A Swim in a Pond in the Rain George Saunders, 2021-01-12 NEW YORK TIMES BESTSELLER • From the Booker Prize-winning author of *Lincoln in the Bardo* and *Tenth of December* comes a literary master class on what makes great stories work and what they can tell us about ourselves—and our world today. **LOGLISTED FOR THE PEN/DIAMONSTEIN-SPIELVOGEL AWARD • ONE OF THE BEST BOOKS OF THE YEAR:** The Washington Post, NPR, Time, San Francisco Chronicle, Esquire, Milwaukee Journal Sentinel, Town & Country, The Rumpus, Electric Lit, Thrillist, BookPage • “[A] worship song to writers and readers.”—Oprah Daily For the last twenty years, George Saunders has been teaching a class on the Russian short story to his MFA students at Syracuse University. In *A Swim in a Pond in the Rain*, he shares a version of that class with us, offering some of what he and his students have discovered together over the years. Paired with iconic short stories by Chekhov, Turgenev, Tolstoy, and Gogol, the seven essays in this book are intended for anyone interested in how fiction works and why it’s more relevant than ever in these turbulent times. In his introduction, Saunders writes, “We’re going to enter seven fastidiously constructed scale models of the world, made for a specific purpose that our time maybe doesn’t fully endorse but that these writers accepted implicitly as the aim of art—namely, to ask the big questions, questions like, How are we supposed to be living down here? What were we put here to accomplish? What should we value? What is truth, anyway, and how might we recognize it?” He approaches the stories technically yet accessibly, and through them explains how narrative functions; why we stay immersed in a story and why we resist it; and the bedrock virtues a writer must foster. The process of writing, Saunders reminds us, is a technical craft, but also a way of training oneself to see the world with new openness and curiosity. *A Swim in a Pond in the Rain* is a deep exploration not just of how great writing works but of how the mind itself works while reading, and of how the reading and writing of stories make genuine connection possible.

Pepperspectives The Final Chapter John Pepper, 2024-07-31 Over the course of the past quarter-century, I have authored blogs and essays, mostly under the title Pepperspectives. The topics have been wide-ranging, from leadership, to values of living, from political and international affairs, to reflections on books and movies which have meant the most to me. I published two earlier selections of these blogs, the first under the title of Looking Back, Looking Forward, about six years ago. The other Pepperspectives: Reflections on Values for Living, Global and National Affairs and Other Contemporary Issues, published about three years ago. I am publishing this final selection of reflections and recollections: Pepperspectives: The Final Chapter. I write this in 2024. The challenges our nation and the world face are immense. Overcoming them will call for strong, principled, wise and courageous leadership. I'm conscious how much we are leaving the young to do. Yet, I look ahead with confidence that we can and will make progress. I draw confidence from the young, I draw confidence from leaders I know, a host of them at Procter & Gamble. I draw confidence from my children and my grandchildren, who every day inspire me with their imagination, their individuality, their quest for excellence and their share of goodness. The oldest of Francie's and my grandchildren is 20. The youngest is 7. I don't know exactly what they'll do as they become full-blown adults, but I do know this. They are good people and they love each other and you can't do better than this. You can't ask for more than this. I dedicate this final volume, as I have earlier of my books, to the person who has made my life possible: my wife of over 56 years, Francie.

Handbook of the American Short Story Erik Redling, Oliver Scheiding, 2022-01-19 The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics. This handbook offers students

and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media. Part I provides systematic overviews of significant contexts ranging from historical-political backgrounds, short story theories developed by writers, print and digital culture, to current theoretical approaches and canon formation. Part II consists of 35 paired readings of representative short stories by eminent authors, charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age. The handbook examines historically, methodologically, and theoretically the coming together of the enduring narrative practice of compression and concision in American literature. It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture.

Cause and Effect in Fiction Frances Howard-Snyder, 2024-04-03 This book explores and defends George Saunders' causal thesis that successful stories are those that establish causation well. The book includes an in-depth discussion of causation's role in several different key craft elements of fiction writing and examines different theories of causation and their

implications for causation in fiction. Other discussions include the role of causation in building suspense, character and causation, causation in dialogue and connections between fiction and counterfactuals (or hypotheticals). The book also considers a number of objections to the causal thesis and offers a reply.

Paw Learning Mazes Karen Petit, 2022-10-18 Paw Learning Mazes has maze poems, sonnets, and narrative poems with a lot of action and interaction between people and animals. Action also happens between animals and animals, as this stanza from the poem "Paws Learning in a Jungle" shows: "The mother was the first monkey to smell and to see the tiger that had been hiding in a different tree, but now was moving toward the mother's only child that was too scared to run off into a jungle wild." Different kinds of learning happen in Paw Learning Mazes, including writing, reading, financial literacy, STEM, visual, aural, historic, and multi-modal. People and animals can also learn within their dreams and from each other, as illustrated in "A Cat Learning How to Fly," "Hissing for Free Space," and "A Cat and a Dog Competing to Write Faster." Team learning is seen in multiple poems, such as in "Team Learning for Ants." Interaction between animals and people happens in "Learning with Birds in Roger Williams Park," "A Dog Helping Her Owner to Read Fast," "Pigeons Flying to Financial Literacy," "Cats Grading Essays," "A STEM Dream about an Egret," and many other poems in this book. Paw Learning Mazes has thirty-four mazes, which are parts of eight maze poems. These mazes and eighteen pictures add to the multi-modal elements of this book's poetry.

Pondlife Al Alvarez, 2013-02-14 From the author of *The Savage God*, a unique memoir of growing old, and a lesson in not going gently into that good night The ponds of Hampstead Heath are small oases; fragments of wild nature nestled in the heart of north-west London. For the best part of his life Al Alvarez – poet, critic, novelist, rock-climber and poker player – has

swum in them almost daily. An athlete in his youth, Alvarez chronicles what it is to grow old with humour and fierce honesty – from his relentlessly nagging ankle which makes daily life a struggle, to infuriating bureaucratic battles with the council to keep his disabled person's Blue Badge, the devastating effects of a stroke, and the salvation he finds in the three Ss – Swimming, Sex and Sleep. As Alvarez swims in the ponds he considers how it feels when you begin to miss that person you used to be – to miss yourself. Swimming is his own private form of protest against the onslaught of time; proof to others, and himself, that he's not yet beaten. By turns funny, poetic and indignant, Pondlife is a meditation on love, the importance of life's small pleasures and, above all, a lesson in not going gently in to that good night. _____ 'A beautiful unfolding of a story, told in deceptively simple prose but with a great power to move' Sunday Times 'The adrenalin still flows in lively extracts' The Times 'A marvellous book... it has no business to be as invigorating and absorbing – its success is against the odds' Observer

Feel the Living Water wash over you while contemplating chapters on stillness (such as a pond), the full trust in God's will (much like the rush of a river), peace within mystery (as experienced in the depths of the ocean), and the movement of God's relentless love for us (the refreshing rain we receive). Pond River Ocean Rain, like all bodies of water, is simple, occasionally wild, and consistently beautiful. And there are depths that, when explored, reveal abundant life for all who jump in.
