Competenza lessicale e apprendimento dell’Italiano L2 Elisabetta Jafrancesco,Matteo La Grassa,2021-11-11 This volume addresses the teaching and learning of vocabulary in Italian L2 from different points of view, defining an updated and heterogeneous framework. The articles focus on wide-ranging topics: advances in acquisitional linguistics research, studies on interlanguage, results of psycholinguistic research, the role of teaching technologies, the use of multimedia lexicographic tools, new attention to languages for specific purposes, analysis of interactions on social networks. Each of these topics is treated specifically referring to the lexical dimension and to the possible applicative effects on the teaching of Italian L2. Il volume affronta da diversi punti di vista il tema della didattica del lessico in italiano L2, definendone un quadro aggiornato ed eterogeneo. I contributi sono incentrati su argomenti di ampio respiro: l'avanzamento delle ricerche di linguistica acquisizionale, gli studi sull'interlingua, i risultati della ricerca psicolinguistica, il ruolo delle tecnologie educative, l'uso di strumenti lessicografici multimediali, la nuova attenzione alle lingue specialistiche, l'analisi dei processi comunicativi sui social. Ciascuno di questi temi è trattato con specifico riferimento alla dimensione lessicale e alle possibili ricadute applicative per la didattica dell'Italiano L2.

The History of Linguistics in Italy Paolo Ramat,Hans-Josef Niederehe,E.F.K. Koerner,1986-01-01 This volume brings together the papers published in Historiographia Linguistica 9:3 (1982), which was devoted to the history of linguistics in Italy, with Marazzini's paper first published in Historiographia Linguistica 10:1/2 (1983), and an original article by Franco Lo Piparo expressly written for this volume. The present volume provides in addition an index of subjects, as well as an index of names, which supplies bio-bibliographical references to authors discussed.

Vocabolario degli accademici della Crusca Accademia della Crusca,1878

L'anima non esiste Giulio Cesare Panfilo,2015-07-01 Un volume articolato composto da una raccolta di liriche e da un breve saggio. Le liriche caratterizzate da una forte carica affettiva sono lo specchio più genuino della personalità dell'Autore:

particolarmente ricche di tenerezza quelle dedicate ai nipotini e ai figli visti nei momenti salienti dell'esistenza. Nella conclusione il saggio sull'inesistenza dell'anima coniuga profondità di riferimenti culturali, intensità apologetica e serenità di trattazione.

Fascisti della parola Vittorio Feltri, 2023-10-31 Con le parole si può giocare, ma non si scherza. Sono roba seria. Infatti, uno dei primi segni di un potere totalitario e liberticida è proprio il controllo del linguaggio. L'imposizione della censura di alcuni termini non è pratica che riguarda il passato, anzi, è più attuale che mai. Più andiamo avanti e più regrediamo in questo ambito. Più diventiamo moralistici, smarrendo tuttavia morale ed etica, più ci concentriamo sull'uso di determinati vocaboli, facendone una malattia. Così si è data vita alla battaglia più stupida, vana, insulsa e folle della nostra storia: quella al dizionario. Oggi non si può più dire negro al negro né si può più dire zingaro, rom o nomade. Non si può dire che uno è cieco, semmai è un non vedente. Non si può dire sordo, al massimo audioleso. Non si può dire spazzino, ma solo operatore ecologico. Non si può dire bidella, ma solamente operatrice scolastica. Non si può dare del terrone al terrone mentre è corretto dare del polentone a un polentone. E guai a dire frocio o finocchio, a meno che tu stesso non sia omosessuale, in tal caso diventa lecito. Per non parlare della repulsione diffusa nei confronti dei sostantivi maschili. Se aggiungi 'astina alla vocale o, se declini tutto al femminile, allora sei una bella persona, altrimenti vieni etichettato quale maschilista tossico e pure farabutto. Il politicamente corretto applicato al linguaggio secondo Feltri è il male del secolo, ed è giunto il momento di dire basta, di tornare a parlare come mangiamo.

Multilingual Thesaurus of Geosciences G. N. Rassam, 2013-10-22 This thesaurus is presented in six languages, English, French, German, Italian, Russian and Spanish, and sponsored by the International Council for Scientific and Technical Information (ICSTI) and the International Union of Geological Sciences (IUGS). There is a main list of approximately 5000 key terms together with indexes and translations which include a specific linguistic index and a field index in which key terms have been classified by field.

Vocabolario universale della lingua italiana, 1878

Enlarging one's vision S. Polenghi, G. Bandini, 2015-05-22 Il processo di internazionalizzazione della ricerca negli ultimi anni ha subito una rapida accelerazione ed ha comportato una serie di innovazioni. Il volume fornisce una serie di indicazioni e strumenti, per facilitare l'acquisizione di una certa dimestichezza con tali processi: come partecipare a congressi rispondendo a call for paper, come pubblicare su riviste straniere, come trascorrere un periodo di studio all'estero e via

dicendo. Il libro raccoglie 15 saggi brevi, chiari, concreti e critici al contempo, opera di studiosi già noti e altri più giovani, tutti esperti dell'argomento (G.Bandini, A.Barausse, P.Bianchini, M.Brunelli A.Cagnolati, L.Cappelli, D.Caroli, D.De Salvo, A.Debè, J.L.Hernández Huerta, F.Loparco, J.Meda, E.Patrizi, S.Polenghi, F.Pruneri).

Capire le metafore e i modi di dire Carla Sciutto,Raffaela Rolla,2013-11-01 Un «dizionario illustrato» delle metafore e dei modi di dire più comuni, per migliorare la comprensione, rielaborazione e fruizione di questi meccanismi linguistici così importanti negli scambi relazionali, favorendo la ricezione del senso traslato di alcune espressioni di uso corrente della lingua italiana. Il libro presenta 180 metafore, ognuna illustrata attraverso due immagini — una che corrisponde al significato letterale e l'altra che invece ne mostra il significato traslato — e inserita in una breve storia, esposta in linguaggio semplice e coinvolgente, volta a facilitare la comprensione. In chiusura, completano il testo giochi accattivanti e divertenti con i quali esercitarsi a scuola o a casa. Pensato per logopedisti, psicologi, insegnanti, educatori e genitori di soggetti che hanno difficoltà a comprendere e utilizzare gli aspetti pragmatici del linguaggio, il volume si articola in due parti: - attività di comprensione del significato delle metafore dalla A alla Z - esercizi e giochi

ANNO 2023 LA CULTURA ED I MEDIA OTTAVA PARTE Antonio Giangrande, Antonio Giangrande, orgoglioso di essere diverso. ODIO OSTENTAZIONE, IMPOSIZIONE E MENZOGNA. Nella vita di ognuno due cose sono certe: la vita e la morte. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Gli animali, da sé, per indole emulano ed imitano, imparando atteggiamenti e comportamenti dei propri simili. Senonché sono proprio i simili, a difesa del gruppo, a inculcare nella mente altrui il principio di omologazione e conformazione. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Tu esisti se la tv ti considera. I Fatti son fatti oggettivi naturali e rimangono tali. Chi conosce i fatti si chiama esperto ed esprime pareri. Chi non conosce i fatti esprime opinioni e si chiama opinionista. Le opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, in TV diventano testimonianze. Ergo: Fatti. Con me i pareri e le opinioni cangianti, contrapposte e in contraddittorio, diventano fatti. Con me i fatti, e la Cronaca che li produce, diventano Storia. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggi i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

Un libro di testo per i genitori. Come insegnare a un bambino a parlare. Corretto sviluppo del linguaggio dal bambino al bambino in età prescolare . Oleg Nashchubskiy, Nel libro considereremo in dettaglio molti argomenti relativi allo sviluppo del linguaggio nei bambini. Elenchiamo solo alcuni degli argomenti che verranno descritti nel libro: •

L'importanza dello sviluppo precoce del linguaggio.

- Una panoramica generale delle fasi linguistiche dall'infanzia alla scuola dell'infanzia.
- Creazione di un ambiente che stimola lo sviluppo del linguaggio.
- L'importanza della lettura fin dalla nascita.
- L'importanza della comunicazione precoce e il suo impatto sullo sviluppo del linguaggio.
- Tecniche di comunicazione con neonati e lattanti.
- Giochi ed esercizi per stimolare la produzione di suoni.
- Un'introduzione allo sviluppo fonetico e alla prevenzione dei problemi comuni di pronuncia.
- Esercizi per sviluppare il vocabolario e la comprensione.
- Come utilizzare le attività quotidiane per insegnare.
- Strategie per incoraggiare le prime parole.
- Sviluppare la capacità di collegare le parole in frasi.
- Giochi ed esercizi per insegnare la grammatica di base.
- L'importanza della correzione e dell'incoraggiamento nel processo di apprendimento.
- Tecniche e giochi per sviluppare abilità di narrazione.
- Come utilizzare i libri per migliorare le capacità di parlare.
- Il ruolo della musica e del canto nello sviluppo del linguaggio.

Attività pratiche per incorporare la musica nell'apprendimento.

- Individuazione precoce e superamento dei ritardi nello sviluppo del linguaggio.
- Quando cercare l'aiuto di uno specialista.
- Strategie per mantenere l'interesse nell'apprendimento e nella conversazione.
- L'importanza dell'interazione sociale e del gioco con i coetanei.
- Utilizzo saggio della tecnologia per stimolare lo sviluppo del linguaggio.
- Applicazioni e risorse per supportare l'apprendimento.
- Gettare le basi per la lettura e la scrittura.
- L'importanza di continuare il processo educativo a casa.
- Riassunto e parole di commiato per i genitori per il futuro.
- L'importanza della pazienza, della coerenza e dell'incoraggiamento nel processo di sviluppo del linguaggio.

Ogni capitolo conterrà suggerimenti, strategie, giochi e attività specifici che i genitori potranno utilizzare quotidianamente per stimolare lo sviluppo linguistico dei propri figli. Il libro si propone di fornire ai genitori non solo conoscenze teoriche, ma anche strumenti pratici per partecipare attivamente allo sviluppo del linguaggio dei propri figli.

Perspectives on Lexicography in Italy and Europe Marina Foschi Albert, Silvia Bruti, Roberta Celli, 2009-10-02

Lexicography is a very special field of research, in which theory arises from concrete problems and practice moulds on theoretical assumptions in a way of working that is at the same time technical and innovative. The volume offers an overview of the main aspects of the state of art of lexicographical research in Europe, with contributions concerning both historical and synchronic dictionaries and a wide spectrum of the main European languages (French, English, German, Italian, Portuguese, Spanish). Several contributions show the beneficial effects deriving from the close connection between modern lexicography and information technology, which in the last few years profoundly changed the way of designing, realising and using dictionaries. An appendix contains some reflections on lexicography and translation, one of the most important functional goals for both monolingual and bilingual dictionaries.

Vocabolario italiano delle lingua Giuseppe Regutini, 1903

The Italian Language in the Digital Age Georg Rehm, Hans Uszkoreit, 2012-07-25 This white paper is part of a series that promotes knowledge about language technology and its potential. It addresses educators, journalists, politicians, language

communities and others. The availability and use of language technology in Europe varies between languages. Consequently, the actions that are required to further support research and development of language technologies also differ for each language. The required actions depend on many factors, such as the complexity of a given language and the size of its community. META-NET, a Network of Excellence funded by the European Commission, has conducted an analysis of current language resources and technologies. This analysis focused on the 23 official European languages as well as other important national and regional languages in Europe. The results of this analysis suggest that there are many significant research gaps for each language. A more detailed expert analysis and assessment of the current situation will help maximise the impact of additional research and minimize any risks. META-NET consists of 54 research centres from 33 countries that are working with stakeholders from commercial businesses, government agencies, industry, research organisations, software companies, technology providers and European universities. Together, they are creating a common technology vision while developing a strategic research agenda that shows how language technology applications can address any research gaps by 2020.

Sulla lingua italiana Alessandro Manzoni,1868

Manzoni fiori del bene Marcello Veneziani,2021-12-06T00:00:00+01:00 Un viaggio selettivo tra le opere in prosa di Alessandro Manzoni, al di là dei Promessi sposi. La fiducia nella Provvidenza e nel lieto fine, la mano di Dio e il destino degli uomini, la storia e la grazia, il suo cattolicesimo liberale e il suo vivo senso morale, il suo amor di patria e l'indipendenza nazionale, la nascita della lingua italiana moderna e l'importanza del romanzo storico per la formazione della coscienza civile, il giudizio sulla Rivoluzione francese, su Robespierre e sul Romanticismo. Un'antologia di saggi (più un rapido ritratto di don Lisander dal vivo) che fanno di Manzoni l'anti-Baudelaire: dal poeta maledetto allo scrittore benedetto. Da qui l'idea d'intitolare, in contrasto con l'autore dei Fleurs du mal, il suo florilegio I fiori del bene.
