Quotes: The Famous and Not so Famous Terence M. Dorn Ph.D.,2021-11-24 The accumulation of the following quotes began when I served the Army chief of staff as a speechwriter and is a result of encouragement that my father provided to me every day of our lives together. This is a very small slice of the wisdom of the ages uttered by the more famous and not-so-famous people of their respective time periods. Much of that wisdom uttered decades and even hundreds of years ago are still as relevant today as they were when they were uttered. The times may change, but people don't.

The Way of the World the Will of the Mind Jamaal Branch,2010-08-29 “You will gain great success and happiness in life through properly using this method. This book has information that has been passed down through the ages from the most influential people in history and I am very thankful and blessed to share it with you. Often when writers create a self help book, the first thing you notice is a long drawn out version of a concept that can easily be taught in only 5 - 10 minutes. This book presents an easy step by step listed version of my method to gain anything you desire out of life. You can learn it quickly and move directly into gaining field experience. The information presented here is very powerful but short and to the point. I really want you to get out there and make your life a complete success. It does not matter what you may desire, whatever it is this method will get you there.

F*ck You PTSD! Angela Davey,2024-09-12 Tired of suffering in silence? Yearning to take charge of your life? Ready to say “F*ck you” to PTSD—or whatever it is you’re struggling with—and try something radically different? In F*ck You PTSD, trauma-informed wellness expert Angela Davey takes the “woo-woo” out of alternative healing practices to help readers move

through mental health challenges, heal invisible wounds, and achieve a greater state of well-being. With remarkable candor and refreshing pragmatism, Davey details her own mental health struggles, as well as the wellness journey of her husband, a police officer with PTSD. Clarity, accessibility, and reader autonomy are top priorities in the presentation of these thirty recommended healing practices, which include reiki, grounding, breathwork, sleep, mindfulness, and more. Davey refuses to sugarcoat: Some of this stuff is going to sound strange or hokey. Some of it you will scoff at. Some of it you will decide to try because 'why not'? ALL of it has the potential to help you get better. You're in charge." And with that first acknowledgement, you've already begun. Read on for some necessary real-talk, entertaining profanity, and the tools and encouragement you need to reclaim your power and kick PTSD to the curb.

The I Factor Van Moody, 2016-11-22 The key to the life you want is already within your grasp. Join bestselling author Van Moody as he helps you learn the 3 keys necessary to discover your life's purpose and the satisfying fulfillment you're longing for. One question lies behind every struggle we face: How do I deal with myself? Behind all our stumbles, behind each of our missteps, behind every one of our failings lies an inability to handle what Moody calls the I-Factor. More than self-worth or self-respect, beyond even character and perception of purpose, the I-Factor is about managing yourself--your whole life--well. In this inspiring book, Moody reveals how to get hold of your I-Factor and finally get out of your own way. In *The I-Factor*, Moody identifies three dynamics essential to winning the battle of the I-Factor: Identity: When you understand your identity you know who you are, setting your foundation for everything Significance: When you understand your significance, you see the purpose and the greatness you were created for Perspective: When you understand perspective, you can view the problems you face as stepping stones to greatness rather than stumbling blocks Weaving together personal stories, practical principles, and profound biblical truth, *The I-Factor* provides the key to achieving the life of greatness that you are destined for. Praise for *The I-Factor*: Van Moody takes you on a biblically balanced, often painfully penetrating look--not just a look at the you in you, but a look at the God in you who defines and declares your destiny and worth. --Kenneth C. Ulmer, D.Min, PhD; Faithful Central Bible Church; founder-CEO, The Ulmer Institute

Sisterhood in Sports Joan Steidinger, 2023-06-14 *Sisterhood in Sports: How Female Athletes Collaborate and Compete* tells the stories of all kinds of female athletes in a variety of sports. Their natural tendency to use talking as a primary form of communication is essential to their experiences and successes in sports. Women and girls tend to have BFFs, collaborate during periods of stress, express empathy for one another, worry about themselves and others, and desire to have fun in sports, which makes their experiences of sports and competition different from their male counterparts. Female strengths are grounded in both mind and body, and they take these strengths onto the court, field, and track. There are now dozens of studies showing how the female brain and hormones operate quite differently than those of men. This book reveals the ways in which these differences confirm that intense emotions about relationships are part of the sporting life for female

competitors. Joan Steidinger uses real stories to show that women and girls compete at very high
