Drop in for a little You've Got a Friend TV like Cheers and order some fun on the rocks without having to face the hangover in the morning. White-knuckling the armchair of life? Let go with a little Anti-Anxiety TV like In Living Color and laugh at your fears. Got a bad case of the codependent blues? Indulge in a little Codependent TV like Nip/Tuck and reassure yourself that things could definitely be worse! So whether you're on the verge of your nineteenth nervous breakdown, looking for an excuse to throw a TV party, or searching for deeper meaning--TVTHERAPY: The Television Guide to Life will give you the guidance you need to find the right television prescription to match your mood, cure your malaise, or make your night without ever getting up off the couch. PLUS: Recipes from Bev's TV tray, including food facials for staying as cool as a cucumber...Jason's Minibar, featuring drinks to wet your inner whistle...and timeless quotes from TV sages down through the ages who can teach us all a thing or two about life on and off the air.

Being Esther Miriam Karmel,2013-04-02 Eightysomething Esther Lustig tells the story of her life in a witty, touching novel that "will linger long in readers' minds and hearts" (Pioneer Press). "Widowed and in her mid-eighties, Esther checks in with her friend Lottie each morning to confirm that each has made it through the night. But there is no way that she's going to surrender to her bossy daughter, Ceely, and move into an assisted living facility, which she disdainfully calls Bingoville. In her first novel, Karmel takes an understated and disarming approach to the closing years in the life of a seemingly ordinary

woman, imbuing Esther with a subtle but zingy wit and underappreciated intelligence. Esther reflects on her mother's frostiness and her mother-in-law's 'acid tongue,' her own passion for books, the grinding disappointments and late-blooming joys of her marriage, and Ceely's harrowing incommunicado years. Brimming with keen observations yet slow to articulate them due to her body's strange new hesitations, Esther is appalled by how strangers treat her as an 'object of concerned looks and condescension.' Karmel's novel of womanhood, the love and strife between mothers and daughters, marital dead zones, and the baffling metamorphosis of age is covertly complex, quietly incisive, and stunning in its emotional richness." —Booklist "Being Esther is impossible to put down . . . a wonderful debut." —Margot Livesey, author of *The Flight of Gemma Hardy*

EPICS OF TRIALS Yosef Serugo-Lugo, 2023-10-26 Yosef Serugo-Lugo, a Makerere University graduate and the former leader of the National Union of Students of Uganda, looks back at his exciting life in this book. The author was accepted to read law by the Honourable Society of the Inner Temple in 1968. He traveled widely in Europe, promoting Uganda students' interests and was in London in 1966, as a guest of the National Union of Students, when England won the World Cup. The author struggled to study in London as a private student, working evening shifts to keep up with the cost of living. He was called to the bar in 1973, but due to the abduction and murder of Chief Justice Benedicto Kiwanuka, he opted to stay in the United Kingdom while Uganda sorted out its affairs. From humble beginnings, the author has gone on to enjoy a successful legal and academic career. Join a lifelong scholar as he shares the lessons he's learned over the years in *Epics of Trials*.

Content Area Reading and Learning Diane Lapp, James Flood, Nancy Farnan, 2016-11-18 How can teachers make content-area learning more accessible to their students? This text addresses instructional issues and provides a wealth of classroom strategies to help all middle and secondary teachers effectively enable their students to develop both content concepts and strategies for continued learning. The goal is to help teachers model, through excellent instruction, the importance of lifelong content-area learning. This working textbook provides students maximum interaction with the information, strategies, and examples presented in each chapter. This book is organized around five themes: Content Area Reading: An Overview The Teacher and the Text The Students The Instructional Program School Culture and Environment in Middle and High School Classrooms. Pedagogical features in each chapter include: a graphic organizer; a chapter overview, Think Before, Think While and Think After Reading Activities - which are designed to integrate students' previous knowledge and experience with their new learnings about issues related to content area reading, literacy, and learning, and to serve as catalysts for thinking and discussions. This textbook is intended as a primary text for courses on middle and high school content area literacy and learning.

Hands Across the Sea Brian Cook, 2015-01-19 What happens when real talk gets a little too real? That's the 800-lb.

gorilla confronting the Office of the Sheriff. This character-driven saga puts the rear echelon in the crosshairs as Hands Across the Sea delves into the professional and personal sides of the badge where the rubber meets the road. The Office of the Sheriff, known as the Agency, comes face-to-face with the unexpected: the changing of the guard. Their larger-than-life Sheriff, Garrison Cottrell, abruptly resigns and passes the torch to his hand-picked successor - Brendan Callaghan. Explore how the Command staffers isms intertwine with their leadership styles and come to light during kaleidoscopic situations. Gear up for what happens when the door shuts and the dialogue begins - and sometimes, not in that order. Will it bring the Agency together or tear it apart? Brian Cook doesn't just peer back the curtain, he pulls it down and gives you a look into personalities that often takes on the guise of Peyton Place. But were still talking about professionals, right?

Good Morning God Rick Coram, 2016-07-01 How do you begin your morning? The way you begin your day has a significant impact on how the rest of your day goes. That is one reason why it is of utmost importance for a child of God to begin their day with God. In Psalm 5:3, David declared, My voice shall you hear in the morning, Oh Lord. David understood the importance of meeting the Lord in the morning. In Psalm 63:1, he said, Oh God, early will I seek you. We are living in a volatile and vicious generation. Our enemy is attacking on every front. No Christian should ever consider leaving home until they have spent ample time with the Lord and armed themselves for spiritual battle. This daily devotional has been written to be a help for believers who want to spend time with their Father. Wake up each day and say "Good Morning God!"

Philippians R. Kent Hughes, 2007 In this Preaching the Word commentary on Philippians, R. Kent Hughes gives readers a behind-the-scenes look at this joyous letter of thanksgiving and encouragement in the midst of a fallen world.

The Power of Personality Eric Gee, 2024-04-16 Conformity is the new black—there is safety in numbers—so what happens when individuals come into conflict with the “shoe” values they’ve been forced to wear from an early age? They will either submit to the pressure and lose sight of themselves or fight like hell and be socially excommunicated. Too often personality distinctions are disowned and labeled as “weakness”, or we default to accepting surface differences in the name of “diversity”. If we truly want to coexist with one another, we must learn that even our most sacred values deviate from person to person, and it’s that diversity that makes humanity strong. *The Power of Personality* demystifies the sixteen different personality types by teaching the reader how to identify and appreciate their own unique type and that of others. By re-examining previously held assumptions on personality (birth order, cultural stereotypes, extroversion vs. introversion, type-A personalities) and debunking/clarifying them, the reader will be able to understand a person deeper than that person understands themselves. Considering the existential threat of our current, fractured sociopolitical climate tearing itself from within, this skill is not a luxury; it’s a necessity. This is how our species survives: -16 easy-to-remember, animal archetypes. All the fun of zodiac signs and all the empiricism of Joseph Campbell. It’s for romantics and pragmatists. -An instant conversation centerpiece that everyone can relate to—its ideas were even featured on an episode of Apple TV’s *Mythic Quest*.

The Power of Personality is the best kind of non-fiction book: one whose subject matter will appeal to all readers because its subject matter is the reader. -A step-by-step guide on how to personality type. Most books consist of a simplistic, often inaccurate, test followed by descriptions and prescriptions. But a treatment can be damaging if the diagnosis is wrong. The Power of Personality is unique in that it trains you to be the test. No more arbitrary questions. No more mistyping. No more damage. -A personal voice that places the reader squarely in the front seat for a breezy, fresh, intellectual joyride that uses humor and pop culture in tandem with the author's twenty-plus years of experience in education and life coaching. The Power of Personality is groundbreaking in that it will not only change the way readers see the world but will empower them to reexamine their relationships within it. Gone will be the daze of social disconnect and miscommunication. This book is a must-read, a harbinger of a Youtopia where, regardless of whether people are shoes, purses, hats, or polka dot cardigans, everyone is seen, heard, and accepted for who they truly are.

Deadly Mistakes The Cox Brothers, 2011-03-18 When it comes to humor, Americans are said to hold nothing sacred. *Deadly Mistakes: Real Obituaries Gone Amusingly Wrong* is an example of that sentiment. Given our near obsession with fame and celebrity, it should come as no surprise that ordinary people would go to extraordinary lengths to be considered noteworthy. *Deadly Mistakes* provides the evidence in the obituaries of the unfamous. Average folks are remembered by family and friends in send-offs that unintentionally go off the rails in amusing and bizarre ways. What's to be said of someone whose family wants him to be remembered for inventing an electric pickle...that stinks? Of someone who, not wanting to give up his love of uniforms, became a campus police officer? Or of someone who achieved the mysterious title of Puissant Sovereign of the Red Cross of Constantine? Plenty. All this and more is included in *Deadly Mistakes: Real Obituaries Gone Amusingly Wrong*. These obituaries have not been edited (except for length and to remove last names). They stand on their own as commentary on the human need to find meaning in it all somehow, some way. *Deadly Mistakes* should remind readers of one thing: it's best to go out laughing. Just ask the guy whose memorial service was held at Hammerhead's Bar, just east of The Strip, in Vegas.

The Joy of Cannabis Melanie Abrams, Larry Smith, 2023-01-10 A sophisticated and humorous cannabis book to enhance your life and promote self-care through the science and magic of weed. Praise for The Joy of Cannabis: Approachable, readable, beautifully designed, The Joy of Cannabis is a perfect marriage of form and content. I couldn't love this book more. —Mollie Katzen, bestselling cookbook writer and inductee into the James Beard Cookbook Hall of Fame A book to enrich and maximize cannabis experiences. —The Broccoli Report

Justice Performed Sarah Kozinn, 2015-01-29 Justice Performed: Courtroom TV Shows and the Theaters of Popular Law is the first study of the reality TV genre to trace its theatrical legacy, connecting the phenomenon of the daytime TV shows to a long history of theatrical trials staged to educate audiences in pedagogies of citizenship. It examines how judge TV fulfills part of law's performative function: that of providing a participatory spectacle the public can recognize as justice. Since it debuted in 1981 with The People's Court, which made famous its star jurist, Judge Joseph A. Wapner, dozens of judges have made the move to television. Unlike the demographics in actual courts, most TV judges are non-white men and women hailing from diverse cultural and racial backgrounds. These judges charge their decisions with personal preferences and cultural innuendos, painting a very different picture of what justice looks like. Drawing on interviews with TV judges, producers and production staff, as well as the author's experience as a studio audience member, the book scrutinizes the performativity of the genre, the needs it meets and the inherent ideological biases about race, gender and civic instruction.

Thoughts on the Abundant Life David Montgomery, 2017-11 This book was written as an attempt to help the writer move to a closer walk with God. Life is full of sadness, disappointment, and tragedy. During one of my life's worst moments, I read the wonderful book, Thoughts for Everyday Living by Mr. Maltbie B. Babcock, who was pastor of Brown Memorial Presbyterian Church in Baltimore, Maryland. He was acclaimed for his oratory and use of colorful metaphors in his sermons. His book changed my life for the better and I hold him and his writings in the highest esteem. I thank the Lord that I was blessed to read after him and publicly acknowledge his influence on my feeble attempts at writing. I dedicate this book to his

memory and to the God that he served.

The Sh!t No One Tells You About Baby #2 Dawn Dais, 2016-10-25 The third book in Dawn Dais's popular *Sh!t No One Tells You* series covers all a parent needs to know once the reality of having two children settles in. Around the time your first baby turns a year old your brain will turn on you. For reasons that are still not understood by science, the sleep deprivation and postpartum hormones you barely survived with your first baby fade from memory and will be replaced with idyllic images of your growing child. This is when your brain, having officially lost all regard for your well-being, begins to fantasize about a second baby. And for the first time since becoming a parent these thoughts don't make you break out in hives. Before you know it, you are dressing your first child in I'm Going to be a Big Sister! T-shirts and catalog-shopping for bunk beds. This will be fantastic! But then that familiar morning sickness kicks in. And your adorable 18-month-old transforms into a two-year-old terror. That's when those hives start to return. With Dawn Dais's trademark witty banter, *The Sh!t No One Tells You About Baby #2* includes chapters such as *You Have Officially Lost Control of the Situation*, *Siblings Aren't Nearly as Adorable as You Imagined*, *You'll Have a Favorite*, and *Having Kids Looks a Lot Easier on TV*.

Women Talk Too Damn Much! Reclaiming Self, Love, Intimacy, and the Ultimate Connection Zoe Spencer, 2013-07-19 *Women Talk Too Damn Much!* is the innovative blueprint of self and relationship actualization. It doesn't encourage women to think like men, but rather encourages women to understand themselves, while giving men a blueprint to understanding women in all of their complexities. Through uncovering the gender differences and disconnects between women and men that lead to disappointments, heartbreaks, break-ups, and even divorce, not through blame, but through the art of awareness, this work forces each to take a hard look at how we can subconsciously become counterproductive to reaching our own relationship goals. *Women Talk Too Damn Much* paves the way toward awareness, healing, actualization, and the ultimate connection and has proven to be equally relevant and exciting for women and men. It is a must read for anyone who is seeking true understanding and growth, and isn't afraid to get gut punched on the way. But most importantly it is a must read for anyone who is seeking LOVE!

A Cognitive Psychology of Mass Communication Fred W. Sanborn, Richard Jackson Harris, 2019-01-15 In a constantly changing media landscape, *A Cognitive Psychology of Mass Communication* is the go-to text for any course that examines mass communication from a psychological perspective. Now in its seventh edition, the book continues its exploration of how our experiences with media affect the way we acquire and process knowledge about the world and how this knowledge influences our attitudes and behavior. Updates include end-of-chapter suggestions for further reading, new research and examples for a more global perspective, as well as an added emphasis on the power of social media in affecting our perceptions of reality and ourselves. While including real-world examples, the book also integrates psychology and communication theory along with reviews of the most up-to-date research. The text covers a diversity of media forms and

issues, ranging from commonly discussed topics such as politics, sex, and violence, to lesser-studied topics, such as emotions and prosocial media. Readers will be challenged to become more sensitized and to think more deeply about their own media use as they explore research on behavior and media effects. Written in an engaging, readable style, the text is appropriate for graduate or undergraduate audiences. The accompanying companion website also includes resources for both instructors and students. Up From Jackman Harold D. Baldwin, 2025-04-29 Up from Jackman presents a compelling narrative of how faith in a higher power, family and community support, diligent studies, and smart work can propel an individual from a challenging upbringing, marked by the absence of basic necessities like running water and biological parents, to becoming an inspirational role model who empowers others to reach higher levels in life. The central message is clear with determination and the right support system, anyone can embark on a journey of personal growth and success, much like a pilot and copilot working in harmony. One of the strengths of this book is its portrayal of resilience in the face of adversity. The author's ability to overcome stumbling blocks and use setbacks as opportunities for personal growth is commendable. The story of how Baldwin honed his teaching skills at Jackman Middle School is particularly insightful as it highlights the importance of mentorship and learning from experienced colleagues. This part of the book underscores the idea that success often involves learning from mistakes and continually improving oneself. Up from Jackman offers valuable guidance for parents, teachers, and students at various stages of education and professional life. It provides a roadmap for personal development and suggests alternative strategies for self-improvement. It's refreshing to see that the author emphasizes that he did not achieve his success alone but was shaped and supported by a community of students, teachers, counselors, and administrators. This reinforces the idea that success is a collective effort and encourages gratitude and humility.
