La prueba de los hechos Mauricio Decap Fernández, 2022-11-25 En esta obra se efectúa una aproximación al tema de la prueba de los hechos en materia penal, intentando abarcar tanto aquellos complejos temas teóricos que su estudio plantea, así como los aspectos prácticos que posibilitan que un abogado litigante se proponga que la información que ingresa al juicio logre ser utilizada eficazmente por él y valorada por los jueces, para resolver un caso concreto sometido a su conocimiento. En esta función, toma partido por una determinada concepción de la prueba, de las muchas posibles, que dice relación con el resultado que se busca con ella, indagando en distinciones relacionadas con el suceso criminal, las huellas o rastros que este deja en distintos soportes, como la información acerca de los hechos que tuvieron lugar en la realidad y la diferencia que necesariamente se debe establecer entre dichos soportes de información o fuentes de prueba, de los medios de prueba que

se introducen al juicio, así como entre hechos que ocurren en la realidad y las afirmaciones que se efectúan acerca de esos hechos, procurando revisar cómo las diferencias entre esos diversos conceptos se expresan en las diferentes etapas del proceso penal, en el contexto de un sistema acusatorio regido por los principios de inmediación y contradicción, y cómo dichas distinciones resultan útiles para lograr que el o los jueces que resuelven el conflicto jurídico-penal estén dotados de información de calidad que les permitan tomar la mejor decisión posible. Tales distinciones son planteadas por el autor con la inequívoca finalidad de, por una parte, lograr explicar adecuadamente el fenómeno de la prueba de los hechos en materia penal, de un modo que ellas resulten comprensibles para los lectores y estudiosos y, por otra, con la expectativa de contribuir con dicha sistematización a mejorar la litigación en materia penal. Para ello se revisa la normativa chilena, principalmente, y la mexicana, de forma complementaria, explicando el tratamiento que en dichos ordenamientos se otorga a estos temas.

Novelas que dejan huella. 50 relatos geniales del siglo XXI Hilario Mendo,2023-03-08 En este libro el autor comenta las novelas de más calidad, en su opinión, de los primeros 20 años del siglo XXI. Con un tono narrativo (no de fichas sobre libros), como una conversación con el lector. Son 50. Antes de comentar cada relato, da unas pinceladas sobre el autor y su obra literaria, o el contexto cultural, etc., para que el lector se sitúe mejor. Con este libro el autor pretende: dar a conocer novelas valiosas, y por tanto fomentar la lectura enriquecedora y por otra parte animar a pensar, en torno a sus argumentos y personajes, en temas profundos como el amor, la amistad, la violencia, el trabajo, la justicia, etc.
