

Facultad De Psicología Unsa

Clifford Lane

Professional Training of Psychologists Julio César Ossa, Ana Maria Jacó-Vilela, Jean Nikola Cudina, 2025-04-28 This book represents an intellectual journey through the history, culture, and training of psychologists in Latin America to transcend borders. It analyzes the inception of academic programs in each country in the region, exploring the socio-political and economic context, and delves into the conceptual, methodological, and epistemological aspects of training. Similarly, it discusses how psychology prepares professionals for their roles in society and provides updated data on the discipline's growth in the region. Furthermore, it promotes international and intercultural dialogue, enriching the global understanding of psychology. The book's emphasis on adopting a historical and cultural approach is essentially an effort to introduce a critical component to the analysis of psychologist professional training. This component adds value for the reader and aids in understanding how Latin American psychology has been shaped by historical events, social movements, government policies, and the diverse cultural traditions of the region. Readers will gain a profound understanding of why psychology has developed in a particular way in each Latin American country, shedding light on significant variations in psychological practice and theory in this part of the world. Essentially, this work constitutes an invaluable resource for academics, professionals, and anyone interested in understanding the intersection between psychology and the rich historical and cultural diversity of Latin America.

ESTUDIO DE CASOS PRÁCTICOS. Aplicación del modelo de Constelaciones Familiares en universidades de Perú, Ecuador y España Francisco Gómez, 2017-06-11 Don Quijote soy y mi profesión la de andante caballería. Son mis leyes el deshacer entuertos, prodigar el bien y evitar el mal. Huyo de la vida regalada, de la ambición y de la hipocresía. Y busco para mi propia gloria la senda más angosta y difícil. ¿Es eso de tonto y mentecato El ingenioso hidalgo Don Quijote de la Mancha. Miguel de Cervantes Saavedra (1547-1616) La cervantina cita anterior sirve de metáfora para reseñar los contenidos de este libro, que se inician con un breve marco teórico, bibliográficamente referenciado, explicativo de lo que se dice de los casos y de lo que después ocurre en los mismos con su seguimiento. Se exponen 185 casos prácticos, elegidos de entre más de 3000 trabajados en cinco años, que la mayoría representan a los más desfavorecidos de esta tierra. Lo fundamental para el lector es la evolución positiva de los problemas, a partir de las intervenciones y las supervisiones realizadas. La aplicación del modelo de las Constelaciones Familiares y los cambios de mirada que se producen sobre los

problemas presentados, significan un avance destacable en el ámbito terapéutico por su rapidez y eficacia en el logro de los resultados. Esta obra puede ser leída de principio a fin, para comprobar las evoluciones y el desarrollo de las aplicaciones expuestas. También, la lectura de cada caso, por separado, nos muestra la comprensión de las nuevas formas de entender los problemas para la consecución de sus soluciones. Los resultados y las conclusiones relevantes obtenidas no ensombrecen ni difuminan la puesta en valor de las aplicaciones del modelo, ni las propuestas expresadas en las evaluaciones por los propios profesionales, participantes en los grupos y talleres formativos, que son los que dan voz a los clientes y pacientes.

Historia de la psicología en el Perú Reynaldo Alarcón, 2000

Nuevas tendencias en innovación educativa superior Juan Enrique González Vallés, 2015-04-10 Pintar un paisaje alentador y halagüeño de lo que supone la inversión en investigación, desarrollo e innovación supone todo un ejercicio de imaginación al alcance de muy pocos, tal y como se han ido desarrollando los acontecimientos a nivel mundial en los últimos años. Pero el ávido lector va a encontrar un panorama bien diferente en las próximas páginas, y es ahí donde reside la grandeza de esta humilde publicación. La educación superior está viviendo momentos convulsos en casi todos los países, debido en gran parte al auge de las nuevas tecnologías que están transformando el modelo de aprendizaje tradicional. Este hecho en sí mismo no se puede considerar bueno ni malo por sí mismo, puesto que su naturaleza ha provocado tantas ventajas como desventajas. Sin embargo, y sin temor a equivocarnos, el nuevo modelo sí que ha generado nuevas oportunidades, sobre todo para los alumnos de la educación superior, lo que ha provocado nuevas demandas, focalizadas en la figura del docente. Las viejas estructuras han caído, o se encuentran en proceso de demolición, y las recetas magistrales de antaño tienen que ser reescritas con fórmulas docentes innovadoras que permitan al alumnado posicionarse en la vanguardia universitaria de cara a su futuro, ya sea éste laboral, investigador o docente. Con estas inquietudes y certezas, la de un mundo antiguo que ya ha caído y uno nuevo que se encuentra en construcción, la apuesta por la innovación en los nuevos marcos docentes de la educación superior ya no es una prioridad de futuro, sino que debe constituirse en el escenario presente para todas aquellas instituciones que quieran sobrevivir. Con estas referencias, los distintos autores del presente libro abren sus brazos a la innovación, como parte de la mejora necesaria del modelo educativo superior. La interactividad con el alumnado va a pasar a ser uno de los elementos que con mayor persistencia se va a poder observar en las próximas páginas. Se ...

Revista Iberoamericana de Psicología del Ejercicio y el Deporte VOL. II Nº 2 Varios Autores, 2006-11-30 2

Números por temporada. Aproximadamente 140 páginas cada número Esta publicación, pretende ser un vehículo de transmisión y difusión de la Psicología del Ejercicio y el Deporte. En ella se intenta la difusión científica de todos aquellos trabajos de investigación, ya sean teóricos como aplicados, así como de la práctica profesional y experiencias que se está realizando en nuestro entorno socio-geográfico y cultural. Es nuestra intención que la misma posea los estándares de calidad

más elevados posibles. El nacimiento de la Revista Iberoamericana de Psicología del Ejercicio y el Deporte surge del compromiso de muchos profesionales interesados por la Psicología del ejercicio y el deporte, en el deseo expandir el conocimiento científico, la investigación y la práctica en este ámbito, donde se unen la psicología y la actividad física y el deporte. Este proyecto aparece propiciado por el interés de muchos colectivos de diferentes países de nuestro entorno cultural, social, lingüístico y que están fuertemente implicados con esta disciplina, como es la Federación Española de Psicología del Deporte (FEPD), la Sociedade Portuguesa de psicología do Desporto (SPPD), la Asociación de Psicología del Deporte de Argentina (APDA), la Sociedad Uruguaya de Psicología del Deporte (SUPDE), Sociedade Brasileira de Psicología do Esporte (SOBRAPE), Sociedad Boliviana de Psicología de la Actividad Física y el Deporte (SOBOPAD), entre otros. Por tanto, este proyecto intenta aglutinar y hacer partícipe a todos aquellos profesionales, ya no sólo de la psicología sino también de cualquier otra disciplina afín, que estén interesados por la investigación en la psicología del ejercicio y el deporte. En nuestras páginas tendrán cabida los estudios empíricos y los artículos más aplicados a la praxis deportiva y del ejercicio físico. Igualmente, se pretende incluir las reseñas de los últimos libros que vayan apareciendo en nuestra disciplina y que supongan un avance para la misma. La Revista Iberoamericana de Psicología del Ejercicio y el Deporte, tendrá una periodicidad semestral. Tan sólo nos queda animar a todos los miembros de nuestra comunidad científica y profesional a que participen en esta nueva y emocionante aventura.

Estudios en El Extranjero ,1999

Presencia femenina en la literatura nacional Lina Vera Lamperein,2008

Razonamiento y juicio ético de profesionales de la psicología en Iberoamérica Ballesteros de Valderrama, Blanca Patricia,Berrío Acosta, Gloria María,Sánchez Ramírez, Maritza,Amaya Martinez, Leonardo Rafael,2022-01-30 Esta obra es el resultado de la investigación realizada en Colombia cuyo objetivo fue caracterizar y analizar en diversos campos del ejercicio profesional de la psicología los procesos de identificación, valoración y razonamiento ético en actuaciones profesionales específicas, así como el uso de recursos para guiar la práctica ética y su relación con la formación recibida al respecto. El libro presenta los orígenes y la justificación de la investigación en la región iberoamericana; una revisión de la literatura especializada, que parte de antecedentes relevantes, para proseguir con temas referidos a los códigos deontológicos, los dilemas éticos en diversas áreas de la psicología y disciplinas afines y una revisión de la psicología moral, con las perspectivas teóricas que abordan los procesos de razonamiento, juicio y conducta éticos. Describe los elementos

metodológicos y los análisis cuantitativos y cualitativos de los datos derivados de los instrumentos utilizados. Y, al final, plantea recomendaciones que contribuyan a orientar acciones de fortalecimiento del ejercicio ético de la psicología desde escenarios académicos, gremiales, laborales y organizacionales en Colombia y en Iberoamérica.

El niño disminuido Agatha H. Bowley,Leslie Gardner,1998

Una mente para brillar Dan Weksler,2022-07-11 ¿Cómo se prepara la mente de un deportista para rendir al máximo durante uno o dos minutos de competencia? ¿Cómo se superan los nervios, bloqueos y miedos para alcanzar el estado de fluir que permite el punto óptimo de competición? ¿Qué rol juega el entorno? ¿Qué influencia tienen elementos exteriores a la práctica deportiva, como las redes sociales? ¿Cuál es la dinámica en deportes artísticos grupales? ¿Qué herramientas existen para que la mente de los deportistas artísticos pueda brillar? Estas son algunas de las preguntas que aborda esta completísima obra del psicólogo deportivo Dan Weksler, con el fin de comprender aspectos centrales de la psicología de los deportes artísticos. Para hacerlo, el autor se vale de su experiencia profesional y de referencias académicas pertinentes, que complementa con más de cincuenta entrevistas propias a deportistas y entrenadores de todos los países de habla hispana para adentrarse en las mentes de los y las protagonistas. Una mente para brillar será sin dudas una obra de referencia para el mundo de la psicología de los deportes artísticos en particular, y para la psicología deportiva de habla hispana en general, de lectura indispensable para deportistas, entrenadores y familias, y también para psicólogos deportivos.

Burnout Syndrome - Characteristics and Interventions Robert W. Motta,2024-06-05 Burnout is a relatively common yet poorly understood phenomenon that often results from relentlessly giving of oneself in the service of others. It has also been known to occur in non-human service work. When this giving of oneself becomes excessive, dysfunctional consequences can develop, such as emotional exhaustion, cynicism, depression, and withdrawal. A range of physical consequences can also develop, including high blood pressure, immune system depletion, and a wide range of physical ailments. This book details our evolving knowledge of burnout syndrome and addresses a variety of proposed interventions. These interventions can take place on individual, group, and organizational levels. The importance of burnout has been recently brought to light by

depictions of the plight of healthcare workers who have been brought to the brink of exhaustion by the unrelenting demands made upon them by the COVID-19 pandemic. This book elucidates the nature of burnout and how we can best cope with it as individuals and as a society.

Entornos alimentarios saludables y sostenibles Mura Peralta, Consuelo Belén, González Araya, Daniela Alejandra, Arancibia González, Danée Constanza, Astudillo Erazo, María Esperanza, Álvarez Cargnino, Tábata Macarena, Pizarro Quevedo, Tito Alejandro, 2023-06-01 Una de las luchas más icónicas de la actualidad es la de intentar transformar los hábitos de alimentación de las personas e impulsar cambios significativos en la oferta y disponibilidad de alimentos. La obesidad, la diabetes, la hipertensión y las enfermedades cardiovasculares son algunas de las principales enfermedades que tienen relación directa con la dieta desbalanceada que diariamente podemos observar en diversos ámbitos de nuestra sociedad. Por ejemplo, una agenda laboral colapsada impide darse el tiempo necesario para alimentarse de manera adecuada, lo que termina generando que recurrir a la comida rápida o productos ultra procesados sea la salida más fácil. Estos provocan una falsa sensación de saciedad momentánea y pasan a formar parte habitual del desayuno, almuerzo o cena, con consecuencias que no se aprecian de inmediato pero que a mediano o largo plazo condicionan brutalmente la salud de las personas. Esa es sólo una de las facetas de una realidad mucho más compleja, donde están involucradas la industria, la economía, las desigualdades, la educación, el sedentarismo o el estrés, entre otros aspectos. Y las consecuencias no solo afectan el bienestar de la población sino también impactan al medio ambiente y al planeta que conocemos, con todo lo que ello implica. El llamado que hacen los especialistas, cada vez con mayor frecuencia e insistencia, a transformar los hábitos de alimentación y a reconvertir la industria del sector es tan urgente como real. Los argumentos son de peso y están sustentados en estudios concretos. Estos esfuerzos han logrado permear, en parte, a las nuevas generaciones y ya no es tan extraño hablar de dietas basadas en plantas, consumo de alimentos naturales o mínimamente procesados, vegetarianismo o de entornos alimentarios saludables y sistemas alimentarios sostenibles. El libro que están por comenzar a “devorar” recoge en parte esos análisis que alertan de la necesidad de hacer cambios en estas materias. Bajo la visión de académicos/as y estudiantes de diversas áreas de la salud que componen la comunidad universitaria de la USACH. Las siguientes páginas abordan variados puntos de vista sobre una alimentación adecuada, saludable y sostenible que nos hacen reflexionar sobre esta temática.

Delve into the emotional tapestry woven by Emotional Journey with in Dive into the Emotion of **Facultad De Psicología Unsa** .
