National Geographic the Old West Stephen G. Hyslop, 2015-11 The lives, legends, and epic events that made the American West a world-renowned symbol of true grit are showcased in this gorgeous volume featuring the Gold Rush, the Indian Wars, cowboys, outlaws, and more. From the first wagon trains to the building of the railroads, the story of the American West is epic in scope, full of amazing stories of grit, tragedy, and triumph. Lavishly illustrated with photographs and maps, this is the definitive history of a time and place that forever lives in legend. Travel with fur traders and trappers through the Pacific northwest; read accounts of brave pioneers heading west along the Oregon Trail; see 19th-century technology progress as the golden spike connects the east and west coasts; and learn the stories of unforgettable characters who made the American West. The history starts with the early explorers who laid claim to the West, altering forever the lives and lands of the Native Americans. Illustrations and archival imagery illuminate the conquest by the Spanish and other Europeans, exploration by Americans, the land rushes by settlers, the Indian Wars, the gold rushes, cowboy culture, loggers, railroad builders, and more. Sidebars showcase fascinating figures and topics of the Old West, including: Annie Oakley, gunslinger and performer; the rise of the copper kings; 'Western' motion pictures; feuds between cowboys, ranchers, and sheep herders, and more--

Son of the Old West Nathan Ward, 2023-09-05 An epic narrative of the Old West told through the vivid, outsized life of cowboy, detective, and chronicler Charlie Siringo No figure in the Old West lived or shaped its history more fully than Charlie Siringo, as Nathan Ward reveals in his colorful portrait of this epic era and one of its primary protagonists. Born in Matagorda, Texas in 1855, Charlie went on his first cattle drive at age twelve and spent two decades living his boyhood dream as a cowboy. As the dangerous, lucrative "beeves" business boomed, Siringo drove longhorn steers north to the burgeoning Midwest Plains states' cattle and railroad towns, inevitably crossing paths with such legendary figures as Billy the Kid, Bat Masterson, and Shanghai Pierce. In his early thirties he joined the Pinkerton Detective Agency's Denver office, using a variety of aliases to investigate violent labor disputes and infiltrate outlaw gangs such as Butch Cassidy's train robbing Wild Bunch. As brave as he was clever, he was often saved by his cowboy training as he traveled to places the law had not yet reached. Siringo's bestselling, landmark 1885 autobiography, *A Texas Cowboy*, helped make the lowly cowboy a

heroic symbol of the American West. His later memoir, *A Cowboy Detective*, influenced early hard-boiled crime novelists for whom the detective story was really the cowboy story in an urban setting. Sadly sued into debt by the Pinkertons determined to prevent their sources and methods from being revealed, Siringo eventually sold his beloved New Mexico ranch and moved to Los Angeles, where he advised Hollywood filmmakers, and especially actor William S. Hart, on their early 1920s Westerns, watching the frontier history he had known first-hand turned into romantic legend on the screen. In old age, Charlie Siringo was called “Ulysses of the Wild West” for the long journey he took across the western frontier. Son of the Old West brings him and his legendary world vividly to life.

Old West Showdown Bill Markley, Kellen Cutsforth, 2018-10-01 The real lives of the historic figures in Old West Showdown are shrouded in controversy and myth. Was Jesse James a Southern Son fighting for the cause of the fallen Confederacy, or a blood-thirsty cutthroat justly pursued by the authorities? Was Billy the Kid a misunderstood youth or a cold-blooded killer? Did Buffalo Bill Cody truly ride for the Pony Express as a young man? Or, was he just a blowhard who trumped up his own past in an attempt to seem more heroic in the eyes of audiences attending his Wild West shows? In *Old West Showdown*, dueling authors Bill Markley and Kellen Cutsforth draw on fact and folklore to present opposing viewpoints pertaining to controversies surrounding some of the most well-known characters and events in the history of the Old West.

The Mythic West in Twentieth-century America Robert G. Athearn, 1986 Briefly describes life in the West, and discusses the ephemeral nature of the region, western towns, the tourist industry, agriculture, fiction, and the ecology movement.

On the Back Roads Bill Graves, 2012-06-01 Do you like small towns, places off the beaten path, trips down memory lane? Ever wonder if old-fashioned values are still alive in America? Then kick back, unwind, and hop onboard with travel writer Bill Graves as he takes you On the Back Roads. Graves has a knack for finding the quirky, the offbeat in some of the most

obscure, yet fascinating, small towns on the map. Among the places and faces he discovers: a town where it's against the law not to own a gun, a town famous for its split pea soup, the wise 83-year-old Emmy who camps alone in the dessert, and a man who hunts live ants for a living. The list goes on! Retired and free to roam in his motorhome, the &“RV Author,&” Bill Graves, logs 40,000 miles through the western states of California, Arizona, Utah, Nevada, Oregon and Wyoming.

The Mythical West Richard W. Slatta, 2001-11-20 This cultural journey down memory lane showcases how major Western figures, events, and places have been portrayed in folk legends, art, literature, and popular culture. Ever since the days of the 49ers and George Armstrong Custer, the Old West has been America's most potent source of legend. But it is sometimes hard to separate fact from fiction. Did you know, for example, that Annie Oakley was a talented marksman who shot an estimated 40,000 rounds per year while practicing and performing for Buffalo Bill Cody's Wild West Show in the late 1800s? Or that many interpreters believe that The Wonderful Wizard of Oz is not just a fairy tale, but also a Populist allegory? These are just two of the folk legends dissected and examined in this veritable cultural geography. The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlan (the legendary first city of the Aztecs) and Area 51, the top-secret U.S. Air Force base at Groom Lake, Nevada, that has fascinated UFO and conspiracy buffs.

Thinking Continental Tom Lynch, Susan Naramore Maher, Drucilla Wall, O. Alan Weltzien, 2017-11-01 In response to the growing scale and complexity of environmental threats, this volume collects articles, essays, personal narratives, and poems by more than forty authors in conversation about “thinking continental”—connecting local and personal landscapes to universal systems and processes—to articulate the concept of a global or planetary citizenship. Reckoning with the larger matrix of biome, region, continent, hemisphere, ocean, and planet has become necessary as environmental challenges require the insights not only of scientists but also of poets, humanists, and social scientists. Thinking Continental braids together abstract approaches with strands of more-personal narrative and poetry, showing how our imaginations can encompass the planetary while also being true to our own concrete life experiences in the here and now.

Drawing the Past, Volume 1 Dorian L. Alexander, Michael Goodrum, Philip Smith, 2022-01-04 Contributions by

Lawrence Abrams, Dorian L. Alexander, Max Bledstein, Peter Cullen Bryan, Stephen Connor, Matthew J. Costello, Martin Flanagan, Michael Fuchs, Michael Goodrum, Bridget Keown, Kaleb Knoblach, Christina M. Knopf, Martin Lund, Jordan Newton, Stefan Rabitsch, Maryanne Rhett, and Philip Smith History has always been a matter of arranging evidence into a narrative, but the public debate over the meanings we attach to a given history can seem particularly acute in our current age. Like all artistic mediums, comics possess the power to mold history into shapes that serve its prospective audience and creator both. It makes sense, then, that history, no stranger to the creation of hagiographies, particularly in the service of nationalism and other political ideologies, is so easily summoned to the panelled page. Comics, like statues, museums, and other vehicles for historical narrative, make both monsters and heroes of men while fueling combative beliefs in personal versions of United States history. *Drawing the Past, Volume 1: Comics and the Historical Imagination in the United States*, the first book in a two-volume series, provides a map of current approaches to comics and their engagement with historical representation. The first section of the book on history and form explores the existence, shape, and influence of comics as a medium. The second section concerns the question of trauma, understood both as individual traumas that can shape the relationship between the narrator and object, and historical traumas that invite a reassessment of existing social, economic, and cultural assumptions. The final section on mythic histories delves into ways in which comics add to the mythology of the US. Together, both volumes bring together a range of different approaches to diverse material and feature remarkable scholars from all over the world.

Heart of the Trail Mary Barmeyer O'Brien, 2017-05-01 Updated and expanded for its twentieth anniversary—the beloved book that tells the stories of the women who traveled West. In *Heart of the Trail* Mary Barmeyer O'Brien beautifully captures the triumphs and tribulations of women who crossed the American frontier by wagon during the great Western migration of the mid nineteenth century. While their stories are widely different, each of these remarkable women was inspiring, courageous, and resourceful. From the successes of mountaineer Julia Anna Archibald to the grueling trials of Mary Powers, these stories reflect the adventure and hardship experienced by the thousands of women who took to the trails. The legacy of their letters and diaries, most written on the trail, is a fascinating addition to understanding the history of the West. Mary Barmeyer O'Brien's books on the pioneer experience include *The Promise of the West*; *Jeannette Rankin: Bright Star in the Big Sky*; *Outlasting the Trail: The Story of a Woman's Journey West*; *May: The Hard-Rock Life of Pioneer May Arkwright Hutton*; and *Across Death Valley*. She lives in Polson, Montana.

Creation, Translation, and Adaptation in Donald Duck Comics Peter Cullen Bryan, 2021-05-17 This book examines the scope and nature of Donald Duck and his family's popularity in Germany, in contrast to the diminished role they play in America. This is achieved through examination of the respective fan communities, business practices, and universality of the characters. This work locates and understands the aspects of translation and adaptation that inform the spread of culture that have as yet been underexplored in the context of comic books. It represents a large-scale attempt to incorporate adaptation and translation studies into comics studies, through a lens of fan studies (used to examine both the American and German fan communities, as well as the work of Don Rosa). This work builds on the efforts of other scholars, including Janet Wasko and Illaria Meloni, while expanding the historical understanding of what might be the world's best-selling comics. Peter Cullen Bryan is Lecturer at Pennsylvania State University, USA. His areas of study include American Studies, Intercultural Communications, and 21st Century American culture, emphasizing comic art and fan communities. His research has appeared in the Journal of Fandom Studies, The Journal of American Culture, and Popular Culture Studies Journal. He serves on the boards of the Mid-Atlantic Popular Culture Association and the Popular Culture Association, as well as Secretary for the Intercultural Communication section of the International Communication Association.

Preserving Western History Andrew Gulliford, 2005-08-15 The first collection of essays on public history in the American West.

Two-Buck Chuck & The Marlboro Man Frank Bergon, 2019-03-06 Frank Bergon's astonishing portrayals of people in California's San Joaquin Valley reveal a country where the culture of a vanishing West lives on in many twenty-first-century Westerners, despite the radical technological transformations around them. All are immigrants, migrants, their children, or their grandchildren whose lives intertwine with the author's, including several races and ethnicities: Chicanos, Mexicans, African Americans, Italians, Asians, Native Americans, Scots-Irish descendants of Steinbeck's Okies, and Basques of the author's own heritage. Bergon presents a powerful array of rural and small-town Westerners who often see themselves as

part of a region and a way of life most Americans aren't aware of or don't understand, their voices unheard, their stories untold. In these essays, Westerners from the diverse heritage of the San Joaquin Valley include California's legendary Fred Franzia, the maker of the world's best-selling Charles Shaw wines dubbed "Two-Buck Chuck," and Darrell Winfield, a Dust Bowl migrant and lifelong working cowboy who for more than thirty years reigned as the iconic Marlboro Man. Their voices help us understand the complexities of today's rural West, where Old West values intersect with New West realities. This is the West (and America today)—a region in conflict with itself.
