Hannah Seligson

Wallflower at the Orgy Nora Ephron, 2007-06-26 A biting, funny, provocative, and revealing look at our foibles, passions, and pastimes—from one of the most creative minds of our time. “Nora Ephron can write about anything better than anybody else can write about anything.”—The New York Times From her Academy Award-nominated screenplays to her bestselling fiction and essays, Nora Ephron is one of America’s most gifted, prolific, and versatile writers. In this classic collection of magazine articles, Ephron does what she does best: embrace American culture with love, cynicism, and unmatched wit. From tracking down the beginnings of the self-help movement to dressing down the fashion world’s most powerful publication to capturing a glimpse of a legendary movie in the making, these timeless pieces tap into our enduring obsessions with celebrity, food, romance, clothes, entertainment, and sex. Whether casting her ingenious eye on renowned director Mike Nichols, Cosmopolitan magazine founder Helen Gurley Brown—or herself, as she chronicles her own beauty makeover—Ephron deftly weaves her journalistic skill with the intimate style of an essayist and the incomparable talent of a great storyteller.

A Woman's Place Is in the Brewhouse Tara Nurin, Teri Fahrendorf, 2021-09-21 • North American Guild of Beer Writers Best Book 2022 Dismiss the stereotype of the bearded brewer. It's women, not men, who've brewed beer throughout most of human history. Their role as family and village brewer lasted for hundreds of thousands of years—through the earliest days of Mesopotamian civilization, the reign of Cleopatra, the witch trials of early modern Europe, and the settling of colonial America. *A Woman's Place Is in the Brewhouse* celebrates the contributions and influence of female brewers and explores the forces that have erased them from the brewing world. It's a history that's simultaneously inspiring and demeaning. Wherever and whenever the cottage brewing industry has grown profitable, politics, religion, and capitalism have grown greedy. On a macro scale, men have repeatedly seized control and forced women out of the business. Other times, women have simply lost the minimal independence, respect, and economic power brewing brought them. But there are more breweries now than at any time in American history and today women serve as founder, CEO, or head brewer at more than one thousand of them. As women continue to work hard for equal treatment and recognition in the industry, author Tara Nurin shows readers that women have been—and are once again becoming—relevant in the brewing world.

Swinging Single Hilary Radner, Moya Luckett, 1999 Critics and defenders alike connect today's widespread anxieties about sexuality and culture to the political activism of the 1960s and the counterculture's preoccupation with the individual pursuit of pleasure/ In contrast, the essays in *Swindling Single* attribute the new sexual mores of that era not to its political upheavals but to a confluence of social, cultural, and economic factors that encouraged personal gratification and altered traditionally defined gender roles. Contributors analyze a broad range of topics: the commercialization of avant-garde and exploitation films; new visions of female sexuality in *That Girl* and *The Avengers*; the social context of such cultural icons as Hugh Hefner and Charles Manson; the intersection of race and sexuality in Eldridge Cleaver's *Soul on Ice*; and depictions of sexual pleasure in pornography and scientific films.

Boom! Julie Rak, 2013-06-15 Since the early 1990s, tens of thousands of memoirs by celebrities and unknown people have been published, sold, and read by millions of American readers. The memoir boom, as the explosion of memoirs on the market has come to be called, has been welcomed, vilified, and dismissed in the popular press. But is there really a boom in memoir production in the United States? If so, what is causing it? Are memoirs all written by narcissistic hacks for an unthinking public, or do they indicate a growing need to understand world events through personal experiences? This study seeks to answer these questions by examining memoir as an industrial product like other products, something that publishers and booksellers help to create. These popular texts become part of mass culture, where they are connected to public events. The genre of memoir, and even genre itself, ceases to be an empty classification category and becomes part of social action and consumer culture at the same time. From James Frey's controversial *A Million Little Pieces* to memoirs about bartending, Iran, the liberation of Dachau, computer hacking, and the impact of 9/11, this book argues that the memoir boom is more than a publishing trend. It is becoming the way American readers try to understand major events in terms of individual experiences. The memoir boom is one of the ways that citizenship as a category of belonging between private and public spheres is now articulated.

American History Revised Seymour Morris, Jr., 2010-04-06 "American History Revised is as informative as it is entertaining and humorous. Filled with irony, surprises, and long-hidden secrets, the book does more than revise American history, it reinvents it."—James Bamford, bestselling author of *The Puzzle Palace*, *Body of Secrets*, and *The Shadow Factory* This spirited reexamination of American history delves into our past to expose hundreds of startling facts that never made it into the textbooks, and highlights how little-known people and events played surprisingly influential roles in the great American story. We tend to think of history as settled, set in stone, but *American History Revised* reveals a past that is filled with ironies, surprises, and misconceptions. Living abroad for twelve years gave author Seymour Morris Jr. the opportunity to view his country as an outsider and compelled him to examine American history from a fresh perspective. As Morris colorfully illustrates through the 200 historical vignettes that make up this book, much of our nation's past is quite

different—and far more remarkable—than we thought. We discover that: • In the 1950s Ford was approached by two Japanese companies begging for a joint venture. Ford declined their offers, calling them makers of “tin cars.” The two companies were Toyota and Nissan. • Eleanor Roosevelt and most women’s groups opposed the Equal Rights Amendment forbidding gender discrimination. • The two generals who ended the Civil War weren’t Grant and Lee. • The #1 bestselling American book of all time was written in one day. • The Dutch made a bad investment buying Manhattan for \$24. • Two young girls aimed someday to become First Lady—and succeeded. • Three times, a private financier saved the United States from bankruptcy. Organized into ten thematic chapters, *American History Revised* plumbs American history’s numerous inconsistencies, twists, and turns to make it come alive again.

Military Comedy Films Hal Erickson, 2012-08-21 Beginning with Charlie Chaplin's *Shoulder Arms*, released in America near the end of World War I, the military comedy film has been one of Hollywood's most durable genres. This generously illustrated history examines over 225 Army, Navy and Marine-related comedies produced between 1918 and 2009, including the abundance of laughspinners released during World War II in the wake of Abbott and Costello's phenomenally successful *Buck Privates* (1941), and the many lighthearted service films of the immediate postwar era, among them *Mister Roberts* (1955) and *No Time for Sergeants* (1958). Also included are discussions of such subgenres as silent films (*The General*), military-academy farces (*Brother Rat*), women in uniform (*Private Benjamin*), misfits making good (*Stripes*), anti-war comedies (*MASH*), and fact-based films (*The Men Who Stare at Goats*). A closing filmography is included in this richly detailed volume.

She Made Me Laugh Richard M. Cohen, 2017-09-05 The writer and filmmaker Nora Ephron is captured by her long-time and dear friend Richard Cohen in a recollection of their decades-long friendship.

Mike Nichols and the Cinema of Transformation J.W. Whitehead, 2014-05-21 Mike Nichols burst onto the American cultural scene in the late 1950s as one half of the comic cabaret team of Nichols and May. He became a Broadway directing sensation, then moved on to Hollywood, where his first two films—*Who's Afraid of Virginia Woolf?* (1966) and *The Graduate* (1967)—earned a total of 20 Academy Award nominations. Nichols won the 1968 Oscar for Best Director and later joined the rarefied EGOT (Emmy, Grammy, Oscar, Tony) club. He made many other American cinematic classics, including *Catch-22* (1970), *Carnal Knowledge* (1971), *Silkwood* (1983), *Working Girl* (1988), *Postcards from the Edge* (1990), and his late masterpieces for HBO, *Wit* (2001) and *Angels in America* (2003). Filmmakers like Steven Spielberg and Steven Soderbergh regard him with reverence. This first full-career retrospective study of this protean force in the American arts begins with the roots of his filmmaking in satirical comedy and Broadway theatre and devotes separate chapters to each of his 20 feature films. Nichols' permanent achievements are his critique of the ways in which culture constructs conformity and his tempered optimism about individuals' liberation by transformative awakening.

The Most of Nora Ephron Nora Ephron, 2023-08-30 A whopping big celebration of the work of the late, great Nora Ephron, America's funniest—and most acute—writer, famous for her brilliant takes on life as we've been living it these last forty years. Everything you could possibly want from Nora Ephron is here—from her writings on journalism, feminism, and being a woman (the notorious piece on being flat-chested, the clarion call of her commencement address at Wellesley) to her best-selling novel, *Heartburn*, written in the wake of her devastating divorce from Carl Bernstein; from her hilarious and touching screenplay for the movie *When Harry Met Sally . . .* ("I'll have what she's having") to her recent play *Lucky Guy* (published here for the first time); from her ongoing love affair with food, recipes and all, to her extended takes on such controversial women as Lillian Hellman and Helen Gurley Brown; from her pithy blogs on politics to her moving meditations on aging ("I Feel Bad About My Neck") and dying. Her superb writing, her unforgettable movies, her honesty and fearlessness, her nonpareil humor have made Nora Ephron an icon for America's women—and not a few of its men.

Honky Dalton Conley, 2023-09-05 This vivid memoir captures how race, class, and privilege shaped a white boy's coming of age in 1970s New York—now with a new epilogue. "I am not your typical middle-class white male," begins Dalton Conley's *Honky*, an intensely engaging memoir of growing up amid predominantly African American and Latino housing projects on New York's Lower East Side. In narrating these sharply observed memories, from his little sister's burning desire for cornrows to the shooting of a close childhood friend, Conley shows how race and class inextricably shaped his life—as well as the lives of his schoolmates and neighbors. In a new afterword, Conley, now a well-established senior sociologist, provides an update on what his informants' respective trajectories tell us about race and class in the city. He further reflects on how urban areas have (and haven't) changed over the past few decades, including the stubborn resilience of poverty in New York. At once a gripping coming-of-age story and a brilliant case study illuminating broader inequalities in American society, *Honky* guides us to a deeper understanding of the cultural capital of whiteness, the social construction of race, and the intricacies of upward mobility.

At the Kitchen Table Greg Atkinson, 2011-09-20 This is a book of more than two dozen essays about eating, food, the meaning of coming together at the table, and the pleasures of home cooking. Greg Atkinson, chef and writer, brings the perspective of one who has harvested shellfish with fishermen in Puget Sound, walked the rows during harvest at Oregon

vineyards, as well as sourced ingredients at the local big box retailer. According to Atkinson, the measure that's most valuable is the amount of heart that brings people together for a meal--less important is the pedigree of the extra virgin olive oil that's used. In this book, Atkinson brings memorable meals to life, shares the special experience of making borscht, reveals tips and tidbits on cooking that he has garnered from foodie royalty that have passed through his kitchen, even about his aversion to fishing for trout and his pleasure in preparing them on camping trips to favorite mountain lakes. At the Kitchen Table is about the meaning of eating, the broad culinary web we enter with every bite we take, and the special sanctuary that is the home kitchen. Each essay is concluded with several recipes--more than 70 total.

Sacred and Immoral Jeffrey A. Sartain, 2009-01-14 *Sacred and Immoral: On the Writings of Chuck Palahniuk*, edited by Jeffrey A. Sartain, combines the efforts of an international list of writers to explore the depths of Chuck Palahniuk's fiction. Scholars have paid attention Palahniuk's premiere novel, *Fight Club*, for years. *Sacred and Immoral* is the first anthology dedicated to scholarship focused on Palahniuk's work following *Fight Club*, which he has been producing at an average of a book a year for thirteen years. By collecting the work of an interdisciplinary group of scholars under a single cover, *Sacred and Immoral* extends the reach of Palahniuk scholarship beyond any previous publication. *Sacred and Immoral* provides the

single most comprehensive and useful scholarly resource to date for anyone wishing to examine Chuck Palahniuk's fiction in an academic context. Some of the anthology's chapters situate Palahniuk's work within existing generic conventions, while other chapters are concerned with the theoretical underpinnings of Palahniuk's writing and the philosophical implications of his work. With eleven new critical analyses of Palahniuk's later novels, *Sacred and Immoral* drastically expands the range and depth of academic inquiry into Palahniuk's fiction commensurate with the prominent and exciting position Palahniuk's work occupies in contemporary culture. *Sacred and Immoral* also includes a new interview with Chuck Palahniuk, conducted by literary scholar Matt Kavanagh. Finally, *Sacred and Immoral* boasts the most complete primary and secondary bibliographies of Palahniuk-related materials to date. *Sacred and Immoral* is not an attempt to have the last word on Chuck Palahniuk's literature. Rather, this volume is a springboard for other projects that relate to Palahniuk's writings. The anthology provides a critical framework for Palahniuk's later literature that students, teachers, and researchers can use in their own classrooms and writing.

Witness to the Revolution Clara Bingham, 2017-04-18 The electrifying story of the turbulent year when the sixties ended and America teetered on the edge of revolution NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ST. LOUIS POST-DISPATCH As the 1960s drew to a close, the United States was coming apart at the seams. From August 1969 to August 1970, the nation witnessed nine thousand protests and eighty-four acts of arson or bombings at schools across the country. It was the year of the My Lai massacre investigation, the Cambodia invasion, Woodstock, and the Moratorium to End the War. The American death toll in Vietnam was approaching fifty thousand, and the ascendant counterculture was challenging nearly every aspect of American society. *Witness to the Revolution*, Clara Bingham's unique oral history of that tumultuous time, unveils anew that moment when America careened to the brink of a civil war at home, as it fought a long, futile war abroad. Woven together from one hundred original interviews, *Witness to the Revolution* provides a firsthand narrative of that period of upheaval in the words of those closest to the action—the activists, organizers, radicals, and resisters who manned the barricades of what Students for a Democratic Society leader Tom Hayden called “the Great Refusal.” We meet Bill Ayers and Bernardine Dohrn of the Weather Underground; Daniel Ellsberg, the former Defense Department employee who released the Pentagon Papers; feminist theorist Robin Morgan; actor and activist Jane Fonda; and many others whose powerful personal stories capture the essence of an era. We witness how the killing of four students at Kent State turned a straitlaced social worker into a hippie, how the civil rights movement gave birth to the women's movement, and how opposition to the war in Vietnam turned college students into prisoners, veterans into peace marchers, and intellectuals into bombers. With lessons that can be applied to our time, *Witness to the Revolution* is more than just a record of the death throes of the Age of Aquarius. Today, when America is once again enmeshed in racial turmoil, extended wars overseas, and distrust of the government, the insights contained in this book are more relevant than ever. Praise for *Witness to the*

Revolution “Especially for younger generations who didn’t live through it, Witness to the Revolution is a valuable and entertaining primer on a moment in American history the likes of which we may never see again.”—Bryan Burrough, The Wall Street Journal “[One of the] best paperbacks of 2017 so far . . . The book is a rich tapestry of a volatile period in American history.”—Time “A gripping oral history of the centrifugal social forces tearing America apart at the end of the ‘60s . . . This is rousing reportage from the front lines of US history.”—O: The Oprah Magazine “The familiar voices and the unfamiliar ones are woven together with documents to make this a surprisingly powerful and moving book.”—New York Times Book Review “[An] Enthralling and brilliant chronology of the period between August 1969 and September 1970.”—Buffalo News “[Bingham] captures the essence of these fourteen months through the words of movement organizers, vets, students, draft resisters, journalists, musicians, government agents, writers, and others. . . . This oral history will enable readers to see that era in a new light and with fresh sympathy for the motivations of those involved. While Bingham’s is one of many retrospective looks at that period, it is one of the most immediate and personal.”—Booklist

The Food Section Kimberly Wilmot Voss, 2014-04-24 Food blogs are everywhere today but for generations, information and opinions about food were found in the food sections of newspapers in communities large and small. Until the early 1970s, these sections were housed in the women’s pages of newspapers—where women could hold an authoritative voice. The food editors—often a mix of trained journalist and home economist—reported on everything from nutrition news to features on the

new chef in town. They wrote recipes and solicited ideas from readers. The sections reflected the trends of the time and the cooks of the community. The editors were local celebrities, judging cooking contests and getting calls at home about how to prepare a Thanksgiving turkey. They were consumer advocates and reporters for food safety and nutrition. They helped make James Beard and Julia Child household names as the editors wrote about their television appearances and reviewed their cookbooks. These food editors laid the foundation for the food community that Nora Ephron described in her classic 1968 essay, "The Food Establishment," and eventually led to the food communities of today. Included in the chapters are profiles of such food editors as Jane Nickerson, Jeanne Voltz, and Ruth Ellen Church, who were unheralded pioneers in the field, as well as Cecily Brownstone, Poppy Cannon, and Clementine Paddleford, who are well known today; an analysis of their work demonstrates changes in the country's culinary history. The book concludes with a look at how the women's pages folded at the same time that home economics saw its field transformed and with thoughts about the foundation that these women laid for the food journalism of today.
