Fashion, Design and Events Kim Williams, Jennifer Laing, Warwick Frost, 2013-12-17 The importance of fashion and design in an events context remains under-researched, despite their ubiquity and significance from a societal and economic perspective. Fashion-themed events, for example, appeal to broad audiences and may tour the globe. Staging these events might help to brand destinations, boost visitor numbers and trigger popular debates about the contributions that fashion and design can make to identity. They may also tell us something about our culture and wider society. This edited volume for the first time examines fashion and design events from a social perspective, including the meanings they bestow and their potential economic, cultural and personal impacts. It explores the reasons for their popularity and influence, and provides a critique of their growth in different markets. Events examined include fashion weeks, fashion or design themed exhibitions, historical re-enactments, extreme/alternative fashion and design events, and large-scale public events such as royal weddings and horse races. International examples and case studies are drawn from countries as diverse as the USA, UK, Germany, Bhutan, New Zealand and Australia. These are used to develop and critique various thematic concepts linked to fashion and design events, such as identity, gender, aspirations and self-image, commodification, authenticity, destination development and marketing, business strategy and protection/infringement of intellectual property. Fashion, Design and Events also provides a futurist view of these types of events and sets out a future research agenda. This book has a unique focus on events associated with fashion and design and features a swathe of disciplinary backgrounds. It will appeal to a broad academic audience, such as students of art and design, cultural studies, tourism, events studies, sociology and marketing.

The Greatest Teams Never Tony Del Prete, 2021-11-02 The Greatest Teams Never: Sports Memories of Near Misses,

Total Messes, and Not-so-magical Moments chronicles the despair and disappointment of 40 remarkable teams that are remembered more for what they didn't accomplish than their successes. The book revisits some of the most memorable and unbelievable events in the annals of sports, while at the same time recognizing those deemed second-best as unofficially great, even if history may never remember them that way. Each chapter comprises teams with similar notoriety and highlights a particular nuance of their ultimate demise. There is the 2007 New England Patriots stunning Super Bowl loss to the NY Giants headlining You Can't Win em All. Among other oddities in sports, the chapter Better Lucky than Good examines the Immaculate Reception and divergent outcomes for the Pittsburgh Steelers and Oakland Raiders after their historic playoff game. Once long-suffering Red Sox and Cubs fans will appreciate the chapter, Wait til Near. Even international teams such as Brazil futbol and the USSR hockey are showcased in C'est La Vie. Using hundreds of quotes from players and coaches, statistics, and "distant" replay the book explores both the promise and improbable ending for some truly great teams. Hear in their own words how several Golden State Warriors blamed themselves for blowing the 2016 NBA finals; that Mickey Mantle and other Yankees greats wouldn't admit the 1960 world champion Pirates were the better team; heartbroken college athletes who try to make sense of one-loss seasons; and more. From Baby Boomers to Millennials, avid sports fans to casual observers, there is something for anyone who follows sports, played sports, or simply roots for their hometown team. Each chapter is filled with reasons to consider the "losers" as still great and ends with a Claim to Fame providing some level of vindication for players and their fans. After all, everyone deserves a second chance — even the greatest teams never.

Magic Moments Anna Harding, 2005 *Magic Moments: collaboration between artists and young people* is a remarkable collection of texts and images, documenting the insights of artists and institutions working on innovative creative projects with young people. When artists and young people come together on a project, something really special can happen. Sparks can fly, ideas can be triggered: a 'Magic Moment' can occur. In a world where universities and schools are often run more like businesses than education establishments, it is crucial to find these moments and realise why and when they arise. Tracing their motives, working processes and achievements *Magic Moments* is the first critical anthology on the subject of artists working with children. Including broader discussions on educational and social reform, environmentalism, vandalism, streetwork and citizenship, this book works as a primary resource bringing together significant case studies and informed commentary. *Magic Moments* includes projects from the 1960s to the present day, from Stockholm to New York via London, and feature contextual essays, making it a key title for anyone interested in art education programmes, gallery education, teaching, creativity, regeneration, community-building and public art.

Women and Travel Catheryn Khoo-Lattimore, Erica Wilson, 2017-03-31 *Women and Travel: Historical and Contemporary Perspectives* is a fascinating look at the behavior, motivations, experiences, and needs of women as tourists and travellers, drawing on both historic and contemporary eras. Surprisingly little research has explored key issues, experiences, and opportunities in the context of women's travel. This revealing volume fills this gap, exploring the discourses, debates, and discussions about women, travel, and tourism. With an international roster of contributors from diverse regions of the world, the book celebrates a variety of women's voices. Khoo-Lattimore and Wilson deliberately sought to include nontraditional and non-Western perspectives on women's travel, with inclusions of Asian solo female travelers; Islamic women travellers and the constraints placed on them; and women who cannot travel (or choose, for whatever reason, a 'home holiday'). This enlightening volume brings together scholars from the broad areas of tourism, hospitality, geography, and leisure studies to examine how and why women travel. The chapters bring light to perspectives from different countries, cultures, backgrounds, and religions, and utilize different methods, approaches and styles of presentation. *Women and Travel: Historical and Contemporary Perspectives* will be of interest to academics and graduate students from a range of disciplines, including tourism, leisure studies, sociology, cultural geography, anthropology, feminist and gender studies, business, economics and management; as well as professionals working in the tourism industry, particularly those with an interest in niche markets and segmentation.

The Holy Sh!t Moment James Fell, 2019-01-22 Motivation expert James Fell teaches readers how to skip the hard part and go directly from intention to committed action. After years of helping people change, James Fell had a sudden insight about sudden insight: significant life change doesn't often come from just putting one foot in front of the other, carefully observing and altering habits, slogging through baby steps toward new behavior. Rather, the research reveals that serious life turnaround usually happens in a moment, with a flash of inspiration. Epiphany arrives like a lightning strike, rapidly shifting the recipient of such enlightenment onto a new path that creates a better life. Motivational psychology has traditionally focused on slow and steady—gradual improvement over time to reach a desired goal, whether it's weight loss, career change, battling addiction, or success in relationships. We've been told since toddlerhood that the tortoise beats the hare. But, through compelling science and powerful stories, James Fell shows us that the hare has the edge; overwhelming desire can be awakened fast and furiously. When you learn to become attuned to that sensation of sudden awakening, a new path can be followed almost effortlessly, because it feels like destiny. Everyone has the ability to experience the lightning strike. The Holy Sh!t Moment will teach you how to create a life-changing epiphany and go directly from intention to action.
