Understanding I Know Why the Caged Bird Sings Joanne Megna-Wallace, 1998-06-25 Maya Angelou's autobiography *I Know Why the Caged Bird Sings* was nominated for a National Book Award, yet in 1995 it topped the list of books most frequently challenged in schools and libraries. This interdisciplinary collection of documents and commentary explores the historical and social context, as well as the contemporary issues and controversies raised by Angelou's autobiography. A rich resource for teachers and students, it will help to enhance the reader's understanding of the historical and social forces that shaped Maya Angelou's experience—race relations in the pre-civil rights South, segregated schools, the African American church, and the African American family. It also examines the issue of childhood sexual abuse, the inclusion of which has

been the basis of most of the challenges to the autobiography, and the issue of the work's censorship since its publication. This rich resource begins with a literary analysis of the structure and dramatic elements of Angelou's autobiography, as well as discussion of the genre of autobiography. Subsequent chapters include introductions and documents that provide insight into the topics of race relations, lynchings, and racial etiquette; the education of African Americans in the South in the 1930s (particularly county training schools like the one Angelou attended); the otherworldliness, emotion, and music of the African American church; African American women as nurturers, and the effect of frequent migration on children such as Angelou; information from the National Center on Child Abuse and Neglect which puts the sexual abuse Angelou experiences in a broader context; and many news stories regarding censorship attempts on *I Know Why the Caged Bird Sings*. Documents in the work include newspaper articles, interviews and first-person narratives, government documents, excerpts from books and journals, and legal statutes. Study questions, ideas for project topics, and suggested readings conclude each chapter and further enhance the usefulness of this interdisciplinary research tool for students and teachers.

Thinking and Literacy Carolyn N. Hedley, Patricia Antonacci, Mitchell Rabinowitz, 2013-11-05 This volume explores higher level, critical, and creative thinking, as well as reflective decision making and problem solving -- what teachers should emphasize when teaching literacy across the curriculum. Focusing on how to encourage learners to become independent thinking, learning, and communicating participants in home, school, and community environments, this book is concerned with integrated learning in a curriculum of inclusion. It emphasizes how to provide a curriculum for students where they are

socially interactive, personally reflective, and academically informed. Contributors are authorities on such topics as cognition and learning, classroom climates, knowledge bases of the curriculum, the use of technology, strategic reading and learning, imagery and analogy as a source of creative thinking, the nature of motivation, the affective domain in learning, cognitive apprenticeships, conceptual development across the disciplines, thinking through the use of literature, the impact of the media on thinking, the nature of the new classroom, developing the ability to read words, the bilingual, multicultural learner, crosscultural literacy, and reaching the special learner. The applications of higher level thought to classroom contexts and materials are provided, so that experienced teacher educators, and psychologists are able to implement some of the abstractions that are frequently dealt with in texts on cognition. Theoretical constructs are grounded in educational experience, giving the volume a practical dimension. Finally, appropriate concerns regarding the new media, hypertext, bilingualism, and multiculturalism as they reflect variation in cognitive experience within the contexts of learning are presented.

Goodbye My Love and Other Stories Marcus A. Stockton, 2017-11-16 There are two ways that a person can walk in this life. You can either walk into your blessing or walk into your curse. How can you do that? You can do that by doing things that are natural for you to do. Success at anything is not by chance or by luck. It is seeing things you have already been doing brought to fruition. Therefore, successful people are not surprised by their success. They actually knew it would happen before it happened. The blessing is the reward for a life of integrity and commitment to achieving goals and setting standards. What is the curse? It is all the negatives that we curse our lives with: the negative friends, the negative conversations, the negative situations. An unsuccessful person who continues to put himself or herself in those situations, in those conversations, and around those people will bring a curse to their lives that they will never be able to shake. I am grateful for the friends and the relationships that I have been blessed with in my life. They have helped me to overcome all the obstacles of life. And that is what any man needs, incarcerated or freepeople who believe in him when no one else in the world does.
