Behold! a Pale Horse Milton Cooper, 2018-05-02 William Cooper turned out to be right; and that's all we have to say about his self-published Book. Let's keep copies of this treatise for our grandchildren and their children, so the spectre of corruption and perfidy that we the late 20th century generation experienced, will never occur again in seven generations.

Behold a Pale Horse William Cooper, 2012-04-11 Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to talk due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been talking, he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. Bill Cooper is the world's leading expert on UFOs. -- Billy Goodman, KVEG, Las Vegas. The only man in America who has all the pieces to the puzzle that has troubled so many for so long. -- Anthony Hilder, Radio Free America William Cooper may be one of America's greatest heroes, and this story may be the biggest story in the history of the world. -- Mills Crenshaw, KTALK, Salt Lake City. Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands. -- William Cooper, October 24, 1989.

The Octopus Kenn Thomas, Jim Keith, 2004 Originally released to critical praise, this book became a much sought-after classic in the underground of conspiracy literature - today commanding high prices on the book collector's market. The new paperback edition carries Casolaro's conspiratorial insights and research into the post-911 world, for which it was a harbinger.

The Illuminati Mark Dice, 2009 Secret societies have both fascinated and frightened people for hundreds of years. Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe. The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s. Since then, rumors and conspiracy theories involving the Illuminati continue to spread, sometimes finding their way into popular novels like Dan Brown's *Angels & Demons* and Hollywood movies like *Lara Croft: Tomb Raider*. Some men have even come forward claiming to be former members, offering details of what they allege are the inner workings of the organization. When you sift through all of the information available on the subject, you may be surprised that the truth is stranger than fiction. In *The Illuminati: Facts & Fiction*, conspiracy and occult expert Mark Dice separates history from Hollywood and shows why tales of the secret society won't die. - Original Writings and Documents - Purported Texts - Freemasonry's Connections - The Georgia Guidestones - Alleged Victims and Defectors - Aliens and Reptilians - Activists and Eyewitnesses - Fictional books - Fictional films - TV references - The Music Industry - Mainstream Media Manipulation - Documentary Films - Pre Illuminati Organizations - The Luciferian Doctrine - The Federal Reserve - Skull and Bones - The Bilderberg Group - Bohemian Grove - The Council on Foreign Relations - The Franklin Cover-up - Sex Magic - Election Fraud - The Necronomicon - The Church of Satan - The Secret Doctrine - Emerald Tablet - The Book of Thoth - The Book of Dzyan - The Report From Iron Mountain - Protocols of the Elders of Zion - The Holy Grail - MK-ULTRA Documents - The Satanic Bible - The Secret Doctrine - David Rockefeller's Memoirs - Memoirs Illustrating the History of Jacobinism - Secret Societies and Subversive Movements - Occult Theocracy - Externalization of the Hierarchy - None Dare Call It Conspiracy - Magick: In Theory and Practice - Bloodlines of the Illuminati - The Lexicon of Freemasonry - Morals and Dogma - The Secret Teachings of All Ages - Myron Fagan - Edith Miller - Gary Allen - Abbe Barruel - Nesta Webster - Anthony J. Hope and Fear Ronald H. Fritze,2022-04-18 A myth-busting journey through the twilight world of fringe ideas and alternative facts. Is a secret and corrupt Illuminati conspiring to control world affairs and bring about a New World Order? Was Donald Trump a victim of massive voter fraud? Is Elizabeth II a shapeshifting reptilian alien? Who is doing all this plotting? In Hope and Fear, Ronald H. Fritze explores the fringe ideas and conspiracy theories people have turned to in order to make sense of the world around them, from myths about the Knights Templar and the Ten Lost Tribes of Israel, to Nazis and the occult, the Protocols of Zion and UFOs. As Fritze reveals, when conspiracy theories, myths, and pseudo-history dominate a society's thinking, facts, reality, and truth fall by the wayside.

Conspiracies and Conspiracy Theories in American History Christopher R. Fee,Jeffrey B. Webb,2019-05-24 This up-to-date introduction to the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political, legal, religious, and financial institutions. Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand, from the U.S. Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York. Ideas about shadowy networks that operate behind a cloak of secrecy, including real organizations like the CIA and the Mafia and imagined ones like the Illuminati, additionally provide a way for people to criticize prevailing political and economic arrangements, while for society's disadvantaged and forgotten groups, conspiracy theories make their suffering and alienation comprehensible and provide a

focal point for their economic or political frustrations. These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society. Through interpretive essays and factual accounts of various people, organizations, and ideas, the reader will gain a much greater appreciation for a set of beliefs about political scheming, covert intelligence gathering, and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper, and with a global reach.

Heaven's Gate Benjamin E. Zeller, 2014-10-31 In March 1997, thirty-nine people in Rancho Santa Fe, California, ritually terminated their lives. To outsiders, it was a mass suicide. To insiders, it was a graduation. The author explores the question of why the members of Heaven's Gate committed ritual suicides, and examines the origin and evolution of the religion, its appeal, and practices.

Secret and Suppressed Jim Keith, 2008-11-01 An underground sensation, *Secret and Suppressed* confronts the reader with disquieting revelations on mind control, secret societies, media disinformation, cults and elite cabals.

A Culture of Conspiracy Michael Barkun, 2013-08-15 It is well known that some Americans are obsessed with conspiracies. Films, best-selling books, and television shows talk about plots by the Illuminati or sightings of black helicopters. But American society has changed dramatically since *A Culture of Conspiracy* was first published in 2001. In this revised and expanded edition, leading expert Michael Barkun delves deeper into America's conspiracy subculture, exploring the rise of 9/11 conspiracy theories, the birther controversy surrounding Barack Obama's American citizenship, and how the conspiracy landscape has changed with the rise of the Internet and other new media. Unraveling the extraordinary genealogies and permutations of these increasingly widespread conspiracies, Barkun shows how the web of urban legends has spread among subcultures on the Internet and through mass media, how a new style of conspiracy thinking has recently arisen, and how this phenomenon relates to larger changes in American culture. By looking closely at the manifestations of these ideas in a wide range of literature and source material, Barkun finds that America is in the throes of an unrivaled period of millenarian activity and underscores the importance of understanding why this phenomenon is permeating segments of mainstream American culture. Book jacket.

Conspiracy Theories Jeffrey B. Webb, 2024-04-04 Provides a comprehensive guide to the history and current shape of conspiracy theories in American life, including the findings of research seeking to understand their origins, type, function, and widespread appeal. This all-in-one resource provides an accessible overview of conspiracy theories past and present in all their many forms. Taking an even-handed, scholarly approach, the book outlines the longer history of conspiracy theories, starting with Ancient Greece and Rome and continuing the story up to the present day, including analysis of 9/11, anti-vaccine, COVID, and QAnon theories. It surveys an array of current books and articles to try to understand why people

believe in and act on outlandish and evidence-free conspiracy theories. Notably, this resource also outlines the problems created by untrue conspiracy theories in terms of their negative impact on public debate, trust in others, and efforts to nurture an informed and educated citizenry. Instead, many conspiracy claims have become sources of misinformation, cynicism, and polarization. This book will benefit anyone who seeks a pathway through our current epistemic crisis in which the lines between fact and fiction-and between truth and falsehood-have become blurred.

The Great Tribulation Frederick Guttman, This work is called 'Apocalypse, Remote Vision' in inspiration of the documentary we made, where the idea of it is to address the results of the ability of human beings to see the future. US Navy Remote Viewing Covert Ops Lieutenant Colonel 'Ed Dames' talks about some covert missions - and makes it clear that others he can't talk about - recounting how his nation and Russia use psychics to anticipate events to come. In his day the Israelite prophet Joel had predicted that in the twilight of this age that we are experiencing, many people of all kinds would have intuitive, premonitory and prophetic dreams and visions. I always believed that there were messages in dreams, but I did not know how to interpret what I dreamed, and as time passed I assumed that it was rash to give deliberate interpretations to dreams; but after certain incidents in my family life I began to consider it important not to discard this service that our 'esenaur's' (guardian angels) provide us.
