Knight Karen Lynch,2021-01-05 Jesse risked everything to bring her mother and father home, but her life is far from back to normal. With her parents' memories of their abduction gone, Jesse is no closer to finding answers, and the threat still looms over her family. When the Agency announces that a powerful Fae artifact is missing, Jesse suspects it's connected to her parents' disappearance. Until the artifact is found, her family will never be safe. This job might be more than she can handle alone, but is she willing to accept help from the people who betrayed her, from the one person she is trying hard to forget? The only thing Jesse knows for sure is that the game is not over. The rules have changed, there are dangerous new players on the board, and the stakes are higher than ever. She's always been smart and resourceful, but it might take the goddess herself to save Jesse from what comes next.

Midnight Claws: A Werecat and Werewolf Romance (Shadow Among The Pack Book 2) Kiraran,2022-12-30 When you are born in the pack, you belong in the group. But as for Lunaris, the only member who can't be a wolf, that was hard to believe. Because of her circumstances, she was treated as an outsider by her peers. However, the claims that she can't shift are wrong. She can, but her form is considered taboo in her pack's lore: A panther, another creature of the dark that was born in the darkest cycle of the moon, is prophesied to be the one to destroy the pack. Lunaris knows that if anyone finds out about her secret that she will die instantly. She wanted to leave her tribe, but there are certain rules that one cannot leave until they are of a certain age. But while she was getting closer to her freedom, a phenomenal occurrence happened. Old legends ran in history that when an Alpha is worthy, the lunar goddess would choose their partners for them. A partner who would undoubtedly be the perfect match for them. For Atticus, the next Alpha in line, it was a privilege he vowed to uphold, even though his chosen 'mate' appears to keep her distance from him.

Diana Inquest: The French Cover-Up John Morgan,2012-06-02 Diana Inquest: The French Cover-Up is the gripping story of how a culture of corruption and cover-up was endemic throughout the investigation into the deaths of Princess Diana and Dodi Fayed. It tracks the French investigation right from the initial minutes after the crash inside the Alma Tunnel through to the conclusion by Judge Stéphan in September 1999. The culture of cover-up that surrounded the early investigations into the crash is revealed in striking detail - for example, the thorough cleansing of the crash scene within several hours of the crash. Using witness and documentary evidence - including what was heard during the 2008 inquest - this volume reveals that Henri Paul, the driver of the Mercedes, was not drunk. This book reveals the major difficulties faced by the inquest jury - substantial portions of the most critical evidence were withheld from them. This eventually resulted in a seriously flawed verdict in one of the most important jury inquests of our modern era.
