The Acts of the Apostle Thomas Prof.M.M. Ninan,2018-09-11 This is the story of Apostle Thomas - the doubting Thomas - who dared to ask the evidence for the resurrection to believe. Jesus was only glad to provide that. Once satisfied, he became the first to proclaim that Jesus indeed was God, by shouting My Lord, and My God In the fullest sense, Thomas was the first Christian. His ministry was essentially in Parthia (including Yemen), China and India. He was martyred in Mylapore, Chennai. He came to Kerala in AD 52. This is his story which was handed down to us from our fore fathers for over 2000 years. Come and touch Jesus and believe.

St. Thomas and the Syrian Churches of India Rev. K. V. Koshy,1999

Ethnic Church Meets Megachurch Prema A. Kurien,2017-06-20 This book exposes the profound impact American evangelicalism is having on the religious lives of contemporary Christian immigrants, and the pressures immigrant churches face to incorporate evangelical worship styles, often at the expense of maintaining their ethnic character and support systems. Most interestingly, it shows that the integration patterns of post-1965 Christian immigrants and their descendants have essentially reversed earlier models. While immigrants from Europe and their children were expected to shed their ethnic identities to become Americans, in the sphere of religion, they could maintain their ethnic traditions within American denominations. This book shows that members of the contemporary second generation are incorporating into U.S. society by maintaining their ethnic identities in secular contexts but are adopting a de-ethnicized religious identity and practice. In particular, many are gravitating toward evangelical megachurches. Drawing on multi-site research in the U.S. and India, this book also provides a global perspective on religion, demonstrating the variety of ways in which transnational processes affect religious organizations and their members, and how forces of globalization, from the period of colonialism to contemporary out-migration, have brought tremendous changes among Christian communities in the Global South. Christianity John Chathanatt,2024-01-08 Published in the Series Encyclopedia of Indian Religions, this volume is devoted to Christianity in India, where it has had a long presence, going back to the time of the apostles of Jesus Christ. It focuses on the history, origin, organizations and local engagements, belief system, worship practices, Rites, Rituals, Christian life,

Contributions, Spirituality and a few of the main doctrinal and theological items. It, further, examines, the earlier phase of the history of Christianity starting with the traditional belief of the arrival of St. Thomas in AD 52, moving to the periods of its association with the Chaldean church, the Portuguese, the Dutch, English and so on. This volume highlights the missionary activities of persons like St. Francis Xavier, the creative contributions made to the inter-religious dialogue by such people as Roberto de Nobili (1577-1656) and Swami Abhishiktananda (1910-1973), the linguistic and educational contributions of some of the pioneers like the German Jesuit Johanne Ernst Hanxleden (known as Arnos Padiri) (1681-1732), Herman Gundert (1814-1893), St. Elias Kuriakos Chavara (1805-1871), and, a fortiori, the enormous contributions in the healthcare area throughout the country. Caring for and serving the socio-economically marginalized ones, the peripheralized people formed an integral part of the Christian activity In India, as it is done even today. This is highlighted very much in the volume. It, further, explores the contact India had with European Christianity, showing that European Christianity proved to have wider influence in the Northern part of India, unlike India's early episodic encounters with Palestinian and Persian forms of Christianity, which had deep influence in the Southern part of India. The volume also highlights the inner struggle among the followers resulting even in its division originating at the Synod of Diamper in 1599 manifesting, by and large, the Church-state 'love and hate' relationships. In fine, in spite of the drawbacks of putting the herculean task of two thousand years of history in eight hundred pages or so, this volume gives a rather comprehensive view of Christianity in India especially to those who are unfamiliar with its life and dynamics in the Indian context. The wide range of photographs (325 of them), especially of the churches revealing the architectural beauty and multiplicity along with the ensample of art and paintings and pilgrimage centers adds to the enrichment of the volume.

Diaspora Christianities Sam George, 2019-01-15 South Asians make up one of the largest diasporas in the world and Christians form a relatively large share of it. Christians from the Indian subcontinent have successfully transplanted themselves all over the globe, and many from different faith backgrounds have embraced Christianity at overseas locations. This volume includes biblical reflections on diasporic life, charts the historical and geographical spread of South Asian Christianity, and closes with a call to missional living in diaspora. It analyzes how migrants revive Christianity in adopted host nations and ancestral homelands. This book portrays the fascinating saga of Christians of South Asian origin who have pitched their tents in the furthest corners of the globe and showcases triumphs and challenges of scattered communities. It presents the contemporary religious experiences from a plethora of discrete perspectives. It deals with issues such as community history, struggles of identity and belonging, linkage of religious and cultural traditions, preservation and adaptation of faith practices, ties between ancestral homeland and host nation, and diasporic moral dilemmas in diaspora. This book argues that human scattering amplifies diversity within Christianity and for the need for heterogeneous unity amidst great diversities.

Transnational Religious Organization and Practice Stanley J. Valayil C. John,2018-02-19 In Transnational Religious Organization and Practice Stanley John provides the first in-depth analysis of a migrant Christian community in the Arabian Gulf. The book explores how Kerala (South India) Pentecostal churches in Kuwait organize and practice their Christian faith, given the status of their congregants as temporary economic migrants and noting that the transient status heightens their transnational orientation toward their homeland in India. The research follows a twofold agenda: first, examining the unique sociopolitical and migrational context within which the KPCs function, and second, analyzing the transnational character and structural patterns that have emerged in this context. The ethnographic research identifies and analyzes the emerging structures and practices of the KPCs through three lenses: networks, agents, and mission. This study concludes with a proposal for an interdisciplinary theoretical framework to be employed in the study of transnational religious communities.

Christian Worship Worldwide Charles E. Farhadian, 2007-07-16 As Christianity has boomed in the non-Western world, several significant questions have emerged regarding how worship and culture relate. Charles Farhadian here presents a timely investigation of the interaction between culture and worship. Leading scholars -- experts in history, mission, culture, and liturgy -- offer diverse essays addressing worship in the context of worldwide Christianity. At the heart of *Christian Worship Worldwide* are several case studies from Africa, Asia, Latin America, and the Pacific that explore the contours of particular nations, cultures, and liturgical actions. These essays show how Christian plurality is most vividly exemplified in the context of worship, where language, song, culture, and indigenous theology come together. Contributors: M. L. Prophet, Priest, and King Zondervan, 2025-03-25 How might different voices from the global church help all Christians understand the person and work of Jesus Christ better? Written by a team of leading Majority World scholars, this joint project explores and articulates a doctrine of Christ by appealing to his threefold office as prophet, priest, and king. Thus, it considers Christology not only as a central tenet of the Christian faith but, by drawing from a variety of voices throughout the worldwide church, it also points to the unified testimony of the global, catholic church. This is the first volume in the *Theology Together* series, which highlights the voices of Majority World scholars, each of whom brings insights from a particular context, and places them in conversation with one another to contribute to a richer, deeper understanding of a shared faith in Christ.

Expect Great Things Donald Anderson McGavran, 2019-04-01 Ethnic Realities and the Church delves into the delicate and subtle relationship between new Christians and non-Christian relatives as faith is spread and churches are built. Drawing from 36 years of missionary experience in India, Donald McGavran details nine types of churches in India. He provides a way to better understand the Church as it relates to the socioeconomic, sociological and anthropological realities of its members in India and beyond. He describes church growth in the country, but also underlines the important sociological factors that can affect it. Ethnic Realities and the Church presents more than lessons from India, it equips missionaries, evangelists, and church leaders with understanding of ethnicity and how it affects the structure and spread of congregations and denominations in every land.

Mission and Liturgy Dr. Jameson K. Pallikunnil, 2018-06-15 As an ancient Christian community, the Mar Thoma Church with its vibrant life of mission and sacraments, has a pride of place in the Christendom. The evangelization process and constant migration made this church a global Church, which has encountered multi-cultural and multi-ethnic atmosphere and assimilated various cultural practices and faced faith confrontation in its own geographical regions. This confrontation has caused a renewed view of nature, identity and mission of the Church in a positive manner. Mission is, in fact, the lifeblood of the Church. Through its mission-work and revised liturgy, the Mar Thoma Church took a pioneer role in the formation and nurturing of new Christian communities in India and different parts of the world. Hence, this book reflects on the role of liturgy and its influence on the missionary undertakings of the MTC. It elucidates how the revised liturgy functions as a basis for mission and recounts how liturgy and mission are connected. Further, the diverse mission centres of the Church and its cultural specialties, an integration of liturgy and evangelism, importance of liturgical orientation and training, are also dealt with in detail. Added to this, the various challenges of the Church in its mission fields and diaspora regions are studied in the framework of the liturgy. The scope of liturgical renewal is looked into where the liturgical adaptation and possibilities of contextual liturgies in the Church are studied. This study concludes with some of the pertinent liturgical proposals for the furtherance to sustain the life and mission of the Church. With a living experience and profound theological understanding, this ancient but reformed Church has something unique to offer to the whole Christendom.

The Clash of Heavens Bovas Abraham, 2023-07-10 Why is the topic of religion so contentious? Since childhood, everywhere he goes, Chacko sees a “clash of heavens” between people of different religions. He was brought up in the Christian Mar Thoma Church in a small village in India in the 1940s and has practised Christianity throughout his life. However, as he travels around the world, from India to Canada via Ghana, and witnesses political transitions and coups, acts

of terrorism and war, and learns more about various religions, he is drawn into deep discussions with friends about belief, the Bible, and God. Was Jesus really a historical figure? Why are there different versions of the creation story? How does Darwin's Theory of Evolution fit in? Why is God referred to as "Father," and not "Mother" or "Sister"? Who is God? Along his journey of discovery and truth, Chacko meets "angels" from all walks of life who contribute to his outlook on humanity—but also bring him to question himself even more. Will his quest ever end? *The Clash of Heavens: A Journey of Discovery with Angels* explores the spiritual conflicts that can both disconnect and connect us from each other, the courage it takes to question the beliefs you've been taught in order to find your own truth, and how religion has shaped the world, from practices and folklore to beliefs and actions.
