**Truth and Repair** Judith Lewis Herman, 2023-03-14 From one of America's most influential psychiatrists, an "extraordinary" and "profound" (New York Times) manifesto for reimagining justice for survivors of sexual trauma The #MeToo movement brought worldwide attention to sexual violence, but while the media focused on the fates of a few notorious predators who were put on trial, we heard far less about the outcomes of those trials for the survivors of their abuse. The conventional retributive process fails to serve most survivors; it was never designed for them. Renowned trauma expert Judith L. Herman argues that the first step toward a better form of justice is simply to ask survivors what would make things as right as possible for them. In Truth and Repair, she commits the radical act of listening to survivors. Recounting their stories, she offers an alternative vision of justice as healing for survivors and their communities. Deeply researched and compassionately told, Truth and Repair envisions a new path to justice for all.

**Understanding Domestic Violence** Rafael Art. Javier, William G. Herron, 2018-08-10 Understanding Domestic Violence not only highlights and reexamines the different challenges that we continue to face in effectively addressing issues of domestic violence but provides innovated approaches to interventions that are more in keeping with the complex nature of domestic violence. This book provides a comprehensive and multifaceted examination of conditions and factors involved in domestic violence, including psychological, sociocultural, sociopolitical, and socioeconomic issues. The authors look at domestic violence through the trauma lens and intersectionality to develop intervention strategies within that context. Statistics and clinical examples from the field highlight unique culturally-based issues related to domestic violence among Latino, African American, and Arab Muslim communities, issues with woman perpetrators, and violence in the LGBTQ community, to name a few. In the end, Understanding Domestic Violence offers opportunities for the reader to engage in further discussion of the poignant issues discussed in the book, with the invitation to become part of the solution.

Sexual Crime begins with a background chapter outlining the causes and definitions of sexual crime, legal and cultural attitudes over the past three centuries, and common myths surrounding this sensitive subject. Restorative Justice for Domestic Violence Victims Marilyn Fernandez, 2010-06-02 Restorative Justice for Domestic Violence Victims uses a rich and detailed set of interviews and complementary survey data to make a strong case for introducing restorative justice principles into the existing menu of services for victims of domestic violence. Guided primarily by concerns of victim safety, domestic violence theorists and practitioners have been wary of introducing restorative justice principled programs in the domestic violence arena. While remaining cognizant of safety concerns, Marilyn Fernandez weaves together the theories, concepts, and research in the restorative justice and domestic violence traditions and uses the voices of domestic violence victims to make a case for restorative justice programs. In the process, Fernandez helps readers, academicians, students, and practitioners, understand the complex nature of domestic violence and the lives of its victims.

**The Language of Battered Women** Carol L. Winkelmann, 2012-02-01 Winner of the 2005 Outstanding Book Award presented by the Organization for the Study of Communication, Language, and Gender (OSCLG) This study of battered women living in a shelter offers a rhetorical analysis of survivors' personal theologies. Author Carol L. Winkelmann holds that while it is virtually ignored in the domestic violence literature, the Christian heritage of many battered women plays a significant, if complicated, role in their language, thoughts, and lives. The women's religious faith serves not only to sustain them through periods of profound suffering, but also to develop solidarity with other culturally-different women in the shelter. Designed to assist women to greater independence, the shelter actually functions as a culture of surveillance where women turn to one another and to their faith to cope with the trauma of violence. To heal, the women engage in dialogue that is dense in religious imagery, talking about the relationship of God and the church to suffering and evil. At the same time,

these women also acknowledge that organized religion is very much involved in the maintenance of patriarchal marriage and its attendant abuses in their own lives. Together, battered women are sometimes able to construct creative theological responses to the problem of suffering and evil. A mix of religious and secular languages compels them to devise new ways of thinking about their role in family, church, and society.

**Get Real** William G. Tierney, 2020-12-01 Higher education always seems to be in crisis. Governments, foundations, professional associations, and the occasional scornful professor all tend to lament one or another problem plaguing America's colleges and universities. The more apocalyptic claims state that the United States is a nation at risk, that our students' minds have been closed, or that radical faculty have run amok and are brainwashing our youth. In *Get Real*, William G. Tierney, a leading scholar of higher education, cuts through this noise, drawing on his experience and expertise to provide a thought-provoking overview of the many challenges confronting higher education and how to deal with them. In forty-nine short, engaging essays, he aims not to stoke the flames of controversy or promote a particular stance but to provoke creative, forward-looking public discussion about what higher education could and should look like in the twenty-first century. Tierney clearly distills and offers his take on critical issues—from diversity and free speech to the rise of for-profit colleges and student debt—but the goal is always to give readers the background and tools to form their own opinions. Written in a conversational tone and laced with personal anecdotes, *Get Real* is informed by scholarly literature without being weighed down by it and includes suggestions for further reading.

**The Intersections of Family Violence and Sexual Offending** Gemma Hamilton, Patrick Tidmarsh, 2022-09-02 Often examined separately, this timely volume provides a detailed exploration of the nexus between family violence and sexual offending. Recognising family and sexual violence as highly interrelated issues, it uncovers the challenges and paradoxes of addressing them as separate versus coinciding problems. What is lost and gained when we treat family violence and sexual offending according to the same framework? Light is shed on the nature and dynamics of offending; various terminology (e.g., domestic abuse, intimate partner violence, grooming, coercive control); political and policy contexts; myths and misconceptions; policing and investigative responses; children as overlooked victim-survivors; and the punishment and treatment of offenders. Drawing on international literature, case studies, and stakeholder interviews, the book encourages critical consideration to inform future policy, practise, and research, ultimately prompting stronger approaches to reflect victim-survivors' realities and needs. The book is relevant to the work of professionals in the social service and criminal justice sectors (e.g., police, policymakers, social workers, advocates, and counsellors), and will be of key interest to researchers and students in diverse academic fields such as criminology, forensic psychology, social work, and socio-legal studies.

*The Black Woman's Guide to Overcoming Domestic Violence* Shavonne J. Moore-Lobban, Robyn L. Gobin, 2022-06-01 Black women experience domestic violence and abuse at a disproportionately high rate. Healing the Ravaged Soul Sue Magrath, 2017-01-26 Why does God hate me? How can I believe in a God who has allowed my suffering? These are just two of the difficult spiritual questions that survivors of child sexual abuse struggle with. In addition, survivors often have mixed feelings about the church because of perceived judgment and indifference, their own shame, or their discomfort with certain aspects of worship. Of the many after-effects of sexual abuse, spiritual wounds are the least talked about, yet they are central to adult survivors who seek to heal and find faith and meaning in their lives. With grace and gentleness, this book seeks to answer survivors' spiritual questions and address some of the common misconceptions that often develop when young victims attempt to understand what has happened to them. *Healing the Ravaged Soul* explores the origins of their spiritual issues with clear psychological insights and guides survivors on a spiritual journey toward healing, wholeness, and a deeper relationship with God.

**Imperfect Victims** Leigh Goodmark, 2023-01-17 A profound, compelling argument for abolition feminism—to protect criminalized survivors of gender-based violence, we must dismantle the carceral system. Since the 1970s, anti-violence advocates have worked to make the legal system more responsive to gender-based violence. But greater state intervention in cases of intimate partner violence, rape, sexual assault, and trafficking has led to the arrest, prosecution, conviction, and incarceration of victims, particularly women of color and trans and gender-nonconforming people. *Imperfect Victims* argues that only dismantling the system will bring that punishment to an end. Amplifying the voices of survivors, including her own clients, abolitionist law professor Leigh Goodmark deftly guides readers on a step-by-step journey through the criminalization of survival. Abolition feminism reveals the possibility of a just world beyond the carceral state, which is fundamentally unable to respond to, let alone remedy, harm. As *Imperfect Victims* shows, abolition feminism is the only politics and practice that

can undo the indescribable damage inflicted on survivors by the very system purporting to protect them.

Helping Victims of Sexual Abuse Lynn Heitritter, Jeanette Vought, 2006-06 This solidly biblical and sensitive guide from two medical and counseling professionals is full of helpful information for Christian communities ministering to children and families recovering from sexual abuse.

The Meanings of Violence Elizabeth Anne Stanko, 2003 This volume aims to break open our way of speaking about violence and demonstrate the value in exploring the multiple, contradictory and complex meanings of violence in society.

**Building Financial Empowerment for Survivors of Domestic Violence** Judy L. Postmus, Amanda M. Stylianou, 2023-02-10 Little of the research on domestic violence has sought to either fully understand the impact of financial abuse or to determine which intervention strategies are most effective for the financial empowerment of survivors. Building Financial Empowerment for Survivors of Domestic Violence aims to address this critical knowledge gap by providing those who work with survivors of domestic violence with practical knowledge on how to empower the financial well-being and stability of survivors.
