

I Can Imagine Anything

Terry C. Jones

Did Descartes really say if you imagine it, it exists? Oct 20, 2024 · A quick example to clear up. You can imagine a circle, and you can imagine a square, but you cannot imagine a square circle. But you can conceive of it, otherwise we wouldn't be able to have this conversation about the square circle. *I can imagine anything.* : [r/notinteresting - Reddit](#) Can you imagine that through your powers of imagination, you willed me into existence just to come find this post and agree whole-heartedly with the comment above yours... **Luffy can turn imagination into reality** : [r/Piratefolk - Reddit](#) Dec 18, 2022 · I still don't think that luffy can turn anything he imagines into reality, as that would include being able to revive dead characters, or make enemies magically disappear, etc. But a very limited version of that where the imagination mainly manifests as gags and cartoony effects, or things/objects he pulls out of his mythical flame hair, sure. **Can people actually see something in their mind? - Reddit** Yes. We can see in our mind eye just like it would be a movie. We can see color, movement, etc. We can imagine anything. Like say I want to imagine my dog running across the lawn- I see it just like a movie. I just have to think it, then I can see it. Reply reply [Penyrolewen1970](#) • *What if I can envision but not visualize?* : [r/Aphantasia - Reddit](#) What if I can envision but not visualize? I can imagine visuals but I can't visualize. I can picture things but I don't see them. I daydream a lot similar to maladaptive daydreaming so I'm literally in a different world when I daydream (eyes open) I can fantasize about different things and create an entire world or show I'm in. *I Can't Visualize Anything With My Eyes Closed ANYMORE* - [Reddit](#) Dec 17, 2019 · Visualizing anything with eyes open is kind of hard for anyone especially if there are things around you, they disturb your imagination but it's possible, I had no problem with that, but now, it seems harder for me to imagine things with my eyes open and almost impossible with my eyes closed, I even can't focus like I used to, it's kind of ... **can luffy actually make what he thinks true?** : [r/OnePiece - Reddit](#) Luffy cannot make everything he imagines reality, because otherwise that would make him omnipotent. The piece of info that can be understood as gear 5 being able to make Luffy's imagination real comes from the five elders, who happen to know a ... **Does anything you can think of exist?** - [Philosophy Stack Exchange](#) Jan 6, 2016 · The fact that we can imagine an object doesn't mean that it has any real existence. But the fact that we can imagine the difference between two objects does mean that logically they are different (they are not identical). A modern modal logic version of this conceivability argument was later proposed by Kripke and others. **Why can I imagine images in my head but I can't see them** Jun 19, 2023 · If I try to imagine something with too

many details, I can't visualize it. But if I imagine something simple like a table or a basketball, I can see it in my head. **Is Nothing actually imaginable? - Philosophy Stack Exchange** Sometimes, answers are simple. Nothing cannot be imagined because one does not imagine absences of anything, only things (which may lack something, but then you are merely imagining a thing without another thing). @SAHornickel - Not imagining anything is not the same as imagining nothing. Imagining-something is an act with an object, while a lack of imagining ...
