

Mom Helps Son Out

Debbie Urbanski

Portalmania Debbie Urbanski, 2025-05-13 If you could go anywhere, where would you go? And what happens to the people you leave behind? From the author of *After World* comes a genre-busting collection of stories that reveal our lives in a startling new light, perfect for fans of Kelly Link and Carmen Maria Machado. In *Portalmania*, Debbie Urbanski wields sci-fi, fantasy, horror, and realism to build a dark mirror that she holds up to the ordinary world. Within the sharply imagined landscape of this collection, portals appear in linen closets, planetary gateways materialize in boarding schools, monsters wait in bathroom vents, and transformations of women's bodies are an everyday occurrence. Political division causes physical rifts that break apart the Earth's crust. A son on another planet sends dispatches home to the mother who failed him, and a wife turns to the supernatural to escape her abusive marriage. Portals are not only doorways found in children's classics, but separations, escapes, dead ends, desertions, and choices that will change these characters' lives forever. Against a fantastical backdrop, these stories dive bravely into the shadowy depths of betrayal, parenthood, revenge, murder, coercive sex, open marriages, asexuality, neurodiversity, and second chances. What if we're not the ideal parents for our children? What if we're not the ideal person to live our own life? *Portalmania* questions why we love as we do and asks if we have enough courage to reimagine desire.

A Troubled Life to Save William C. Allan, 2011-02 These are the two most common questions everyone asks when a loved one goes astray. Whether your troubled loved one is an alcoholic, a drug abuser (illegal or prescription), mentally ill, depressed and suicidal, obese, homeless, a sex addict, a gambler, a criminal, a prisoner, or a prostitute, we all hope that something will turn their life around. But waiting for that something seldom works and life only gets worse for everyone involved. A Troubled Life to Save is part of a rescue kit consisting of detailed instructions. This book is designed specifically for family and friends who are called to help rescue a troubled loved one. It explains in detail when and how you can effectively help your loved one identify and accept their life problem area, as well as how you can assist in locating the kind of treatment that will finally help them overcome their addiction and/or mental illness. As a family member or friend, you are the one who has questions and actively seeks solutions to the craziness which touches all of your lives so personally. You are the one who wants to learn how to get your misguided loved one into a treatment program that will put everything back to normal.

#SayHerName Kimberlé Crenshaw, African American Policy Forum, 2024-07-18 Since the movement's founding in 2014, #SayHerName has gained international attention and has served as both a rallying cry and organizing principle in the aftermath of police killings of Black women, including, most recently, the police killing of Breonna Taylor. Black women, girls, and femmes as young as seven and as old as ninety-three have been killed by the police, though we rarely hear their names or learn their stories. Breonna Taylor, Alberta Spruill, Rekia Boyd, Shantel Davis, Shelly Frey, Kayla Moore, Kyam Livingston, Miriam Carey, Michelle Cusseaux, and Tanisha Anderson are among the many lives that should have been. The #SayHerName campaign lifts up the stories of these women and girls in order to build a gender-inclusive framework for understanding, discussing, and combating police violence. Without this knowledge, we cannot have a full understanding of the wide-ranging circumstances that make Black bodies disproportionately subject to police violence, and we cannot understand the ways in which racialized policing and gendered violence intersect and produce lethal consequences. #SayHerName provides an analytical framework for understanding Black women's susceptibility to police brutality and state-sanctioned violence, and it explains how—through black feminist storytelling and ritual—we can effectively mobilize various communities and empower them to advocate for racial justice. Including Black women in police violence and gender violence discourses sends the powerful message that, in fact, all Black lives matter and that the police cannot kill without consequence. This is a powerful story of Black feminist practice, community-building, enablement, and Black feminist reckoning.

Making Sense of the Father-Daughter Husband-Wife Connections Keith Mills (Pastor),2010 There is a powerful connection within a woman's heart between her father-daughter relationship and the relationship she shares with her husband. This is true regardless of culture, creed, or religion. Even the scientific world agrees. What happens then when a woman doesn't receive everything from her father-daughter relationship that God intended? Is there any hope for a woman who never had a dad around? Or, what about a woman who had a great relationship with her dad but is still left with something missing...Those are HUGE questions because the answers are generational. God knows how to help these intertwined relationships though, and this book makes it easy to understand what His plan is, why it's easy to miss, and how to get back on track. This book will help husbands, wives, daughters, and fathers to understand their intertwined relationships, how to heal from what may be left over, and how to take back what's been taken away from them. Further this book answers questions, such as the following, in a nonjudgmental way: * Why can't we connect on a deeper level as husband and wife? * What does my daughter need from me? * Why does a dad back off? * Why do some women keep going after the wrong men? * What can a single mom do for her daughter if there is no dad around.

Redemption on the Road to Jericho Paul Kluzek,2023-10-20 Redemption on the Road to Jericho is a Christian novel with two simultaneous stories centering around the biblical story of the Good Samaritan. One is a modern-day tale while the other one occurred two thousand years ago in the land of Judea. They are emotionally engaging stories dealing with love, human conflict, pain and suffering, and the healing process that can set a person free from their painful past. It is possible that this book can inspire victims of abuse to set themselves free from the emotional scars that they carry. This book illustrates how life was like when Jesus walked among us and shows that people really haven't changed all that much since then. We may have many modern conveniences and luxuries and have access to all kinds of knowledge, but we still have difficulty loving one another and making wise choices. The story of the Good Samaritan encompasses all of humanity because we have all been victims or bullies at one time or another. We all need redemption and we all need a helping hand at one time or another, and we can choose to be that helping hand as well. We are all going down our own unique pathways in life, but no matter what road a person travels, one way or another, all roads eventually lead to the cross. Once we arrive there, we have to choose what we will do with Jesus.

Stay On Your Birth Control Jennifer Smith,2021-08-23 Stay On Your Birth Control: The Things You Don't Know About

Single Parenthood is based on Jennifer's personal experience and added testimonies of single and divorced parents who candidly and unapologetically share the struggles and challenges they encounter daily while raising their kids. This book is a straightforward, tell-it-like-it-is dose of reality to make you fully aware of the difficulties you may encounter if you, too, become a single parent. The stories bring awareness for childless men and women to really consider their goals, values, choices, and dreams before kids - and to remind them that it is also OKAY to not have kids if they are not ready for that level of responsibility. It's also fitting that this book outlines different types of birth control to help you weigh your options and make informed decisions about life.

We Knew All Along Mina Hardy, 2022-12-06 Writing as Mina Hardy, New York Times-bestselling author Megan Hart delivers a twisted domestic thriller where no one is what they seem—and the skeletons in the closet are all too real. Blame the booze, her shaky marriage, her troubled son, or a thousand other things. Jewelann Jordan has one thing on her mind when she attends her class reunion, and that's making sure her old crush Christian Campbell sees exactly what he lost all those years ago. A late night, a hotel room, a rekindled flame that burns even hotter than it did back then. What could go wrong? Everything. The night with Christian isn't the first secret Jewelann has kept from her husband Ken, so one more shouldn't be much harder--except that Christian shows up without warning, seemingly determined to do his best to mess up Jewelann's life in any way he can. Worse than that, he seems to have his sights set on charming her son, Eli, and befriending her husband. Revenge isn't so sweet when it bites you back, but Jewelann is determined to keep Christian from ruining everything she's worked so hard to keep safe, including her son. Fighting to keep it all from spiraling out of control, Jewelann discovers Christian is not the man he claims to be. When darker secrets emerge, even closer to home, Jewelann takes the chance to turn the tables on him. The more Jewelann digs for the truth, the uglier—and the deadlier—it gets, in this gripping tale of domestic psychological suspense for fans of Rachel Hawkins and Megan Abbott.

Aces in the Wind David Lee Cooper, 2021-10-15 This is the story of family trees. The book weaves together the tangle of branches that hold the characters in their grasp. The turbulent times of the Great Depression, WWII, and the social change of the 1960s serve merely as the backdrop to these peoples' lives. The reader meets James at pivotal points in his life. We begin

by watching the relationship he has with his son. Then we veer back to James's father and how they live. There are decisions made, and great strengths and weaknesses are within each character. The women are complex and are the nails that hold the framework of these characters' lives. The characters deal with life head on and try to engage the better parts of their nature to navigate the waters of life. Like a grand poker game, the stakes are high and the players are serious. Some characters grow beyond themselves, while others halt and falter along the way. When the hands are shown and the money is paid, sometimes it comes down to how many aces are in the wind.

Decline and Fall of All Evil Seymour Lessans,2015-09-01 Many theories as to how world peace could be achieved have been proposed, yet war has once again taken its deadly toll in the 21st century. The dream of peace has remained an unattainable goal — until now. The following pages reveal a scientific discovery regarding a psychological law of man's nature never before understood. This finding was hidden so successfully behind layers and layers of dogma and misunderstanding that no one knew a deeper truth existed. Once this natural law becomes a permanent condition of the environment, it will allow mankind, for the very first time, to veer in a different direction -- preventing the never-ending cycle of hurt and retaliation in human relations. Although this discovery was borne out of philosophical thought, it is factual, not theoretical, in nature.

Assessing Children in the Urban Community Barbara L Mercer,Tricia Fong,Erin Rosenblatt,2015-12-22 This book illuminates the process of child psychological assessment in community psychology through discussion, theory, and case studies of collaborative, systemic treatment of children and their parents. Assessing Children in the Urban Community presents a semi-structured form of collaborative psychological assessment, designed to help clients gain new insights and make changes in their lives. Traditional psychological assessment focuses on diagnosis and treatment but has been slow to include contextual elements, particularly social and cultural contexts into the assessment process and psychological report. Clients receiving services in a community psychology clinic pay for their treatment through state welfare coverage. They cannot choose their providers, they cannot always determine the length and course of their mental health care, they often do not have access to transportation to begin services, to continue them, or to take advantage of follow-up recommendations. The Therapeutic Assessment model is particularly adaptable to community psychology because it allows maximum interaction in the assessment process and promotes participation and collaboration in an often dis-empowering system. This book will be relevant to clinical psychologists, community psychologists, social workers, family therapists, graduate students in psychology, social work, marriage and family therapists, and counseling programs.

Families We Keep Rin Reczek,Emma Bosley-Smith,2022-05-17 Why LGBTQ adults don't end troubled ties with parents and why (perhaps) they should *Families We Keep* is a surprising look at the life-long bonds between LGBTQ adults and their parents. Alongside the importance of "chosen families" in the queer community, Rin Reczek and Emma Bosley-Smith found

that very few LGBTQ people choose to become estranged from their parents, even if those parent refuse to support their gender identity, sexuality, or both. Drawing on interviews with over seventy-five LGBTQ people and their parents, Reczek and Bosley-Smith explore the powerful ties that bind families together, for better or worse. They show us why many feel obliged to maintain even troubled—and sometimes outright toxic—relationships with their parents. They argue that this relationship persists because what we think of as the “natural” and inevitable connection between parents and adult children is actually created and sustained by the sociocultural power of compulsory kinship. After revealing what holds even the most troubled intergenerational ties together, *Families We Keep* gives us permission to break free of those family bonds that are not in our best interests. Reczek and Bosley-Smith challenge our deep-rooted conviction that family—and specifically, our relationships with our parents—should be maintained at any cost. *Families We Keep* shines a light on the shifting importance of family in America, and how LGBTQ people navigate its complexities as adults.

Students with Intellectual Disabilities Poulomee Datta, 2014-03-31 This book investigates the self-concept of the students with intellectual disabilities who were placed in specialist and mainstream educational settings in South Australia. It gains insights into what students with intellectual disabilities felt about themselves and their achievements across the different dimensions of self-concept. It is divided into two stages of execution. In Stage 1, the Tennessee Self-Concept questionnaire was administered to students with intellectual disabilities. In Stage 2, interviews were conducted with students with intellectual disabilities, their parents and teachers. These data reflected a range of viewpoints from which to examine the research questions. These findings have implications for teachers, special educators, policy makers and a range of professionals in the education and special education sector in enabling greater understanding of the problems experienced by these students and pointing to modifications and improvements in the services for these students.
