Divorce with Decency Bradley A. Coates, 2017-05-31 This completely revised and updated fifth edition of the award-winning Divorce with Decency includes the most current research, statistics, and insights on the effects of divorce on spouses, their children, and society overall. Written by a prominent divorce lawyer with four decades of experience, it is the most comprehensive treatment of the legal, emotional, economic, psychological, and social aspects of romantic relationships, marriage and divorce available anywhere in a single volume. Initial sections look at the dynamics of divorce: the causal factors, the common "stages" from initial separation onward, and the complications surrounding each stage for older and younger couples and children. Important information on spouse abuse is also included. The book discusses key criteria in selecting an attorney and gives expert advice on directing and monitoring the course of a case efficiently and economically. Detailed background on critical legal issues is given, followed by case histories highlighting key points of divorce law. Extensive new sections have been added to this edition which provide key tips on preserving, improving, and possibly "saving" marriages. Key chapters focus on post-divorce issues of single parenthood and new relationships; as well as the rapidly changing nature of love, romance, "digital dating," and other topics in this modern New Millennium. Informative yet highly readable (and occasionally amusing), Divorce with Decency has proven to be indispensable to anyone involved in a divorce, whether directly or indirectly.

IJusWannaWrite Te'erra Ladeepo3t Jones, 2020-02-21 iJusWannaWrite is solely inspired by poems I wrote while in the mist of chaos. My life has been far from easy in many departments, but through those challenges I've always used writing to help me get through. Not only will these poems take you deeper into my mind and my way of thinking, but they will also give you a sense of understanding as it pertains to my character. These poems were written over the span of 10 years, as I grew so did my poetry. I wrote these through change in careers, school, parenting, break ups and long car rides. Also included in this book are brief stories that sparked a good chunk of the poems presented in this book. I hope for the reader you are able

to not only understand me, but also understand some things in your life as well if you are faced with similar situations.

The New Biographical Dictionary of Film David Thomson, 2014-05-06 For almost thirty years, David Thomson's Biographical Dictionary of Film has been not merely "the finest reference book ever written about movies" (Graham Fuller, Interview), not merely the "desert island book" of art critic David Sylvester, not merely "a great, crazy masterpiece" (Geoff Dyer, The Guardian), but also "fiendishly seductive" (Greil Marcus, Rolling Stone). This new edition updates the older entries and adds 30 new ones: Darren Aronofsky, Emmanuelle Beart, Jerry Bruckheimer, Larry Clark, Jennifer Connelly, Chris Cooper, Sofia Coppola, Alfonso Cuarón, Richard Curtis, Sir Richard Eyre, Sir Michael Gambon, Christopher Guest, Alejandro González Inárritu, Spike Jonze, Wong Kar-Wai, Laura Linney, Tobey Maguire, Michael Moore, Samantha Morton, Mike Myers, Christopher Nolan, Dennis Price, Adam Sandler, Kevin Smith, Kiefer Sutherland, Charlize Theron, Larry Wachowski and Andy Wachowski, Lew Wasserman, Naomi Watts, and Ray Winstone. In all, the book includes more than 1300 entries, some of them just a pungent paragraph, some of them several thousand words long. In addition to the new "musts," Thomson has added key figures from film history—lively anatomies of Graham Greene, Eddie Cantor, Pauline Kael, Abbott and Costello, Noël Coward, Hoagy Carmichael, Dorothy Gish, Rin Tin Tin, and more. Here is a great, rare book, one that encompasses the chaos of art, entertainment, money, vulgarity, and nonsense that we call the movies. Personal, opinionated, funny, daring, provocative, and passionate, it is the one book that every filmmaker and film buff must own. Time Out named it one of the ten best books of the 1990s. Gavin Lambert recognized it as "a work of imagination in its own right." Now better than ever—a masterwork by the man playwright David Hare called "the most stimulating and thoughtful film critic now writing."

The Gap in Shakespeare Colin N. Manlove, 2020-06-29 The first purpose of this book is to provide new readings of many of Shakespeare's major plays, unhampered by bardolatry and, so far as possible, by critical preconceptions. Among the interpretations is an argument that contradictions found in Othello emerge ultimately from Shakespeare's inability to portray a developing heterosexual relationship in any of his plays; that King Lear operates by a technique of psychological and spiritual discontinuity that forces the audience beyond rational or common-sense awareness to the deeper levels of the play; that in Macbeth the hero is portrayed as killing his king not so much for any positive motive as out of an inability to find a reason not to do so; that in Timon of Athens and Coriolanus Shakespeare's judgement is fatally divided; and that in the late romances evil is too lightly treated for the plays to be seen as serious accounts of life. At the same time throughout the book the central theme is Shakespeare's preoccupation with dichotomy and division, a preoccupation that cannot be explained away by reference to his Renaissance or Jacobean milieu, but emerges from himself. It is the subject of many of his plays; it is at the heart of the means by which he produces his greatest dramatic work; and it is equally the source of his blind spots and failures. The changing forms in which it manifests itself throughout his dramas resolve into a coherent pattern of psychological development.

Cross-Cultural Reckonings Blanche H. Gelfant, 1995-01-27 Blanche H. Gelfant's book *Cross-Cultural Reckonings* both demonstrates and questions the applicability of postmodern cultural and literary theories to realistic texts - to fiction and autobiographies valued for their truth. Drawing together an unusual combination of Russian, American, and Canadian writers, the various essays of this book provide new and original perspectives upon the puzzling issues of national identity, of historical change and continuity, of gender and the integrity of literary genres, the boundaries between text and context, and the underlying if overlooked conflicts between the postmodern critic's skepticism and a writer's belief in the transcendence of art and truth. To avoid the contingencies inherent in binary comparisons, the essays in this book seek a triadic form analogous to the triptych or polyptych of the visual arts. Multi-faceted, non-linear, and open-ended, such a form might allow the academic essay to recover a waywardness that traces back to Montaigne, cited in prefatory notes, and to the etymological meaning of the essay as an exagium or weighing, as an act of reckoning. A study at once elegant, erudite, and personal, *Cross-Cultural Reckonings* reckons with writers of different backgrounds and reputation in whom Gelfant discovers surprising affinities - among them the Russian writers Lydia Chukovskaya, Natalya Baranskaya, and Alexander Solzhenitsyn; Ethel Wilson, a highly reputed Canadian writer; the famous cross-cultural figure, Emma Goldman; and established as well as new or rediscovered American writers, such as Willa Cather, Saul Bellow, Arlene Heyman, and Meridel Le Sueur. These writers are discussed singly and in comparative essays, each of which is discrete and self-contained, while all interconnect and reflect upon each other as exemplary demonstrations of cross-cultural literary criticism and the deferred final judgment that results from a weighing and reweighing of books.
