Investigation into the Life of Prophet Muhammad Mhamed Najar, Is it possible to write a scientific and historical biography of the Prophet Muḥammad? To what extent can Islamic and external sources be trusted, or critically examined? And what methodology allows us to approach such a complex, multifaceted subject as the Sirah with objectivity and intellectual honesty? In this groundbreaking work, Tunisian scholar Mhamed Najar tackles these questions with clarity, courage, and scholarly rigor. Through a critical and comparative approach, he re-evaluates traditional narratives in light of lesser-known archaeological evidence, ancient inscriptions, numismatics, and contemporaneous non-Muslim texts. This first volume, which covers the Prophet's life from birth up to the eve of the Hijrah, challenges long-held assumptions and offers fresh insights. Among the original findings: the possibility of a forgotten younger brother of the Prophet who died in infancy, a reassessment of the accounts regarding his breastfeeding among the Banū Sa'd, a critical analysis of the narratives of the Isrā' and Mi'rāj, and an in-depth investigation of the legend surrounding Mariyah the Copt. Najar does not limit himself to the Islamic tradition but confronts it with external sources and scrutinizes the textual layers, political contexts, tribal dynamics, and ideological motivations behind the transmission of these reports. This is a pivotal work for readers, scholars, and critical thinkers who seek to move beyond both apologetic and hyper-skeptical approaches, and to explore the Prophet's life at the intersection of history, anthropology, and textual criticism.

Deux mille titres à thème juif parus en français entre 1989 et 1995 Mickaël Parienté,1995-12-31T23:00:00+01:00
« La publication du « Répertoire de références des ouvrages à thème juif » vient à son heure. Dans l'extraordinaire foisonnement de publications, de thèses, de travaux de recherche scientifique, de littérature hébraïque, de pensée juive, d'ouvrages d'histoire et de mémoire, de philosophie et de poésie, qui permet à certains d'anticiper et de parler de « Littérature et pensée judéo-françaises », ou encore « d'École littéraire juive de Paris », un tel outil de travail était devenu indispensable. Le voici donc à la disposition des universitaires, des chercheurs, des étudiants,et de tous les hommes et

femmes de culture, qui souhaitent boire ardemment « à la Source d'eau vive », s'abreuver à la parole éternelle de la Bible hébraïque. » Grand rabbin René-Samuel Sirat, président de l'Académie Hillel, président de l'École des hautes études du judaïsme. « La mise au point d'une étude bibliographique, concernant les ouvrages « à thème juif » parus ou traduits en français de 1989 à 1995, (étude susceptible, par ailleurs, d'engendrer des publications remontant plus haut dans le temps), me paraît d'autant plus opportune que notre pays a une longue familiarité avec la culture juive, familiarité qu'il convient de maintenir, de prolonger... » Emmanuel Le Roy Ladurie, Professeur au Collège de France, et membre de l'Institut, ancien administrateur général de la Bibliothèque nationale. « Dans la fascinante et infinie trajectoire lectorielle juive, amorcée voilà plus de trois millénaires, Mickaël Parienté, respectueusement distant, nous propose un bien modeste - mais combien précieux et instructif - parcours de sept années de lectures à thèmes juifs. Un bilan remarquablement éclairant sur le volume d'une production aux sources intarissables. Sources essentiellement juives, mais non-juives aussi, israéliennes et diasporielles, contribuent à redessiner l'architecture d'un domaine - le judaïsme et Israël - à travers un dialogue religieux, historique, culturel, poétique, philosophique et politique. Ce Répertoire qui, par la diversité et la richesse de ses rubriques, a une portée encyclopédique. » Yéhuda Lancry, ancien ambassadeur d'Israël en France.

The Targums in the Light of Traditions of the Second Temple Period Thierry Legrand, Jan Joosten, 2014-07-07 Although the Jewish Targums were written down only from the second century CE onward, and need to be studied against their Late Antique background, the issue of their connection to earlier sources and traditions is an important one. Do the existing Targums link up with an oral translation of Scripture and, if so, how far does it go back? Do the Targums transmit traditional exegetical material in a distinct form? What is the relation between the Targums and parabiblical literature of the Second Temple period (including the New Testament)? In the present volume, these and other questions are studied and debated by an international group of scholars including some of the best specialists of Targumic literature in all its diversity, as well as specialists of various Second Temple writings.

Revue de Qumrân ,2001

L' "Aujourd'hui" en Luc-Actes, chez Paul et en Hébreux Dominique Angers, 2017-12-18 This book examines the use of the term σήμερον ("today") in Luke-Acts (22 occurrences), the Pauline letters (Romans 11:8; 2 Corinthians 3:14, 15) and the Epistle to the Hebrews (1:5; 3:7, 13, 15; 4:7 [twice]; 5:5; 13:8). It gives special attention to the possible influence of the Deuteronomic today in the New Testament. Two main hypotheses are at the heart of this study. First, the word today, in Deuteronomy as well as the three New Testament corpora under consideration, becomes a theological theme of its own. Second, in the minds of the three New Testament authors who give attention to this motif, there seems to be an awareness of certain theological associations that are bound up with the Deuteronomic today. By the end of this investigation, it becomes apparent that Luke's today, Paul's today and the today of the Epistle to the Hebrews, while each possessing unique

characteristics, all contribute to emphasize the same key theological concepts, such as the fulfillment of Scripture, an inaugurated and progressively realized eschatology, the coming of salvation, the heralding of the good news and the proclaiming of God's Word.

The Dead Sea Scrolls in Scholarly Perspective: A History of Research Devorah Dimant, Ingo Kottsieper, 2012-01-20
This book contains an exhaustive survey of past and present Qumran research, outlining its particular development in various circumstances and national contexts. For the first time, perspectives and information not recorded in any other publication are highlighted.

Vetus Testamentum, 1957

L'Apocalypse des animaux (1 Hen 85-90): une propagande militaire? Daniel Assefa, 2007-09-30 For the majority of scholars, the Animal Apocalypse is a militant text, a piece of pro-Maccabean propaganda. This text, however, develops theological reflections that are distinctly different from a justification of an armed struggle. Its themes are even incompatible with the Maccabean movement. It is impossible to condemn the Second Temple and, at the same time, mobilise people for a fight in order to purify that very Temple. After dealing with text-critical issues, this work challenges the thesis that the text is military propaganda through the use of narrative and historical approaches. The analyses, besides proposing a new way of studying an apocalypse, spell out the peculiarity and the significance of the theology of the Animal Apocalypse in connection with the biblical history of Israel and the theology of the Qumran community.

La Septante Grec-Français Ouvrage Collectif, 2023-04-20 La Septante est la première traduction grecque de l'Ancien Testament, commencée environ deux siècles avant Jésus-Christ, à Alexandrie en Egypte. Son nom lui vient d'une tradition selon laquelle soixante-dix rabbins auraient participé à cette tâche. La légende veut même que, chacun d'eux ayant été enfermé séparément dans une cellule, ils en soient sortis avec des traductions en tous points identiques ! La Septante était la version la plus répandue parmi les juifs du temps de Jésus. La diaspora avait en effet commencé bien avant la destruction du temple et les juifs pratiquaient couramment la Koiné, la langue grecque commune. Paul connaissait ce texte grec, Jésus lui-même l'avait peut-être lu. Les traducteurs de la Septante avaient un usage de l'hébreu contemporain et leur traduction peut nous aider à comprendre le sens d'un petit nombre de mots obscurs ; de plus ils disposaient de textes originaux aujourd'hui disparus. Pour toutes ces raisons et plusieurs autres, tout bibliste doit se familiariser avec ce monument éternel de l'antiquité. Cette numérisation ThéoTeX, bilingue Grec-Français, a pour but de permettre à l'amateur de grec biblique de lire dans la langue originale, tout en pouvant s'assurer immédiatement de sa compréhension.

Jésus et les musulmans d'aujourd'hui Maurice Borrmans, 2014-07-18T00:00:00+02:00 Cet ouvrage prend en somme le relais de deux autres précédemment publiés dans la collection « Jésus et Jésus-Christ », Jésus, fils de Marie, prophète de l'islam et Jésus dans la pensée musulmane : du Coran, de ses grands commentaires et des penseurs les plus classiques de

l'islam, on passe maintenant aux musulmans du XXe siècle, donc à l'islam d'aujourd'hui. Que disent les textes coraniques, les catéchismes contemporains et les grands commentaires de notre temps ? Qu'en est-il des positions des théologiens, écrivains et poètes ? Prophète appelé Messie « mais sans messianisme », Jésus, la figure fondatrice et centrale du christianisme, demeure pour les fidèles d'Allah et disciples de Mahomet, une énigme : comment ceux-ci pourraient-ils reconnaître en lui le double mystère que la tradition chrétienne confesse sous le nom d'Incarnation et de Rédemption ? Proposées par un grand islamologue et arabisant, l'enquête et la réflexion qui se déploient dans ces pages sont tout imprégnées de l'esprit qui anime l'importante Déclaration conciliaire de Vatican II sur les relations de l'Église catholique avec les religions non chrétiennes. Collection « Jésus et Jésus-Christ » dirigée par Mgr Doré.

Le Testament d'Abraham M. Delcor, 1973

Mystères de la Bible Marc-Alain Ouaknin, 2008 Propose une lecture des thèmes qui, au cours des siècles, sont devenus des symboles de la Bible : une sorte de dictionnaire des idées reçues sur la Bible, véritable archéologie des erreurs et des rumeurs, de leurs causes et de leurs transmissions.

New Chapters in the History of Rhetoric Laurent Pernot, 2009-09-28 This volume gathers over forty papers by leading scholars in the field of the history of rhetoric. It illustrates the current trends in this new area of research and offers a great richness of insights. The contributors are from fourteen different countries in Europe, America and Asia ; the majority of the papers are in English and French, some others in German, Italian, and Spanish. The texts and subjects covered include the Bible, Classical Antiquity, Medieval and Modern Europe, Chinese and Korean civilization, and the contemporary world. Word, speech, language and institutions are addressed from several points of view. One major topic, among many others, is Rhetoric and Religion.

Roman d'Ahiqar Institut de recherche scripturale, 2023 Le Roman d'Ahiqar est la plus ancienne histoire israélite survivante, avec des copies connues en araméen remontant au 5^e siècle avant JC. Comme il a été traduit dans de nombreuses langues au cours des deux derniers millénaires et demi, il possède désormais plusieurs noms et traductions, dont le Roman d'Ahiqar, les Paroles d'Ahiqar, et diverses variantes du nom, dont Achiacharos, du grec traduction, Ḥayqr de la traduction araméenne, Akyrios de la traduction en vieux slave, Ḥayqār de la traduction arabe et Xikar de la traduction arménienne. Cette traduction utilise la variante française la plus courante d'Ahiqar, qui est basée sur une translittération de la plus ancienne version araméenne du nom. Les fragments les plus anciens de ce livre trouvés à ce jour ont été découverts à Éléphantine, en Égypte, et datent du 5^e siècle avant JC, ce qui le rend quelques siècles plus vieux que le plus ancien des manuscrits de la mer Morte. Alors que l'histoire est établie pendant la captivité assyrienne des Samaritains au 7^e siècle avant JC, il est généralement accepté par les savants que le livre a été écrit sous sa forme actuelle au 6^e siècle avant JC, pendant la captivité babylonienne des Judaïtes. La raison principale de cette datation est la répétition référencée à Bôlâ, qui est

généralement acceptée comme une référence au dieu néo-babylonien du 6^e siècle av. JC. nommé, plus communément appelé Bēl en français, basé sur son apparition dans le Livre Septante de Daniel, où il a été appelé Bel. Ce livre se réfère aussi à plusieurs reprises au Dieu suprême, El Elyon, l'ancien dieu cananéen et israélite de la Torah, cependant, ne mentionne pas Yahw, et ne semble donc pas avoir été écrit par un Judaïte. Comme Tobie prétendait être l'oncle d'Ahiqar, et un Nephtalite captif en Assyrie, cela indique qu'Ahiqar était considéré comme un Samaritain, et non un Judaïen au moment où Tobie a été écrit. Alors que Bôlā était la traduction araméenne de Belu, c'était aussi la traduction araméenne du terme cananéen Bôl, plus communément orthographié Ba'al en français sur la base de l'orthographe hébraïque de baal, signifiant « seigneur » ou « mari ». Cela signifie que si le texte avait été écrit par un Samaritain à l'époque néo-assyrienne, le terme aurait été un mot cananéen courant utilisé en Samarie pour « le Seigneur », ou du moins un « Seigneur ». Selon toutes les preuves historiques et les preuves écrites de la Septante et du texte massorétique, les Israélites utilisaient à l'époque le terme Ba'al pour désigner plusieurs dieux, y compris le dieu adoré dans les temples de Jérusalem et de Samarie. Néanmoins, à l'époque des plus anciens fragments survivants d'Ahiqar, le terme semble avoir été interprété comme une référence au Bēl néo-babylonien, probablement parce que les Israélites avaient cessé de désigner leurs dieux comme Ba'al à cette époque.

Corpus Christologicum Gregory R Lanier, 2021-01-01 A compendium of approximately three hundred texts--in Greek, Hebrew, Aramaic, Latin, Ethiopic, Syriac, Coptic, and other languages--that are important for the study of Jewish messianism and early Christology. In recent decades, the study of Jewish messianic ideas and how they influenced early Christology has become an incredibly active field within biblical studies. Numerous books and articles have engaged with the ancient sources to trace various themes, including Messiah language itself, exalted patriarchs, angel mediators, wisdom and word, eschatology, and much more. But anyone who attempts to study the Jewish roots of early Christianity faces a challenge: the primary sources are wide-ranging, involve ancient languages, and are often very difficult to track down. Books are littered with citations and a host of other sometimes obscure writings, and it can be difficult to sort them all out. This book makes a much-needed contribution by bringing together the most important primary texts for the study of Jewish messianism and early Christology--nearly three hundred in total--and presenting the reader with essential information to study them: the critical text itself (with apparatus), a fresh translation, a current bibliography, and thematic tags that allow the reader to trace themes across the corpus. This volume aims to be the starting point for all future work on the primary sources that are relevant to messianology and Christology. About the Author Gregory R. Lanier (PhD, University of Cambridge) is Associate Professor of New Testament at Reformed Theological Seminary in Orlando, Florida. He has written extensively on early Christology and published Old Testament Conceptual Metaphors and the Christology of Luke's Gospel (Bloomsbury, 2018); Septuaginta: A Reader's Edition (Hendrickson, 2018); and Is Jesus Truly God? How the Bible Teaches the Divinity of Christ (Crossway, 2020). He also serves as associate pastor of River Oaks Church in Lake Mary, Florida.

L'enseignement du mépris Jules Isaac, 1962 Analyzes the Church's teaching of contempt: an official, systematic, and coherent program which lies at the basis of Christian antisemitism, which is as old as Christianity itself. Its aim has been to degrade the Jewish adversary, from whose midst Christianity arose. Characterizes and rebuts the teaching's three main themes: the dispersion of the Jews as God's punishment for the crucifixion; the degenerate state of Judaism at the time of Jesus; and the Jews as a deicide people. The appendixes (pp. 137-192) relate to a controversy between Isaac and Daniel Rops, which began with the publication of Rops' *Jésus en son temps* in 1946; the abusive interpretation of New Testament texts with regard to the cursing of Israel; and a list of propositions for Isaac's book *Jésus et Israël*.

The Bible and the Dead Sea Scrolls: Scripture and the scrolls James H. Charlesworth, 2006 The recovery of 800 documents in the eleven caves on the northwest shores of the Dead Sea is one of the most sensational archeological discoveries in the Holy Land to date. These three volumes, the very best of critical scholarship, demonstrate in detail how the scrolls have revolutionized our knowledge of the text of the Bible, the character of Second Temple Judaism, and the Jewish beginnings of Christianity.
