**Encyclopedia of Nordic Crime Fiction** Mitzi M. Brunsdale, 2016-04-27 Since the late 1960s, the novels of Sjöwall and Wahlöö's Martin Beck detective series, along with the works of Henning Mankell, Hakan Nesser and Stieg Larsson, have sparked an explosion of Nordic crime fiction—grim police procedurals treating urgent sociopolitical issues affecting the

contemporary world. Steeped in noir techniques and viewpoints, many of these novels are reaching international audiences through film and television adaptations. This reference guide introduces the world of Nordic crime fiction to English-speaking readers. Caught between the demands of conscience and societal strictures, the detectives in these stories--like the heroes of Norse mythology--know that they and their world must perish, but fight on regardless of cost. At a time of bleak eventualities, Nordic crime fiction interprets the bitter end as a celebration of the indomitable human spirit.

**Twenty-First-Century Popular Fiction** Bernice M. Murphy, 2017-12-04 This groundbreaking collection provides students with a timely and accessible overview of current trends within contemporary popular fiction.

But Harry Hole is no longer with the force. He promised the woman he loves, and he promised himself, that he'd never go back: not after his last case, which put the people closest to him in grave danger. For Harry, it's like hearing "the voice of a man he was trying not to remember." Now, despite his promises, despite everything he risks, Harry throws himself back into the hunt for a figure who haunts him, the monster who got away.

*Contemporary World Fiction* Juris Dilevko, Keren Dali, Glenda Garbutt, 2011-03-17 This much-needed guide to translated literature offers readers the opportunity to hear from, learn about, and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions. In a globalized world, knowledge about non-North American societies and cultures is a must. *Contemporary World Fiction: A Guide to Literature in Translation* provides an overview of the tremendous range and scope of translated world fiction available in English. In so doing, it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions. Within the guide, approximately 1,000 contemporary non-English-language fiction titles are fully annotated and thousands of others are listed. Organization is primarily by language, as language often reflects cultural cohesion better than national borders or geographies, but also by country and culture. The guide also provides in-depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions.

**Headhunters** Jo Nesbo, 2011-09-06 INTERNATIONAL BESTSELLER • From the #1 New York Times bestselling author of *Cockroaches* comes a funny, dark, and twisted caper worthy of Quentin Tarantino and the Coen brothers—about an aspiring art thief and the target who's about to destroy his life. "If you don't know Nesbø, it's time to get with it." —USA Today Roger Brown is a corporate headhunter, and he's a master of his profession. But one career simply can't support his luxurious lifestyle and his wife's fledgling art gallery. At an art opening one night he meets Clas Greve, who is not only the perfect candidate for a major CEO job, but also, perhaps, the answer to his financial woes: Greve just so happens to mention that he owns a priceless Peter Paul Rubens painting that's been lost since World War II—and Roger Brown just so happens to dabble in art theft. But when he breaks into Greve's apartment, he finds more than just the painting. And Clas Greve may turn out to be the worst thing that's ever happened to Roger Brown.

*Handbook of the Language Industry* Gary Massey, Maureen Ehrensberger-Dow, Erik Angelone, 2024-07-01 Digital transformation and demographic change are profoundly affecting the contexts in which the language industry operates, the resources it deploys and the roles and skillsets of those it employs. Driven by evolving digital resources and socio-ethical

demands, the roles and responsibilities deriving from the proliferation of new and emerging profiles in the language industry are transcending the traditional bounds of core activities and competences associated with prototypical concepts of translation and interpreting. This volume focuses on the realities in the language industry from the fresh perspective of current and emerging professional profiles and of the contexts and resources that condition and support them. It traces the industry's evolution, maps its current state and considers key aspects of its workplaces, actors and practices. In an age when artificial intelligence is challenging traditionally held views of human performance, it addresses the issue of where and how human agents add value to the industry's processes and products, with a detailed, research-based consideration of the activities, competences, roles, responsibilities and tools that characterize the language industry of today and the near future.
