**The Christ Literalist** L. O. U. MEZA, 2006-02 What did Christ say about war, peace and humanity? What did he say about politics and taxes? About life and death? Liberty and justice? What did he say about lust and greed? Family, marriage and divorce? The Christ Literalist is an attempt to consolidate His Word, i.e., at least, the words he actually spoke, into one volume. What is left, are the words of Christ for what they are, unadulterated, placed in their historical setting and contrasted by secular quotes from other notable historical and modern celebrities, revolutionaries, radical thinkers and misfits: 'Christianity will go. It will vanish and shrink. I needn't argue about that; I'm right and I will be proved right. We're more popular than Jesus now.' John Lennon, of The Beatles British Musician, 1940-1980 'In the secret of my knowledge there is no God but me. The Satanic Rituals Written By Anton LaVey, (1972) 'the time has come. It is quite clear our Antichrist is here. It is done. Marilyn Manson, Antichrist Superstar American Rock Artist, 1971- 'You're the Anti-Christ. You know that Stern? Pig Vomit, in Private Parts Film Directed By Betty Thomas (1997) 'Ye serpents, ye generation of vipers, how can ye escape the damnation of hell? Jesus Christ Gospel of Matthew

*Demolition Agenda* Thomas O. McGarity, 2025-05-06 A comprehensive account of the first Trump administration's efforts to destroy our government institutions, and what we can do before it's too late "Demolition Agenda presents chilling details of what happened to health science, environmental science, and consumer protection agencies when President Donald J. Trump put his 'best people' in charge." —Forbes Magazine In the wake of a return to Trump-era governance, what Forbes Magazine calls the "wealth of solid information" to be found in Thomas O. McGarity's *Demolition Agenda* is more urgent than

ever. Now available in a revised and updated edition, this groundbreaking work offers a comprehensive look at how the first Trump administration systematically dismantled the country's regulatory agencies, exposing Americans to greater risks while empowering corporate interests. From Scott Pruitt's corruption scandal at the EPA to Elaine Chao's weakening of transportation safety measures, and Ryan Zinke's stint as secretary of the interior before he faced eighteen federal inquiries and was fired (and let's not forget Rick Perry, Betsy DeVos, Sonny Perdue, Andrew Puzder . . . the list goes on), McGarity "writes authoritatively and with revealing detail" (Ralph Nader) about the abuses of power that defined the first Trump administration. A new preface and a new final chapter tell us what to expect in round two . . . and how to protect ourselves from the demolition agenda.

Constructing the Welfare State in the British Press Malgorzata Paprota, 2020-12-10 Analysing political discourse in the British press during a time of crisis and austerity, this book examines how the concept of the welfare state has been constructed between 2008 and 2015. At a time when the financial crisis and government policies have put the welfare state under increased pressure, a corpus from four British newspapers from across the political spectrum - the Guardian, Daily Mirror, Daily Mail, and Daily Telegraph - is brought together to investigate the political debate on its evaluation and the ambiguity about its exact definition. Combining two theoretical approaches, Malgorzata Paprota outlines the figurative models and scenarios relevant to this element of the political system. The discourse-historical approach to discourse analysis is used to establish what the welfare state is, tracing the boundaries of the concept and which elements of political reality are explicitly associated with it. Conceptual metaphor theory is then used to explore the figurative conceptualisations of the welfare state. Together, this book shows the discursive construction, and shifting boundaries and metaphors, of the welfare state by the British press and its use in current political debates.

Ways of Escape C. Rojek, 1993-06-23 Modern life is often described as an iron cage from which there is no escape. But popular culture venerates leisure and travel as authentic escape routes from routine and monotony. However what kind of escape is tolerated in modern society? How is it shaped by historical expectations of leisure and travel? And what do we actually experience when we engage in leisure or travel activity? This fascinating and accomplished book tries to supply answers to these questions. A major scholarly contribution to the sociological analysis of leisure, pleasure and travel, Dr Rojek's study is a radical challenge to the existing paradigmatic orthodoxy. Bryan S. Turner, University of Essex.

**Slavery in the Islamic World** Mary Ann Fay, 2018-11-17 This edited volume determines where slavery in the Islamic world fits within the global history of slavery and the various models that have been developed to analyze it. To that end, the authors focus on a question about Islamic slavery that has frequently been asked but not answered satisfactorily, namely,

what is Islamic about slavery in the Islamic world. Through the fields of history, sociology, literature, women's studies, African studies, and comparative slavery studies, this book is an important contribution to the scholarly research on slavery in the Islamic lands, which continues to be understudied and under-represented in global slavery studies.

**The Face of the Firm** Michele Rene Gregory, 2016-02-12 Despite decades of greater gender awareness at work in Western countries, gender inequality in the executive suites is alive and well. *The Face of the Firm* highlights new critical perspectives on the relationship between hegemonic masculine cultures, gender embodiment, and gender disparities in corporate organizations. Using data from over 100 interviews with female and male executives who worked for some of the most prestigious advertising and computer firms in the world, the book makes important connections between the empirical data and contemporary sexism in the United States and United Kingdom. The book refocuses the debate of executive work, organizational spaces, and gender inequality on gendered bodies at work. It also demonstrates that gendered and sexualized relations among executives often construct the production process. The book makes a contribution to masculinity, gender, and work scholarship and is organized along three key concepts: homogeneity, homosociability, and heterosexuality. These address such factors as the organizational locker room, sexual and heterosexual spaces at work, and the construction of women and men as different workers. This conceptual model is crucial for evaluating the mechanisms that support male dominance among highly skilled professionals and executives.
