*The Image of Disability* JL Schatz, Amber E. George, 2018-08-16 A mainstay of modern life, the global media gives out information about disabilities that is often inaccurate or negative and perpetuates oppressive stigmas and discrimination. In response to representations that have been incomplete, misguided or unimaginative, this collection of new essays encourages scholars and allies to refashion media so as to disrupt the status quo and move toward more liberatory politics. Images in film, television and social media are assessed through the lenses of disabilities studies, media studies, cultural studies and intersectional studies involving critical race theory and gender.

**Teaching Writing, Rhetoric, and Reason at the Globalizing University** Robert Samuels, 2020-11-25 This timely intervention into composition studies presents a case for the need to teach all students a shared system of communication and logic based on the modern globalizing ideals of universality, neutrality, and empiricism. Based on a series of close readings of contemporary writing by Stanley Fish, Asao Inoue, Doug Downs and Elizabeth Wardle, Richard Rorty, Slavoj Žižek, and Steven Pinker, this book critiques recent arguments that traditional approaches to teaching writing, grammar, and argumentation foster marginalization, oppression, and the restriction of student agency. Instead, it argues that the best way to educate and empower a diverse global student body is to promote a mode of academic discourse dedicated to the impartial judgment of empirical facts communicated in an open and clear manner. It provides a critical analysis of core topics in composition studies, including the teaching of grammar; notions of objectivity and neutrality; empiricism and pragmatism; identity politics; and postmodernism. Aimed at graduate students and junior instructors in rhetoric and composition, as well as more seasoned scholars and program administrators, this polemical book provides an accessible staging of key debates

that all writing instructors must grapple with.

**The Witches Are Coming** Lindy West,2019-11-05 In this wickedly funny cultural critique, the author of the critically acclaimed memoir and Hulu series *Shrill* exposes misogyny in the #MeToo era. This is a witch hunt. We're witches, and we're hunting you. From the moment powerful men started falling to the #MeToo movement, the lamentations began: this is feminism gone too far, this is injustice, this is a witch hunt. In *The Witches Are Coming*, firebrand author of the New York Times bestselling memoir and now critically acclaimed Hulu TV series *Shrill*, Lindy West, turns that refrain on its head. You think this is a witch hunt? Fine. You've got one. In a laugh-out-loud, incisive cultural critique, West extolls the world-changing magic of truth, urging readers to reckon with dark lies in the heart of the American mythos, and unpacking the complicated, and sometimes tragic, politics of not being a white man in the twenty-first century. She tracks the misogyny and propaganda hidden (or not so hidden) in the media she and her peers devoured growing up, a buffet of distortions, delusions, prejudice, and outright bullsh\*t that has allowed white male mediocrity to maintain a death grip on American culture and politics—and that delivered us to this precarious, disorienting moment in history. West writes, We were just a hair's breadth from electing America's first female president to succeed America's first black president. We weren't done, but we were doing it. And then, true to form—like the Balrog's whip catching Gandalf by his little gray bootie, like the husband in a Lifetime movie hissing, 'If I can't have you, no one can'—white American voters shoved an incompetent, racist con man into the White House. We cannot understand how we got here,—how the land of the free became Trump's America—without examining the chasm between who we are and who we think we are, without fact-checking the stories we tell ourselves about ourselves and each other. The truth can transform us; there is witchcraft in it. Lindy West turns on the light.

**Hanging Out, Messing Around, and Geeking Out, Tenth Anniversary Edition** Mizuko Ito, Sonja Baumer, Matteo Bittanti, Danah Boyd, Rachel Cody, 2019-09-24 The tenth-anniversary edition of a foundational text in digital media and learning, examining new media practices that range from podcasting to online romantic breakups. *Hanging Out, Messing Around, and Geeking Out*, first published in 2009, has become a foundational text in the field of digital media and learning. Reporting on an ambitious three-year ethnographic investigation into how young people live and learn with new media in varied settings—at home, in after-school programs, and in online spaces—it presents a flexible and useful framework for understanding the ways that young people engage with and through online platforms: hanging out, messing around, and geeking out, otherwise known as HOMAGO. Integrating twenty-three case studies—which include Harry Potter podcasting, video-game playing, music sharing, and online romantic breakups—in a unique collaborative authorship style, *Hanging Out, Messing Around, and Geeking Out* combines in-depth descriptions of specific group dynamics with conceptual analysis. Since its original publication, digital learning labs in libraries and museums around the country have been designed around the HOMAGO mode and educators have created HOMAGO guidebooks and toolkits. This tenth-anniversary edition features a new introduction by Mizuko Ito and Heather Horst that discusses how digital youth culture evolved in the intervening decade, and looks at how HOMAGO has been put into practice. This book was written as a collaborative effort by members of the Digital Youth Project, a three-year research effort funded by the John D. and Catherine T. MacArthur Foundation and conducted at the University of California, Berkeley, and the University of Southern California.
