Multi - Girl - Culture Linda Duits, 2008 In this highly readable book, Linda Duits investigates girl culture in the Dutch multicultural society. Her ethnographic account provides a thick description of life at school, still the most prominent setting for today's youth. She followed young girls of diverse ethnic backgrounds in their transition from primary to secondary school, focusing on the ways they use the body, clothing and media in their performance of identity. Countering several media hype, including the internet generation, the headscarf debate and the sexualisation of society, Duits shows how contemporary girl culture is a mundane culture that is reflexively negotiated in an everyday setting.

SPIN, 1999-02 From the concert stage to the dressing room, from the recording studio to the digital realm, SPIN surveys the modern musical landscape and the culture around it with authoritative reporting, provocative interviews, and a discerning critical ear. With dynamic photography, bold graphic design, and informed irreverence, the pages of SPIN pulsate with the energy of today's most innovative sounds. Whether covering what's new or what's next, SPIN is your monthly VIP pass to all that rocks.

A Captain's Journal Eric Charles, 2011 A Captain's Journal is a personal account of events from Balad Air Force Base Hospital in Iraq during a six month period from 2006 - 2007. The stories are told from the personal perspective of Eric Charles, an Anesthesiologist. Eric recounts his patient encounters that range from pleasant to gut-wrenching and from laughable to tear-jerking. The descriptions of the events are occasionally graphic, but strike a realistic chord. Eric also weaves into the narrative many personal and philosophical interactions from the every day events of living in the midst

of the Iraq War--Back cover.

Manual of School Health Keeta DeStefano Lewis, Bonnie J. Bear, 2008-06-23 Completely updated, the 3rd edition of this practical, highly portable manual offers quick access to the most relevant health and wellness information for children -- from birth through age 21 - in the school setting. You'll find valuable guidance on developmental stages, learning domains, acute and chronic illnesses, first aid, medical syndromes, special education, and emergency illness. This edition also addresses the growing array of issues affecting today's children, including mental health disorders, disaster management, substance abuse, and school violence, as well as new threats such as West Nile virus, dermatological conditions, and the reemergence of tuberculosis. Ideal for use in school and community settings, this manual is a must-have resource for anyone who works with children. - A best practice approach to health issues and concerns helps you provide the best possible care to students. - A clear, consistent outline format and straightforward writing style make it easy to locate and apply essential information. - Updated content includes important contemporary issues in schools, such as body piercing, backpack syndrome, and computer ergonomics. - Brain Findings section offers relevant information about recent brain and neurology research, with insights on how it relates to childhood development and health. - Numerous appendices, including the latest growth charts and immunization schedules, provide essential information for assessing school age children. - English-Spanish translation guide for common health terms and phrases helps you communicate more effectively with Hispanic students. - Web site resources at the end of each chapter provide reliable sources for further information and research. - A convenient Glossary familiarizes you with important terminology and definitions used throughout the book. - New, user-friendly design helps you find key information quickly with helpful boxes, tables, and headings. - New 8-page color insert serves as an instant visual reference to help you identify rashes, skin lesions, and other dermatological conditions that are common among school-age children. - A separate chapter on first aid walks you through the management of common injuries and emergency situations. - Revised mental health chapter presents current, detailed information on the major mental disorders that affect school-age children such as depression, autism, and Asperger's, with an extensive psychotropic medication table. - A new chapter devoted to disaster management includes the latest information on bioterrorism and homeland security threats to help you create an action plan for disaster situations. - A revised chapter on violence addresses sexual assault, self-mutilation, suicide, domestic violence, and violence in the schools, to help you stay informed about current societal trends, issues, and developments. - New information on teen pregnancy offers helpful guidelines on communicating with students about this important issue.
