**Eyes of the World** Marc Aronson, Marina Budhos, 2024-03-26 A multilayered biography of two Jewish photographers who helped bring about modern photojournalism during the Spanish Civil War. Robert Capa and Gerda Taro were young Jewish refugees, idealistic and in love. As photographers, they set off to capture their generation's most important struggle—the fight against Fascism. Among the first to depict modern warfare, Capa and Taro took powerful photographs of the Spanish Civil War that went straight from the devastation to news magazines. In so doing, they helped give birth to the idea of bearing witness through technology to bring home tragedies from across the world. Packed with dramatic photos, posters, and maps, this compelling book captures the fascinating story of how photojournalism began . . . This thoroughly-researched and documented book can be worked into multiple aspects of the common core curriculum. Praise for Eyes of the World A fascinating look at the evolution of photojournalism. . . . Readers not only get a strong sense of who these photographers were as people, they will understand what made their pictures so special. Thoroughly researched and cited, the text offers a unique perspective. — Booklist, starred review

The Routledge Handbook to Spanish Film Music Laura Miranda, 2024-09-12 The Routledge Handbook to Spanish Film Music provides a significant contribution to the research and history of Spanish film music, exploring the interdependence and ways in which discourses of sound and vision are constructed dialogically in Spanish cinema, with contributions from leading international researchers from Spain, the USA, the UK, France and Germany. Offering a multifocal and multidisciplinary study between related areas such as music studies, film studies and Spanish cultural studies, this book is divided into four sections, covering the early years of Spanish cinema; the 1940s and 1950s in Spanish cinema—the first decades of the Franco dictatorship; the importance of Fraga Iribarne's slogan, "Spain is different," to promote Spain's new

openness to the world in the 1960s and 1970s; and Spanish cinema since the arrival of democracy in 1978, including discussion of contemporary Spanish cinema. The growing interest in Spanish cinema calls for the publication of studies about the role of music in its political and socio-cultural framework. This is therefore a valuable text for music and film scholars and professionals, university undergraduates and music conservatory students.

*Sin miedo a las ruinas* Luis González Barrios, 2024-07-25 Al hablar de vanguardias artísticas, o vanguardias históricas, no es extraño el empleo del adjetivo calificativo anárquico que, a veces ambiguamente, alude a cierta atmósfera rupturista en el primer tercio del siglo XX. En el caso español esta situación remite a la coexistencia, durante la Segunda República (1931-1939), de ismos estéticos muy politizados y un importante movimiento anarquista. Donde convergen o se distancian el vanguardismo de galerías, pabellones o revistas y las acciones revolucionarias de la Confederación Nacional del Trabajo (CNT)? Hasta qué punto las prácticas del obrerismo libertario se corresponden con el teatro experimental de García Lorca, el cine de Luis Buñuel, o la escultura de Alberto Sánchez? Y con la literatura feminista de Lucía Sánchez Saornil, el grabado proletario de Helios Gómez, o la pintura anticolonial de Wifredo Lam? Sin miedo a las ruinas propone que la respuesta a estas cuestiones se encuentra en el común cuestionamiento, por parte de vanguardias y anarquistas, no ya del sistema de representación dominante, sino del concepto mismo de representación y su pretendida transparencia. Este ensayo-collage de textos, géneros y autores de vanguardia invitara al lector a repensar la relación entre arte y política en la España republicana. Y allá donde la representación se encuentre en crisis.

*Exiliadas* Josebe Martínez, 2007 Recupera el pensamiento y la obra de varias autoras que vivieron en la Segunda República, la Guerra civil y el exilio, y que además escribieron sobre ello. Se recogen las experiencias íntimas de estas mujeres exiliadas a través de sus propios testimonios.

**Pinturas de guerra** Miguel Sarró, 2006 Pinturas de Guerra : Dibujantes antifascistas en la guerra civil española, del pintor e ilustrador Miguel Sarró, 'Mutis', es el personal homenaje del autor a los dibujantes republicanos que ejercieron su labor en tan complicado período de la vida política española, según reconoce. 'Mutis' es humorista gráfico, viñetista, pintor e ilustrador. El interés por la Historia y su compromiso con el desarrollo de la misma han servido de motivación a la hora de recopilar parte de la extensa obra de quienes defendieron con sus dibujos los intereses de la causa republicana. Muchos de los trabajos que recoge la publicación permanecían inéditos hasta el momento y son un testimonio directo de la confrontación y la fractura social que ilustran. La publicación de la obra viene precedida de un exhaustivo trabajo de investigación y documentación: He consultado libros, bibliotecas... y me he entrevistado también con familiares de los dibujantes que aparecen en el libro, explica 'Mutis', que reconoce que el período de preparación ha resultado muy interesante. El volumen, de 151 páginas, recoge a la par ilustraciones, pósters, viñetas y caricaturas. Creaciones todas de una época convulsa que para algunos de sus autores supusieron el destierro y, en cualquier caso, la inhabilitación por parte

del Régimen para quienes se atrevían a disentir, recuerda el autor.
