*Here, Now* H. Lofton Cinnamon H. Lofton, Cinnamon H. Lofton, 2009-11 Live love. It's that simple. In this handbook *Here, Now*, author Cinnamon H. Lofton invites introspection for the purpose of transforming one's entire experience of living in order to live love and love life. A journey more than it is a book, *Here, Now* addresses how to free yourself from addiction, how to develop a discipline of nonresistance, and how to catalyze greater peace. It teaches you how to use the breath as a tool for staying present and out of the mind's self-destructive faculties. It is designed to ignite the heart's knowing and the

spirit's willingness to let go of fear in all its forms. Its unique layout containing only one message per page reminds you to maintain a simple and grounded approach to spirituality. Here, Now is not about God, but rather it honors God and spreads God's message of love in the world. God is love, and that is all that matters.

Huna Enid Hoffman, 1976-01-01 Centuries ago, the Kahuna, the ancient Hawaiian miracle workers, discovered the fundamental pattern of energy-flow in the Universe. Their secrets of psychic and intra-psychic communication, refined and enriched by modern scientific research, are now revealed in this practical, readable book. Learn to talk directly to your own unconscious selves and others'. It could change your life.

**Three Prescriptions for Happiness** Ken Keyes, 2010-07-16 A pioneer in the personal growth field and a lifelong peace advocate, Ken Keyes, Jr., contracted polio at age 27 which confined him to a wheelchair for the rest of his life. Yet he looked upon it as a blessing: I view my so-called 'handicap' as another gift my life has offered me. This deceptively simple little book contains three secrets-three prescriptions from this self-described happiness doctor-which are at once obvious and profoundly life-changing.

**What God Said** Neale Donald Walsch, 2013-10-01 God's number one message to the world: "You've got me all wrong." Inspired by his nine-book Conversations with God series, many people have asked Neale Donald Walsch to find a way to deliver the most essential pieces of God's message to us in a more succinct way. This concise text details and expands just what we need to know about life and how to live it. Bringing his many conversations over the years into sharper focus than ever before, Walsch in What God Said encourages readers to cast aside religious and cultural trappings. To experience life as fallible—and human—beings, open-minded, open-hearted, and all-embracing, and to build on, broaden, and enrich our Ancient Story. But to move forward on this ever-expanding and encompassing spiritual voyage means not only understanding what Walsch considers the most important insights of his Conversations with God, but also applying them in the most practical ways. And so Walsch has included solid suggestions on how to apply each of the 25 Core Messages in daily life. Should humanity begin carrying these messages forward, starting today, we can change the world.

*I Can See Clearly Now* Dr. Wayne W. Dyer, 2015-02-24 For many years, Dr. Wayne W. Dyer's fans have wondered when he would write a memoir. Well, after four decades as a teacher of self-empowerment and the best-selling author of more than 40 books, Wayne has finally done just that! However, he has written it in a way that only he can—with a remarkable take-

home message for his longtime followers and new readers alike—and the result is an exciting new twist on the old format. Rather than a plain old memoir, Wayne has gathered together quantum-moment recollections. In this revealing and engaging book, Wayne shares dozens of events from his life, from the time he was a little boy in Detroit up to present day. In unflinching detail, he relates his vivid impressions of encountering many forks in the road, taking readers with him into these formative experiences. Yet then he views the events from his current perspective, noting what lessons he ultimately learned, as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service. As a reader, you will feel as if you are right there with Wayne, perusing his personal photo album and hearing about his family, his time in the service, how he writes his best-selling books, and so much more. In the process, you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now. Wayne has discovered that there are no accidents. Although we may not be aware of who or what is moving the checkers, life has a purpose, and each step of our journey has something to teach us. As he says, I wasn't aware of all of the future implications that these early experiences were to offer me. Now, from a position of being able to see much more clearly, I know that every single encounter, every challenge, and every situation are all spectacular threads in the tapestry that represents and defines my life, and I am deeply grateful for all of it. *I Can See Clearly Now* is an intimate look at an amazing teacher, but it also holds the key for seekers on a personal path of enlightenment. Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses, helping us accomplish the mission we came here to fulfill.

Bicycling Home Virginia Mudd, 2014-07-01 Desperate to be free of a terrifying food addiction and driven by a terrible longing to find God, whomever and whatever that meant, Virginia began a ten-year journey that covered more than 10,000 miles by bicycle and countless inner miles of self-discovery and transformation. Her search takes her from a well-ordered, happy married life into divorce, chaos, confusion and despair—and ultimately to the unexpected and profound answer to her quest. This story follows a modern-day seeker as she bicycles her way—alone on back roads and in long distance races—all the way home, where she finds herself as she finds the God she is seeking.

Activating the Power Within Waukena Ann Cuyjet, 2011-12-09 Waukena Cuyjet shares her discovery of self worth, empowerment and introduces the reader to see the divine within us all. As you read each week's lesson for eight weeks, Waukena uncovers this hidden and unused resource that is a source of our unlimited potential. Cuyjet outlines for an easy read and exercises to assist us so we can release the power inside for better decision making, greater confidence and an inspired openness to let our natural gifts and talents come forth for the self and others as well.

**A Sourcebook for Helping People with Spiritual Problems** Emma Bragdon, 2012-11 As more people practice meditation, yoga, and participate in workshops for personal transformation, increasing numbers of them are having experiences related to spiritual awakening. The problem is they don't know the territory. An intense spiritual experience can

seem overwhelming and scary and even be confused with going crazy. This practical book is the classic text, newly updated in 2006 (3rd edition), defining the problems that can arise when someone is disoriented by intense spiritual experiences. It is a valuable resource for anyone interested in spiritual experiences and their relationship to mental health and mental illness. It distinguishes the differences between various mental pathologies and indicators of spiritual awakening. It clearly describes the kind of care one needs in a spiritual emergency process and how the care is dramatically different than conventional psychiatric treatment. It traces the history of how signs of spiritual awakening have been perceived in the past. Graduate schools of psychology use this book as a text because it is such a clear statement about the nature of spiritual crises and appropriate treatment. However, it is written in a style that is also appropriate for any adult reader. The author, a transpersonal psychologist, has written five other books on spiritual healing and awakening. The title of the first edition of this book was *A Sourcebook for Helping People in Spiritual Emergency* and was published in 1988.

**Think Thin, Be Thin** Doris Wild Helmering, Dianne Hales, 2004-12-28 If you've been struggling with your weight, you know how hard it can be to lose those extra pounds and keep them off. In the groundbreaking *Think Thin, Be Thin*, nationally prominent psychotherapist Doris Wild Helmering and award-winning health writer Dianne Hales assert that the true key to a healthy body weight is a healthy attitude toward food and exercise. Their logic is simple: Your brain ultimately controls what you eat and whether you work out. If you change the way you think, you can change the way you behave. And you can lose weight. Using proven psychological strategies and scientifically based exercises, you will learn how to harness your thoughts to transform your behavior, body, and life. With practical advice on such troublesome issues as curbing emotional eating, motivating yourself to exercise, and overcoming diet plateaus, this book is the ideal complement to any diet and weight-loss program.

**The Executive and the Elephant** Richard L. Daft, 2010-08-02 Lessons for leaders on resolving the ongoing struggle between instinct and the creative mind Kings, heads of government, and corporate executives lead thousands of people and manage endless resources, but may not have mastery over themselves. Often leaders know that right action is important, but have little (if any) understanding of what prevents them from acting in accordance with their intentions. In this important book, leadership expert Richard Daft portrays this dilemma as a struggle between instinct (elephant) and intention (the executive) using the most current research on the intentional vs. the habitual mind to explain how this phenomenon occurs. Based on current research and real-life examples Offers leaders a method for directing themselves more productively Written by an expert in leadership, organizational performance, and change management Through real-life examples and recent studies in psychology, management and Eastern spirituality Daft provides guidance to all of us who struggle finding our own balance and cultivating the behavior of others.

Rainbow Body Kurt Leland, 2016-01-01 If you've ever had questions about the inconsistencies between chakra systems or

wondered where the names, colors, locations, and other associations came from#8212you'll find the answers here, along with 24 tables and 28 black-and-white illustrations showing how the Western chakra system developed from the mid-19th through the 20th century, many from rare and forgotten sources. Based on the teachings of Indian Tantra, the chakras have been used for centuries as focal points for healing, meditation, and achieving a gamut of physical, emotional, and spiritual benefits, from improved health to ultimate enlightenment. Contemporary yoga teachers, energy healers, psychics, and self-help devotees think of the chakra system as thousands of years old. Yet the most common version in use in the West today came together as recently as 1977. Never before has the story been told of how the Western chakra system developed from its roots in Indian Tantra, through Blavatsky to Leadbeater, Steiner to Alice Bailey, Jung to Joseph Campbell, Ramakrishna to Aurobindo, and Esalen to Shirley MacLaine and Barbara Brennan.
