Western Union Patricia Loubeau, 2009-04-21 The Western Union Company is the largest US-owned provider of money transfer services. Services are currently available in over 200 countries around the world. Originally founded as a telegram company in 1884, the company went bankrupt in 1992 as other communication channels gained greater prominence such as faxes and airmail. Two years later, the company emerged from bankruptcy as a money transfer service primarily targeted towards immigrant populations around the world. Today, Western Union is focusing on expanding its services into Latin America, Africa, and South Asia. the challenges for management are to respond to changes in immigration laws and patterns and to be on the forefront of cutting-edge money transfer technology. In addition, to grow the business, management knows that it must add complementary services and delivery options.
