

Valerie Solanas Scum Manifesto

Sarah L Kearns

Valerie Solanas Breanne Fahs, 2014-04-15 The authoritative biography of the 60s countercultural icon who wrote SCUM Manifesto, shot Andy Warhol, and made an unforgettable mark on feminist history. Valerie Solanas is one of the most polarizing figures of 1960s counterculture. A cult hero to some and vehemently denounced by others, she has been dismissed but never forgotten. Known for shooting Andy Warhol in 1968 and for writing the infamous SCUM Manifesto, Solanas became one of the most famous women of her era. But she was also diagnosed with paranoid schizophrenia and spent much of her life homeless or in mental hospitals. Solanas's SCUM Manifesto, a sui generis vision of radical gender dystopia, predicted ATMs, test-tube babies, the Internet, and artificial insemination long before they existed. It has sold more copies and been translated into more languages than nearly all other feminist texts of its time. And yet, shockingly little work has investigated the life of its author. This book is the first biography about Solanas, including original interviews with family, friends (and enemies), and numerous living Warhol associates. It reveals surprising details about Solanas's life: the children nearly no one knew she had, her drive for control over her own writing, and her elusive personal and professional relationships. Valerie Solanas reveals the tragic, remarkable life of an iconic figure. It is "not only a remarkable biographical feat but also a delicate navigation of an unwieldy, demanding, and complex life story" (BOMB Magazine).

SCUM Manifesto, 2004-05-17 Despite its vitriol, this radical feminist tract-written by the woman who tried to kill Andy Warhol-has indisputable prescience, regarding artificial insemination and ATMs, among other things. This edition features Ronell's incisive introduction.

SCUM Manifesto Valerie Solanas, 1997 Society for cutting up men.

SCUM Manifesto Valerie Solanas, 2013 SCUM Manifesto (Society for Cutting Up Men) av Valerie Solanas från 1967 är en av de viktigaste feministiska texterna någonsin. Den orimligaste, den rimligaste. En rasande utopi för kvinnor som känner sig redo att regera universum. En vildsint och originell diagnos av patriarkatet. Mannen befinner sig i skymningslandet mellan apa och människa. Mannen är besatt av döden, av sex och av att förstöra saker. Mannen är en maskin, en vandrande dildo, en emotionell parasit, en biologisk olycka; manlighet är en bristsjukdom. För civiliserade kvinnor återstår bara att störta regeringen, eliminera det ekonomiska systemet och förstöra det manliga könet. SCUM är ett tillstånd, ett sätt att tänka, en attityd, en organisation med ett okänt antal medlemmar. Valerie Solanas manifets är en skön och våldsam vision där vänskap

ersätter meningslös sex. VALERIE SOLANAS [1936–1988], författare och feministisk teoretiker, levde under stora delar av sitt liv som prostituerad. Under sextiotalet höll hon till i utkanten av New Yorks konstliv. 1968 sköt hon Andy Warhol

Violence Kevin Duong, 2023-05-08 Can political violence create freedom? What if the cost of violent liberation is too high? How does one even calculate that when the status quo is a condition of sustained violence? From reactionary movements globally to the everyday violence that makes the present moment so cruel, understanding political violence remains a difficult, multidimensional problem. This edited volume brings together essays by political theorists, intellectual historians, and other social scientists to reflect on these classic questions anew. The chapters in this volume revisit major political theorists of anticolonial violence like the Vietnamese Ho Chi Minh, the American George Jackson, and the Kurdish Abdullah Öcalan. They also revisit canonical yet misunderstood writers like the French syndicalist Georges Sorel and the American feminist Valerie Solanas. Beyond major figures and intellectuals, the volume also features contributions on pressing contemporary debates like climate change, police violence, and the violence of speech. Together, these essays reveal political violence to be first and foremost an experimental, theoretical activity which has both enabled and frustrated the ambitions of the left. This book will be beneficial reading for students and researchers of Political Science, History and Sociology. The chapters in this book were originally published as a special issue of *New Political Science*.

Celibacies Benjamin Kahan, 2013-11-25 In this innovative study, Benjamin Kahan traces the elusive history of modern celibacy. Arguing that celibacy is a distinct sexuality with its own practices and pleasures, Kahan shows it to be much more than the renunciation of sex or a cover for homosexuality. *Celibacies* focuses on a diverse group of authors, social activists, and artists, spanning from the suffragettes to Henry James, and from the Harlem Renaissance's Father Divine to Andy Warhol. This array of figures reveals the many varieties of celibacy that have until now escaped scholars of literary modernism and sexuality. Ultimately, this book wrests the discussion of celibacy and sexual restraint away from social and religious conservatism, resituating celibacy within a history of political protest and artistic experimentation. *Celibacies* offers an entirely new perspective on this little-understood sexual identity and initiates a profound reconsideration of the nature and constitution of sexuality.

Pussy Envoy Sarah L Kearns, 2022 This project examines the influence of Freudian psychoanalysis and Aristotelianism on Valerie Solanas' radical 1967 text, the SCUM Manifesto. Mapping out the future of women's liberation from patriarchy, SCUM offers a blistering critique of the male-dominated social order and a plan of action for a women-led utopia devoid of the male species. The ingenious manifesto, however, was only introduced to the public the following year, after the author became notorious for shooting Andy Warhol. Solanas, who never intended for an association between SCUM and the shooting, was condemned by feminists of the second-wave movement as a madwoman, save for a few unexpected allies, and SCUM was dismissed as an extremist text. My writing on SCUM seeks to recast Solanas as an authoritative voice on critical

theory and contextualize the text as a preface work of discourse spanning psychology, biology, and philosophy. By examining SCUM in conjunction with the theories of Freud and Aristotle, as well as philosophical and feminist scholarship, the project analyzes how Solanas appropriates androcentric modes of discourse and parodies the phallogocentric arguments of male thinkers to serve the women's liberation cause.

Heterophobia Daphne Patai, 2000 Once confident in the potential of feminism to create a more equitable and just society, Daphne Patai persuasively demonstrates in *Heterophobia* how the efforts of some feminists - members of what she calls the sexual harassment industry - have created an environment that stifles healthy and natural interactions between the sexes. The tremendous growth of sexual harassment legislation represents feminism's greatest contemporary success, but this victory has dubious consequences - a world where kindergarten boys face legal action for kissing female classmates and men are sued by coworkers for offenses such as unwanted hugs, uninvited compliments, or glances that last too long.

S.C.U.M. Manifesto Valerie Solanas, 2001

Monsters Claire Dederer, 2024-04-23 A NEW YORK TIMES NOTABLE BOOK • NATIONAL BESTSELLER • A timely, passionate, provocative, blisteringly smart interrogation of how we make and experience art in the age of cancel culture, and of the link between genius and monstrosity. Can we love the work of controversial classic and contemporary artists but dislike the artist? A lively, personal exploration of how one might think about the art of those who do bad things —Vanity Fair • [Dederer] breaks new ground, making a complex cultural conversation feel brand new. —Ada Calhoun, author of *Also a Poet* From the author of the New York Times best seller *Poser* and the acclaimed memoir *Love and Trouble*, *Monsters* is “part memoir, part treatise, and all treat” (The New York Times). This unflinching, deeply personal book expands on Claire Dederer’s instantly viral *Paris Review* essay, *What Do We Do with the Art of Monstrous Men?* Can we love the work of artists such as Hemingway, Sylvia Plath, Miles Davis, Polanski, or Picasso? Should we? Dederer explores the audience's relationship with artists from Michael Jackson to Virginia Woolf, asking: How do we balance our undeniable sense of moral outrage with our equally undeniable love of the work? Is male monstrosity the same as female monstrosity? And if an artist is also a mother, does one identity inexorably, and fatally, interrupt the other? In a more troubling vein, she wonders if an artist needs to be a monster in order to create something great. Does genius deserve special dispensation? Does art have a mandate to depict the darker elements of the psyche? And what happens if the artist stares too long into the abyss? Highly topical, morally wise, honest to the core, *Monsters* is certain to incite a conversation about whether and how we can separate artists from their art. “*Monsters* leaves us with Dederer’s passionate commitment to the artists whose work most matters to her, and a framework to address these questions about the artists who matter most to us. —The Washington Post A Best Book of the Year: The New York Times, NPR, The Washington Post, The New Yorker, Vulture, Elle, Esquire, Kirkus

Up Against the Real Nadja Millner-Larsen, 2023-03-07 A history of 1960s activist art group Black Mask. With Up

Against the Real, Nadja Millner-Larsen offers the first comprehensive study of the group Black Mask and its acrimonious relationship to the New York art world of the 1960s. Cited as pioneers of now-common protest aesthetics, the group's members employed incendiary modes of direct action against racism, colonialism, and the museum system. They shut down the Museum of Modern Art, fired blanks during a poetry reading, stormed the Pentagon in an antiwar protest, sprayed cow's blood at the secretary of state, and dumped garbage into the fountain at Lincoln Center. Black Mask published a Dadaist broadside until 1968, when it changed its name to Up Against the Wall Motherfucker (after line in a poem by Amiri Baraka) and came to classify itself as "a street gang with analysis." American activist Abbie Hoffman described the group as "the middle-class nightmare . . . an anti-media phenomenon simply because their name could not be printed." Up Against the Real examines how and why the group ultimately rejected art in favor of what its members deemed "real" political action. Exploring this notorious example of cultural activism that rose from the ruins of the avant-garde, Millner-Larsen makes a critical intervention in our understanding of political art.

Feminism's Queer Temporalities Sam McBean, 2015-07-16 Despite feminism's uneven movements, it has been predominantly understood through metaphors of generations or waves. Feminism's Queer Temporalities builds on critiques of the limitations of this linear model to explore alternative ways of imagining feminism's timing. It finds in feminism's literary and cultural archive narratives of temporality that might now be diagnosed as queer, where queer designates modes of being historical that exceed the linear and the generational. Few theorists have looked to popular feminist figures, literature, and culture to theorize feminism's timing. Through methodologically creative readings, McBean explores non-generational, anti-linear, and asynchronous time in the figure of Antigone, Marge Piercy's *Woman on the Edge of Time*, the film *Ladies and Gentlemen: The Fabulous Stains*, Valerie Solanas and SCUM Manifesto, and Alison Bechdel's *Fun Home*. The first to substantially bring together the ways in which time has come to matter in both feminist and queer disciplines, this book will appeal to students and scholars of feminist, queer and gender studies, cultural studies and literary studies.

Women's Experimental Writing Ellen E. Berry, 2016-05-19 *Women's Experimental Writing* considers six contemporary authors who use experimental methods and negative modes of critique in their fiction and feminism. The authors covered are Valerie Solanas, Kathy Acker, Theresa Cha, Chantel Chawaf, Jeanette Winterson, and Lynda Barry. These writers all share a commitment to combining extreme content with formally radical techniques in order to enact varieties of gender, sex, race, class and nation-based experience that, they suggest, may only be "represented" accurately through the experimental unmaking of dominant structures of rationality. Ellen Berry extends the anti-social negative critique predominant in queer studies by offering an alternative archive of feminist negative literary practices and explores the consequences of joining an anti-social critique with radical innovations in literary and cultural forms. She argues that the radical aesthetic practices the authors employ are central to the emergence of contemporary Western feminisms and in doing so rectifies a critical neglect

of contemporary experimental writing by women, especially in politicized forms, within the still-emerging postmodern canon.

Addressing the other woman Kimberly Lamm, 2018-01-29 This book analyses how three artists – Adrian Piper, Nancy Spero and Mary Kelly – worked with the visual dimensions of language in the 1960s and 1970s.

Warhol's Muses Laurence Leamer, 2025-05-06 ONE OF “12 NEW NONFICTION BOOKS YOU NEED TO READ IN 2025”—THE OBSERVER A “MUST-READ” BOOK OF SPRING 2025 – TOWN & COUNTRY ONE OF “25 BOOKS TO READ IN 2025”—TORONTO STAR From the New York Times bestselling author of Capote's Women comes an astonishing account of the revolutionary artist Andy Warhol and his scandalous relationships with the ten women he deemed his “Superstars”. “Now and then, someone would accuse me of being evil,” Andy Warhol confessed, “of letting people destroy themselves while I watched, just so I could film them.” Obsessed with celebrity, the silver-wigged artistic icon created an ever-evolving entourage of stunning women he dubbed his “Superstars”—Baby Jane Holzer, Edie Sedgwick, Nico, Ultra Violet, Viva, Brigid Berlin, Ingrid Superstar, International Velvet, Mary Woronov, and Candy Darling. He gave several of them new names and manipulated their beauty and talent for his art and social status with no regard for their safety, their dignity, or their lives. In Warhol's Muses, bestselling biographer Laurence Leamer shines a spotlight on the complex women who inspired and starred in Warhol's legendary underground films—The Chelsea Girls, The Nude Restaurant, and Blue Movie, among others. Drawn by the siren call of Manhattan life in the sixties, they each left their protected enclaves and ventured to a new world, Warhol's famed Factory, having no sense that they would never be able to return to their old homes and familiar ways again. Sex was casual, drugs were ubiquitous, parties were wild, and to Warhol, everyone was transient, temporary, and replaceable. It was a dangerous game he played with the women around him, and on a warm June day in 1968, someone entered the Factory and shot him, changing his life forever. Warhol's Muses explores the lives of ten endlessly intriguing women, transports us to a turbulent and transformative era, and uncovers the life and work of one of the most legendary artists of all time.

The Sovereign Self Elisabeth Roudinesco, 2022-11-08 The toppling of statues in the name of anti-racism is disconcerting, as is the violence sometimes displayed towards others in the name of gender equality. The emancipation movements of the past seem to have undergone a subtle transformation: the struggle now is not so much to bring about progress but rather to denounce offenses, express indignation, and assert identities, sometimes in order to demand recognition. The individual's commitment to self-definition and self-appreciation, understood as the exercise of a sovereign right, has become a distinctive sign of our time. Elisabeth Roudinesco takes us into the darker corners of identity thinking, where conspiracy theories, rejection of the other, and incitement to violence are often part of the mix. But she also points to several paths that could lead us away from despair and toward a possible world in which everyone can adhere to the principle according to which “I am myself, that's all there is to it” without denying the diversity of human communities or essentializing either universality or difference. This bold and courageous interrogation of identity politics will be of great

interest to anyone concerned with the state of our world today.

Burn It Down! Breanne Fahs, 2024-02-27 A must-read, an antidote to powerlessness, a literary companion for the ages. –Michelle Tea, author of *Against Memoir Editors'* Choice –New York Times Book Review A comprehensive collection of feminist manifestos, chronicling rage and dreams from the nineteenth century to the present day A landmark collection spanning two centuries and four waves of feminist activism and writing, *Burn It Down!* is a testament to what is possible when women are driven to the edge. The manifesto—raging, demanding, quarreling and provocative—has always been central to feminism, and it's the angry, brash feminism we need now. Collecting over seventy-five manifestos from around the world, *Burn It Down!* is a rallying cry and a call to action. Among this confrontational sisterhood, you'll find the Dyke Manifesto by the Lesbian Avengers, The Ax Tampax Poem Feministo by the Bloodsisters Project, The Manifesto of Apocalyptic Witchcraft by Peter Grey, Simone de Beauvoir's pro-abortion Manifesto of the 343, Double Jeopardy: To Be Black and Female by Frances M. Beal, and many more. Reading Women's Worlds from Christine de Pizan to Doris Lessing S. Jansen, 2011-04-25 In this work, Jansen explores a recurring theme in writing by women: the dream of finding or creating a private and secluded retreat from the world of men. These imagined women's worlds may be very small, a single room, for example, but many women writers are much more ambitious, fantasizing about cities, even entire countries, created for and inhabited exclusively by women.
