

About Prince William

Kathleen Tracy

Prince William Joann F. Price, 2011-03-21 This biography examines the life of one of the most charismatic individuals in public life today, in Great Britain and beyond—Prince William. This biography encompasses the life of Prince William of Wales, from the moment of his birth in 1982, through to his current status as an ambassador of the Royal Family and one of the most popular celebrities in his home country and around the globe. In *Prince William*, experienced biography author Joann F. Price details the prince's life thus far, including his experiences at the prestigious Eton College and the University of St. Andrews in Scotland, his global travels with his glamorous and beloved mother and brother, his military service, and his engagement and upcoming wedding to longtime girlfriend Kate Middleton. The book also reveals important aspects of the Royal Family and explains how being born into it—an integral and highly influential part of the history of the British Empire—has molded this man's life. Students can use this book as a major resource in writing papers about Prince William; general readers will find its contents fascinating.

Prince William Kristin McCracken, 2000 A biography of the young man who will one day be king of Great Britain, describing his background, interests, and how he has dealt with his parents' divorce and his mother's tragic death.

The British Royal Family Charles River Charles River Editors, 2018-02-03 *Includes pictures of William and important people, places, and events in his life. *Covers his relationship and wedding with Kate Middleton in detail. On 29 July 1981, millions across the world tuned in to watch one of the most televised events of the 20th century, the fairytale wedding of Charles, Prince of Wales and Lady Diana, which featured the inimitable splendour the British are famous for, and one of the most glamorous women of the 20th century. 30 years later, another royal wedding drew inevitable comparisons to the wedding of Diana and Charles. On 29 April 2011, it was the marriage of their first child, Prince William of Wales, second-in-line to the throne, that had hundreds of millions of people (and possibly over a billion) tuning in to watch. The royal wedding sparked renewed interest in the prince and Kate Middleton, his beautiful new wife. From his earliest years, Prince William has been a photographer's dream come true, in the same way his mother had been. While he is not necessarily known for his mother's media savvy, he is well-liked by the media and he is able, consciously or incidentally, to capitalize on this advantage. At the same time, from polo to charities, William is thoroughly his father Charles's son as a Windsor prince. Not only was William an attractive youngster with his mother's piercing blue eyes and blonde hair, attributes that he retained as he

matured; Prince William also retained a touch that was both regal and common and modest. The combination has been regarded by reporter after reporter as dynamite, indicating it has had powerful effect on William being cemented as both a king and a man in the public firmament, and it is impressive for a 30 year old whose full title is His Royal Highness Prince William Arthur Philip Louis, Duke of Cambridge, Earl of Strathearn, Baron Carrickfergus, Royal Knight Companion of the Most Noble Order of the Garter, Knight of the Most Ancient and Most Noble Order of the Thistle. The British Royal Family: The Life of Prince William, Duke of Cambridge looks at the life of the young prince, his relationships with his famous relatives throughout the Royal Family, his recent marriage, and his future. Along with pictures of important people, places, and events in his life, you will learn about Prince William like you never have before, in no time at all.

Kate Middleton and Prince William Angie Timmons, 2019-07-15 This biography details one of the most captivating couples in the world: Prince William and Princess Catherine Kate Middleton, Duke and Duchess of Cambridge. Features include compelling descriptions of their early lives, including the dramatic events of William's childhood. Readers will learn about their courtship, marriage, and family life. A timeline of significant moments supports the narrative. An overarching theme is why they deserve to be called a power couple, with an emphasis on the couple's public service and philanthropic efforts. The volume provides an authoritative, concise history of the monarchy, and a greater understanding of historic and current expectations for the heirs to the British throne.

Prince William Sarah Tieck, 2011-08-01 Discusses highlights of Prince William's life.

Prince William Sheila Wyborny,2003 Prince William has been in the public eye since his birth. Although he will one day be king of England, his parents, Prince Charles and the late Princess Diana, tried to give him as normal a childhood as possible. As a young adult, Prince William has the difficult task of balancing his personal life with his responsibilities to his country.

Prince William Kathleen Tracy,2011-08 Describes the life of William, the prince of England, from his childhood and royal lineage and his mother's tragic death to his courtship and marriage to Kate Middleton.

Prince William Paul Joseph,Tamara L. Britton,Lori Kinstad-Pupeza,1999 A simple biography of the popular English prince, whose happiness was tempered with the divorce of his parents and then by the death of his mother.

William and Kate Annabel Savery,2019-07-15 Prince William is the eldest son of Princess Diana and Prince Charles. He met Kate Middleton in 2001 when they both attended the University of St. Andrews in Scotland. From their courtship to their marriage at Westminster Abbey in 2011, William and Kate's lives and love story have captivated the public imagination. In this entertaining and informative biography, readers will learn about the royal couple, their place in British history, and their many duties and services as representatives of the crown. Stunning photographs of William and Kate and their three children support this inspiring narrative.

Prince William Katy Holborn,2018-05-25 PRINCE WILLIAM: A Prince William Biography Even before Prince William was born, the eyes of the world were already trained firmly in his direction.His mother, Diana, was a shy, stunning beauty who had captured the heart of the heir to the British throne. The fresh-faced aristocrat worked as a kindergarten assistant and was only 19 years old when they fell in love - or, in Prince Charles' infamous words after their engagement was announced,

Whatever 'in love' means. Her romance with Charles would propel her into an entirely different life from the quieter one she knew as Lady Diana Spencer. The shy English rose was suddenly cast in a role few people in the world are really equipped for - that of leading lady in a fairy tale everyone desperately wanted to end in happily ever after.

Prince William and Duchess Kate Jennifer MacKay, 2015-08-07 This compelling volume focuses on the life of Prince William and Duchess Kate. The book begins by delving into both Will and Kate's childhoods. It then moves into their college years where they met and became a couple and eventually engaged. The book ends with their marriage, the birth of Prince George, and settling into their royal duties as the future king and queen of England.

William Nicholas Davies, 1999 Packed with rare color photos, this definitive biography gives the inside details on Prince William, the man who will one day rule Britain.

The Biography of Prince William Oliver Abbott, 2017-05-05 The Duke of Cambridge (Prince William) is the second in line to the throne and the elder son of The Prince of Wales and Diana, Princess of Wales. His Royal Highness is married to The Duchess of Cambridge, Catherine, with whom he has two children, Prince George and Princess Charlotte. The family's official residence is Kensington Palace, but Their Royal Highnesses also spend part of the year living on the Sandringham Estate in Norfolk. The Duke of Cambridge works as an Air Ambulance Pilot for the East Anglian Air Ambulance, in addition to undertaking a number of charitable activities and projects and carrying out public duties in support of The Queen.

The Future Royal Family Robert Jobson, 2014-06-25 They have been dubbed 'the modern royals' by the world's media, and have not only won the hearts and the loyalty of millions of people around the world, but have helped to re-establish the British royal family as an important, and largely admired, presence in national and international affairs. In short, Their Royal Highnesses the Duke and Duchess of Cambridge - also known simply as 'William and Kate' - have done as much as anyone to bring the royal family into the twenty-first century, and to keep it firmly in the national consciousness. The birth of Prince George, their first child, on 22 July 2013, fuelled such a worldwide media and public frenzy that it became the most talked-about event of the year. The birth of a future heir, combined with the historic possibility of the first baby to be born not only to a Queen-in-waiting, but to the son of the much mourned Diana, Princess of Wales, accounted for much of the excitement, but that was stoked by a natural affection for the young couple. From the beginning, the world had watched with bated breath as the charming Prince William and his future bride overcame the struggles of university, rumours and a brief break-up before finally reconciling and becoming engaged. Their ceremonial wedding in 2011 - watched by an incredible estimated 2 billion people worldwide - was a defining moment, not only in their young lives, but also for the perception of the monarchy. The Duke and Duchess of Cambridge have come to embody the spirit and hope of their nation, and their deserved popularity has had a profound effect upon the future of the royal family. As well as a history of the young couple's romantic relationship, this in-depth book chronicles the next chapters in this modern fairy tale, backed by beautiful photographs, fascinating facts

and expert analysis. Now completely revised and updated to cover the period from the birth of Prince George to the arrival of the new prince or princess in April 2015, the book is both an intriguing insight into modern royalty, and an unrivalled souvenir.
