terrorism. With a detailed study of those threats, the attacks related to them, and America's response, a picture of what works – and what doesn't – emerges. The attacks have been tragic and we see the defensive preparations and response often

ineffective. Yet lessons can be learned from the experience; Surprise Attack represents a comprehensive effort to identify and document those lessons.

**The Intertestamental Period: A Climate of Change** Dr. Charles A. Seielstad,2019-12-02 What is ♦The Intertestamental Period: A Climate of Change♦ all about? Also known as the Silent Years of the Bible, the four-hundred-year period between the Old and New Testament was all but silent. The actions of Alexander the Great, Antiochus Epiphanes, Justin Maccabees, Herod the Great, Cleopatra, Marc Antony Julius Caesar, and many others set the stage for the New Testament events to take place and to be written down for future study and life application. Many shadows of the things to come prophetically spoken about in the Old Testament were found fulfilled at the onset of the New Testament. This book overflows with history, religion, politics, literature, but it also has intrigue, murder, rebellion, with a little bit of insanity mixed in. The events that took place during this era were not considered ♦in simpler times♦ or boring by any means. You will discover that The Intertestamental Period was An Optimum Environment for God♦s Ultimate Plan.
