Encyclopedia of Great Popular Song Recordings Steve Sullivan,2017-05-17 Volumes 3 and 4 of the The Encyclopedia of More Great Popular Song Recordings provides the stories behind approximately 1,700 more of the greatest song recordings in the history of the music industry, from 1890 to today. In this masterful survey, all genres of popular music are covered, from pop, rock, soul, and country to jazz, blues, classic vocals, hip-hop, folk, gospel, and ethnic/world music. Collectors will find detailed discographical data—recording dates, record numbers, Billboard chart data, and personnel—while music lovers will appreciate the detailed commentaries and deep research on the songs, their recording, and the artists. Readers who revel in pop cultural history will savor each chapter as it plunges deeply into key events—in music, society, and the world—from each era of the past 125 years. Following in the wake of the first two volumes of his original Encyclopedia of Great Popular Song Recordings, this follow-up work covers not only more beloved classic performances in pop music history, but many lesser-known but exceptional recordings that—in the modern digital world of “long tail” listening, re-mastered recordings, and “lost but found” possibilities—Sullivan mines from modern recording history. The Encyclopedia of Great Popular Song Recordings, Volumes 3 and 4 lets the readers discover, and, through their playlist services, from such as iTunes to and Spotify, build a truly deepcomprehensive catalog of classic performances that deserve to be a part of every passionate

music lover's life. Sullivan organizes songs in chronological order, starting in 1890 and continuing all the way through to the present to include modern gems from June 2016. In each chapter, Sullivan he immerses readers, era by era, in the popular music recordings of the time, noting key events that occurred at the time to painting a comprehensive picture in music history of each period for each song. Moreover, Sullivan includes for context bulleted lists noting key events that occurred during the song's recording

Kapilow, 2019-11-05 Finalist • The Marfield Prize [National Award for Arts Writing] "Not since the late Leonard Bernstein has classical music had a combination salesman-teacher as irresistible as Kapilow." —Kansas City Star "If you want to understand American history, listen to its popular music," writes renowned NPR host Rob Kapilow. "If you want to understand America's popular music, listen to its history." Through the songs of eight legendary American composers—Kern, Porter, Gershwin, Arlen, Berlin, Rodgers, Bernstein, and Sondheim—Kapilow listens for the history not just of musical theater, but of America itself. Combining close readings of Broadway hits like "Summertime" and "Stormy Weather" with a wide-angled historical point of view, *Listening for America* shows us how we too can listen along as America discovered its identity through the epochal transformations of the twentieth century.

A Biographical Guide to the Great Jazz and Pop Singers Will Friedwald, 2010-11-02 Will Friedwald's illuminating, opinionated essays—provocative, funny, and personal—on the lives and careers of more than three hundred singers anatomize the work of the most important jazz and popular performers of the twentieth century. From giants like Ella

Fitzgerald, Louis Armstrong, Frank Sinatra, and Judy Garland to lesser-known artists like Jeri Southern and Joe Mooney, they have created a body of work that continues to please and inspire. Here is the most extensive biographical and critical survey of these singers ever written, as well as an essential guide to the Great American Songbook and those who shaped the way it has been sung. The music crosses from jazz to pop and back again, from the songs of Irving Berlin and W. C. Handy through Stephen Sondheim and beyond, bringing together straightforward jazz and pop singers (Billie Holiday, Perry Como); hybrid artists who moved among genres and combined them (Peggy Lee, Mel Tormé); the leading men and women of Broadway and Hollywood (Ethel Merman, Al Jolson); yesterday's vaudeville and radio stars (Sophie Tucker, Eddie Cantor); and today's cabaret artists and hit-makers (Diana Krall, Michael Bublé). Friedwald has also written extended pieces on the most representative artists of five significant genres that lie outside the songbook: Bessie Smith (blues), Mahalia Jackson (gospel), Hank Williams (country and western), Elvis Presley (rock 'n' roll), and Bob Dylan (folk-rock). Friedwald reconsiders the personal stories and professional successes and failures of all these artists, their songs, and their performances, appraising both the singers and their music by balancing his opinions with those of fellow musicians, listeners, and critics. This magisterial reference book—ten years in the making—will delight and inform anyone with a passion for the iconic music of America, which continues to resonate throughout our popular culture.

With My Other Hand Bonnie Weiss,2022-04-04 Poet Bonnie Weiss presents a collection of stories and poems filled with vivid memories, halfway between verse and prose. Her words are honest, sensitive, and profound but also sometimes humorous, sometimes deep. The style is lyrical and deceptively simple as she presents the incredible power of love and the pain of loss. In this evocative and entertaining collection, Weiss uses colorful images and description. See and hear the bees, hummingbirds, and ocean. Yet it goes beyond the visceral to the emotional in poems like "My Shrine to You:" I love you; you gave me your love. And now a whole year without you, a lifetime without you, without the glory of you. Autumn has passed. Winter is here. Its message lies deep within bare trees, their rich sap husbanding energy. I am pregnant with the sap of winter. I gaze at the snow blossoms on the pear tree And wonder, "Will spring arrive for me?" Empathize with the pain but find beauty and joy, too, as you walk the poet's path to truth and enlightenment.
