Mariarosaria Zinzi

DAL GRECO CLASSICO AL GRECO MODERNO Mariarosaria Zinzi, 2013 The Greek koinè shows a double development in the crystallised Greek language (intended for literary, administrative and ecclesiastical uses) and the language of everyday use subject to innovations that would lead to the birth neo-Greek, which was never the official language for written documents. This situation determined the almost absolute lack of documents that allow us to reconstruct the evolution of the Greek language from the late age to the early Middle Ages. This work contributes to the reconstruction of this gap by analysing the Greek language of the private letters written on papyrus, a documentary typology probably close to the spoken register. The analysis isolated four peculiar phenomena of the morphosyntactic evolution of the Greek (genitive-dative syncretism, disappearance of the infinitive, replacement of the perfect tense with equivalent periphrases and disposition of the clitics), offering a renewed picture.

I verbi greci 1 Bijoy M. Trentin, 2012

Nuovi itinerari alla scoperta del greco antico Francesco Michelazzo, 2019-07-08 Frutto di molteplici esperienze didattiche - in particolare, il corso-base di greco per studenti universitari e il corso di Didattica della lingua greca presso la Scuola di Specializzazione all'Insegnamento Secondario toscana (SSIS) -, questo libro risponde a una duplice esigenza: essenzializzare e razionalizzare lo studio del greco antico (mostrando l'interdipendenza tra i vari piani linguistici e aiutando così a fare sinergia tra fenomeni diversi) e valorizzare adeguatamente aspetti importanti di solito trascurati o marginalizzati (come la semantica, l'organizzazione del testo, la stessa sintassi). Di pari passo con lo studio morfologico, il lettore è condotto a riflettere su tutte le più importanti strutture linguistiche del greco, in un percorso graduale che supera la rigida scansione tradizionale degli argomenti e mette anche a frutto insospettite analogie con fenomeni espressivi delle lingue moderne.

La traduzione latina del <Nicocles> isocrateo di Guarino Veronese Alessia Grillone, 2022-12-31 Questo lavoro ha per oggetto la versione latina del Nicocles isocrateo eseguita da Guarino Veronese e dedicata a Leonello d'Este. La sezione introduttiva consta di due parti: nella prima si contestualizza il Nicocles all'interno della produzione isocratea e se ne approfondisce la fortuna in età umanistico-rinascimentale per il tramite delle traduzioni; nella seconda parte si inquadra la versione guariniana all'interno della vicenda biografica e dell'attività pedagogico-letteraria dell'autore. Il corpo centrale del

volume è invece costituito dall'edizione critica del testo di Guarino: all'esposizione dei risultati del lavoro di recensio e di collazione segue il testo ricostruito dall'autrice, corredato di apparato critico, traduzione italiana e note filologiche di commento. Il volume si conclude con alcune osservazioni sul metodo versorio e la lingua di Guarino.

Le iscrizioni metriche greche della Frigia orientale Elisa Nuria Merisio, 2023-12-31 This book presents an edition of Greek metrical inscriptions from eastern Phrygia (modern Turkey), accompanied by a translation and commentary. It is a corpus of ca. 100 funerary, honorary and votive epigrams from the 2nd- 5th c. CE. The commentary is centered on their linguistic, philological and literary features. It analyses several phenomena related to the late stage of Greek language development and to the spoken language. As regards the literary tradition, even though the Homeric poems are the primary models for most epigrams, the commentary highlights the occurrence of several terms and expressions found in later (epic and non-epic) works, often reflecting a Christian background. The book shows the relevance of the study of metrical inscriptions from Asia Minor as a means to enhance our knowledge of the spread of education and literary culture in the area even in the late Roman Empire. The inscriptions analyzed are not only invaluable linguistic documents, but also play an important role both as pioneering texts reflecting the emergence of a new literary style and as reliable and enduring testimonies to the cultural influence of the Greek literary tradition in places and periods very remote from its original context.
