Raffaela Di Napoli

Explain Hume's distinction between matters of fact and ... - MyTutor These facts are a priori knowledge and therefore can be known simply through pure reasoning. According to Hume, they are not significant and do not tell us anything about the world. "Matters of fact", on the other hand, contain a posteriori knowledge and are therefore synthetic propositions that tell us about the world. **Explain the main features and strengths of the teleological ...** The teleological argument, is a a posteriori, inductive argument for the existence of God. This means it is based on inferring the existence of God from sense evi... **To what extent are a posteriori arguments for the existence** To what extent are a posteriori arguments for the existence of God more persuasive than a priori arguments? Arguments for the existence of God which employ a posteriori reasoning are underpinned by empirical observation of the world to reach conclusions. *How does Descartes put forward a challenge to the empiricist* The rationalist (like Descartes) believes that our main source of knowledge is reasoning and self-reflection, namely prioritising a priori knowledge (that is known independently of experience) - e.g. mathematical truths like $2+2=4$. **Assess the difference between analytic and synthetic truths** Analytic and synthetic truths are two terms coined by Kant in the 18th century and are used to distinguish propositions. The idea of analyticism is also used to ground a priori propositions by having something that defines them as solid as the argument of sense experience for a posteriori propositions. Kant defined analytic truths to be ones in which the predicate is contained by the ... What is the difference between a priori and a posteriori knowledge ... A priori knowledge is prior to sense experience (thus 'priori'). For example, even prior to actually going out into the world and doing experiments, one could simply close their eyes, think, and deduce that $2+2=4$. *What is the difference between "a priori knowledge" and "a ...* A posteriori knowledge, on the other hand, is any knowledge that does require experience as justification. For example, "It's sunny outside", or "Lily has red hair". Whereas a priori statements can be known in and of themselves, a posteriori statements must be verified by ... **Explain the difference between a priori and a posteriori.** Explain the difference between a priori and a posteriori. Simply defined, a priori knowledge is knowledge that is gained from one's mind with full emancipation from the body and the senses. A posteriori knowledge is empirically drawn from experiences and senses. **Epistemology: What is the difference between a priori and a ...** A priori knowledge is knowledge that can be obtained without experience of the outside world- your internal thoughts alone can provide you with a priori knowledge. A posteriori knowledge is knowledge that can only be obtained

through experience of the outside world. **Explain how Descartes argues that we can gain a priori ... - MyTutor** On the basis of this I will explain how Descartes argues we can gain a priori knowledge through intuition and deduction. Descartes is a rationalist and therefore believes in a priori knowledge. A priori knowledge is knowledge that does not require ...
