Reading, Writing, and Literacy 2.0 Denise Johnson, 2014 In today's high-stakes testing environment, integrating technology into the curriculum is often seen as something "extra" or for use with a few special projects. With the growth in Internet use by even the youngest children, educators urgently need a practical introduction to online literacy and reading comprehension. Reading, Writing, and Literacy 2.0 offers that and more by providing tools and teaching strategies for incorporating online reading and writing into classroom learning, as well as a host of web resources that teachers can draw on to make this happen. All this without endless hours of searching! Denise Johnson's book connects to the Common Core State Standards and is organized around the Technological Literacy Assessment of the National Assessment of Education Progress (NAEP), which focuses on three areas that characterize a technologically literate person: knowledge, capabilities, and critical thinking and decision making. This resource provides everything reading teachers need to begin using technology to deepen and enrich literacy learning for all students. In addition, the author maintains a companion blog to update and add helpful teaching links. Book Features: An explanation of the concept and practices of literacy 2.0, and how it differs from literacy 1.0. Specific examples and resource links for using technology with diverse learners in the K-8 classroom, including translation sites and multilingual materials. Examples of teacher-to-student and student-to-student wiki

and blog interactions. Companion blog offers ongoing support, including links to resources, new teaching tools, classroom examples, and more. “There are many things that I love about this book. It is written with a voice wise to both the opportunities and the challenges of classroom teaching. It also contains a vast number of ideas that can be immediately used in your classroom. Of course, too, it describes effective teaching of new literacies with so many new technologies. In addition, it begins by providing a clear and compelling framework to put all of the upcoming ideas into a package that will make perfect sense to any teacher.” —From the Foreword by Donald J. Leu, Neag Chair in Literacy and Technology, University of Connecticut, Neag School of Education “Written in a clear and practical format, this book weaves research-based practices across print and digital literacy worlds into engaging learning communities for younger and older readers alike. Denise Johnson’s innovative lessons and assessment ideas provide step-by-step supports for designing curriculum in a Web 2.0 world.” —Julie Coiro, University of Rhode Island

Narnian Virtues Thomas Lickona, Mark A. Pike, 2021-11-25 In this engaging and practical book Mark Pike and Thomas Lickona show how C.S. Lewis' wisdom for nurturing good character, and his much-loved *Chronicles of Narnia*, inspire us to virtue. Drawing upon the Judeo-Christian virtues of faith, hope and love and 'Narnian' virtues such as courage, integrity and wisdom, they present an approach to contemporary character education validated by recent research. An introduction to C.S.

Lewis' thought on character and faith is followed by practical examples of how to use well-known passages from the Narnia novels as a stimulus for rich character development at home and in the classroom.

Rethinking Our Story G. Douglas Hammack, 2014-01-13 If it ain't broke, don't fix it. But it's no secret that the Christian church is broke, and does need fixing. Despite great effort, things are going badly for us. We've tried trendy and tech-savvy, entrepreneurial and coffee-house gritty. They're not helping. Our problem is deeper than that. Our problem is our instincts--instincts informed by our story. There was a time when the Christian church was a powerfully transformative presence in society. It can be again--but it will require radical rethinking of the story that informs our instincts. And it's time! It's been five hundred years since the Reformation, our last major update. Today is a pivotal moment in history. With our worldview upended by quantum physics, history is demanding we renew the Christian story for our times. *Rethinking Our Story* reframes the elements of the Christian narrative for the new era. It explores quantum ways of thinking about God, human nature, Jesus, salvation, and the afterlife. The future of the church and the health of our society depend on our willingness to rethink, retell, and live out a better story. We will either update our instincts and contribute to the earth's well-being--or disappear into oblivion.

Celtic Crossing Len Mattano, 2019-09-17 A deeply poignant, transcendent tale of life redeemed through death. For generations Aideen Callaghan's ancestors were miraculously cured of cancer through the power of a holy relic--the very relic that inspired the Celtic cross--until it vanished from history in 1866 and became Irish lore. Raised on faith but with an inheritance of death, Aideen has been at odds with religion since losing her daughter to a brain tumor. Now it is her orphaned grandson who lies dying. In desperation Aideen turns to popular American author and New Testament era scholar Fr. Kevin Schaeffer for help. Armed with a priceless family Bible and the sacred pendant worn by Aideen's beloved great-grandmother--the last to be cured--Kevin abandons his sabbatical research in Dublin and sets his sights on finding the relic in time to save the child. In their search for clues from Armagh, to Skellig Michael, to Rome, the historical trail from Golgotha to Gaul is slowly revealed as Kevin, his lifelong Vatican friend Marco, and a passionate would-be Irish seminarian uncover truths that ultimately reshape their lives.

Western Culture in Gospel Context David J. Kettle, 2011-04-18 Approaching us in sovereign freedom, God comes alive to us, we come alive to God, and all creation comes alive as a sign pointing to God. In the gospel of Jesus Christ, God gives and discloses himself in this immediate way as our ultimate context and host, within the provisional medium of creation. This life-giving gospel is met by blindness, however, among those who live today in a collapsing Western culture. This is because their imaginative world is shaped by habitual assumptions and practices that lie--largely unacknowledged--deep within that culture, and that preclude openness to the gospel. Moreover, Western Christians themselves widely share these assumptions, betraying the gospel into cultural captivity. God calls for the conversion of Western culture to the living gospel. Crucially this

must include, as Lesslie Newbigin recognized, a repentance from modern Western assumptions about knowledge. Part One explores seeking, knowing, and serving God, as providing a true paradigm for understanding all human enquiry, knowledge, and action. Part Two examines ten resulting hot spots where conversion from prevailing cultural assumptions is vital for authentic mission to Western culture.

Preaching to a Post-Everything World Zack Eswine, 2008-04-01 Zack Eswine starts this unique pastoral resource with a captivating question: Could I now reach who I once was? Challenging the idea that today's preachers must do away with biblical or expository preaching if they are to reach non-Christian people, Eswine offers a way of preaching that embraces biblical exposition in missional terms. Recognizing all of the different cultural situations in which the gospel must be preached, he gives preachers practical advice on preaching in a global context while remaining faithful to the Bible. Pastors, seminarians, and church and ministry leaders who speak in various contexts will welcome this fresh, thoughtful examination of bringing the Word to today's multi-everything, post-everything world.

A Serious Genre Dana Percec, 2016-02-29 A Serious Genre: The Apology of Children's Literature is a collection of essays by scholars and academics from Romania, the United States and Turkey, who investigate the value and impact of what, since the 19th century, has been called, using an umbrella term, children's literature. The volume is the fourth in a series, which focuses on literary genres which are considered marginal or low-brow, but which have a long tradition and display remarkable versatility and popularity. Previous volumes in the collection presented the historical novel (2010), romance (2012), and fantasy (2014). In this book, fourteen essays approach children's literature from different angles, from classical Victorian children's books to the latest film adaptation of The Hobbit, from adult narrators of children's stories to children narrators of adult stories. The book addresses researchers, teachers and students with an interest in literature, literary theory and genre analysis, but it will also appeal to the wider public, given the flexibility and friendly nature of children's

literature.

Metamorphosis Sarah Travis, 2019-07-30 Post-Christendom, Christian leaders and preachers in North America struggle to respond to anxiety and despair about the future of the church. Declining participation, fewer resources, decreased influence, and confusion about pastoral and ecclesial identity lead to fear for the survival of the institutional church. Preaching must speak to the despair and confusion faced by congregations today, as well as cast a hopeful vision for an uncertain future. This book argues that preachers can change the narrative of the church post-Christendom, by urging an exit from Christendom ecclesiology and promoting the construction of an identity that embraces vulnerability and incarnation instead of power and permanence. Counterintuitively, failure, decrease, and marginalization constitute good news for the church. Through wide-ranging conversation partners including postcolonial theory and theology, social science, systematic theology, and homiletic literature, this book engages preachers and scholars who seek to reimagine both gospel and ecclesial identity in order to bring new life to communities in despair. Preachers participate in a process of metamorphosis, in which the church's self-understanding is transformed into a vulnerable, incarnate community that leaves behind the character of Christendom.

"Raising Sexually Pure Kids" Claire Greslé-Favier, 2009-01-01 *Raising Sexually Pure Kids: Sexual Abstinence, Conservative Christians and American Politics* analyzes pro-abstinence discourses issued by the conservative Christian community and the G.W. Bush administration, to underline that abstinence is not a peripheral matter, but is a cultural and political issue of great significance in US society, especially in the past decade. This book seeks to bring to light how pro-abstinence discourses coalesce most of the core agendas of conservative Christians – like creationism, parental rights or the culture war – and enabled them and the Bush administration, to on the one hand, preserve traditional hierarchies and on the other hand, maintain the sense of threat necessary to the protection of the status quo and to the enduring commitment of the

conservative Christian constituency.

Becoming C. S. Lewis (1898-1918) Harry Lee Poe, 2019-11-05 During his youth, the boy who would become C. S. Lewis formed his most basic impressions and tastes regarding music, art, literature, religion, sports, friendship, imagination, education, war, and more. The issues young Jack Lewis wrestled with drove him toward the foundation on which his life would be built. His childhood interests, influences, longings, struggles, and even failures prepared him to engage his gifts as a writer, teacher, and friend. Lewis expert Harry Lee Poe unfolds young Jack's key relationships, hobbies, spiritual conflicts, decisions, desires, and dreams. Along the way, Poe points out where these themes reappear in Lewis's later works— bringing to life the importance of his conversion and his surprising discovery of joy.
