The Ways We Love Sheila A. Sharpe, 2004-01-28 This volume delineates a developmental theory of love relationships that provides a comprehensive approach to treating couples. Drawing on her 30 years of clinical experience, Sheila A. Sharpe conceptualizes marriage and other committed partnerships as comprising multiple patterns of relating that develop over time

in a parallel, though interconnected, fashion. Seven universal patterns of intimate relating are identified: nurturing, merging, idealizing, devaluing, controlling, competing for superiority, and competing in love triangles. Sharpe demonstrates how these patterns originate in a person's early experience, are reworked in different ways throughout life, and express everyone's basic needs for both connection and separateness. Supplying vital insights and tools for therapeutic work, the volume offers the clinician a multifaceted perspective on how couple relationships grow and what happens when their growth becomes derailed.

Love affairs of the Courts of Europe Thornton Hall,2019-12-23 In *Love Affairs of the Courts of Europe*, Thornton Hall delves into the intricate and often tumultuous romantic escapades that shaped the destinies of European monarchies. Hall employs a richly evocative prose style, blending meticulous historical research with narrative flair to capture the passion, intrigue, and scandal that marked the courts from the Renaissance to the late 19th century. By situating these personal dramas within the broader socio-political landscape, the author illuminates how love influenced treaties, wars, and alliances, employing a vivid tableau that brings these historical figures to life. Thornton Hall, a celebrated historian with a penchant for romance and power dynamics, draws on his extensive background in European history to explore this often-overlooked aspect of royal life. His travels through Europe and scholarly pursuits have granted him unique access to archival materials that showcase the fiery passions of figures like Marie Antoinette and Louis XIV. Hall's understanding of the emotional landscapes that fueled political machinations adds depth and nuance to the narrative, making the ancient past feel strikingly relevant. Readers seeking an engaging blend of history, romance, and intrigue will find *Love Affairs of the Courts of Europe* to be an enlightening exploration of how love, in its many forms, shapes history. Hall's keen insights and captivating storytelling not only entertain but also invite readers to reconsider the intersection of personal and political realms throughout history.

The Marvelous Musicians Ricciardi / Nugent,

My "Plane" Truth Jill Douglas, 2012-02-17 On January 21, 2006, my husband Terry and I were enjoying a relaxing couples massage during a romantic getaway and five hours later we were experiencing 15 terrifying minutes of uncertainty as to whether we would live or die. Our single engine plane had suddenly lost all its power. In those moments of uncertainty, flashing before me was my life... What had I done? What would I miss? And most importantly what was the meaning of those blue eyes that superimposed themselves over Terry's eyes ... minutes before we crashed? The physical and emotional healing was intense, humbling and gratifying while the spiritual path that I had been catapulted onto was certainly uplifting and unfamiliar to me. All my life my soul had been gently nudging me towards my true purpose, now it was hitting me over the head with the messages of ... Love more... have less, simplify your life. Love and forgive myself and others unconditionally. This true story is of my spiritual transformation that took me from having the illusion that all my material accomplishments was all there was for a fulfilling life: to knowing that life was and had already been planned for me, by me well before I incarnated into this body. Surviving this plane crash was only a catalyst towards me fulfilling my true purpose in life. Having a clean slate to begin all over with is a daunting task. Being 47, now widowed and starting over was a daunting task. My faith as about to be tested big time. For from tragedy comes triumph. Having found the owner of 'those eyes' I know I have more work and a much higher purpose in life to fulfill. It took a life threatening and frightening plane crash to make me see the truth... my plane truth. It's truly been a humbling experience and one I consider to be a gift and not a tragedy. The hardest part was simply looking in the mirror and uncovering all my masks that I had thought were protecting me, but in fact were keeping me from knowing my true self.

Screening the Past Tony Barta, 1998-08-20 Film and television have been accepted as having a pervasive influence on how people understand the world. An important aspect of this is the relationship of history and film. The different views of the past created by film, television, and video are only now attracting closer attention from historians, cultural critics, and filmmakers. This volume seeks to advance the critical exploration scholars have recently begun. Barta begins by addressing the various ways the past is screened for our understanding and relates the art of film to other media. The essays that follow deal primarily with the changing perspectives of political and social developments—and changing concepts of ideology, gender, or culture—in films and television programs made for historically shaped reasons. Chapters by filmmakers explore issues of context and intent in their own projects. Scholars and general readers interested in film and cultural studies will find this an important volume.
