

Jr By William Gaddis

Ralph Clare

JR William Gaddis, 2020-10-20 A National Book Award-winning satire about the unchecked power of American capitalism, written more than three decades before the 2008 financial crisis. At the center of JR is J R Vansant, a very average sixth grader from Long Island with torn sneakers, a runny nose, and a juvenile fascination with junk-mail get-rich-quick offers. Responding to one, he sees a small return; soon, he is running a paper empire out of a phone booth in the school hallway. Everyone from the school staff to the municipal government to the squabbling heirs of a player-piano company to the titans of Wall Street and the politicians in Washington will be caught up in the endlessly ballooning bubble of the J R Family of Companies. First published in 1975 and winner of the National Book Award in 1976, JR is an appallingly funny and all-too-prophetic depiction of America's romance with finance. It is also a book about suburban development and urban decay, divorce proceedings and disputed wills, the crumbling facade of Western civilization and the impossible demands of love and art, with characters ranging from the earnest young composer Edward Bast to the berserk publicist Davidoff. Told almost entirely through dialogue, William Gaddis's novel is both a literary tour de force and an unsurpassed reckoning with the way we live now.

William Gaddis, Jr William Gaddis Jr., 1975

JR William Gaddis, 1985 ABSURDLY LOGICAL, MERCILESSLY REAL, GATHERING ITS OWN TUMULTUOUS MOMENTUM FOR THE ULTIMATE BRUSH WITH COMMODITY TRADING JR CAPTURES THE READER IN THE CACOPHONY OF VOICES THAT REVOLES AROUND THIS YOUNG CAPTIVE OF HIS OWN MYTHS. THE DISTURBING CLARITY WITH WHICH THIS FINISHED WRITER CAPTURES THE WAYS IN WHICH WE DEAL, DISSEMBLE, STUMBLE THROUGH OUR WORDS - THROUGH OUR LIVES - WHILE THE REAL PLANS ARE BEING MADE ELSEWHERE MAKES JR THE EXTRAORDINARY NOVEL THAT IT

Love and Strife in William Gaddis' "JR" Stephen Hayward Matanle, 1980

JR William Gaddis, 2003 A biting satire, JR features JR, an eleven-year-old capitalist, who embodies the cash culture he grows up in. The young JR manipulates his meagre economic beginnings including a shipment of Navy surplus picnic forks, a defaulted bond issue and turns them into a massive paper empire. The novel's satiric assault upon the American Dream, and the economics it represents makes a compulsive read and the seminal American novel.

The Letters of William Gaddis William Gaddis, 2023-04-04 A revelatory collection of correspondence by the lauded author of titanic American classics such as *The Recognitions* and *J R*, shedding light on his staunchly private life. UPDATED WITH OVER TWO DOZEN NEW LETTERS AND PHOTOGRAPHS Now recognized as one of the giants of postwar American fiction, William Gaddis shunned the spotlight during his life, which makes this collection of his letters a revelation. Beginning in 1930 when Gaddis was at boarding school and ending in September 1998, a few months before his death, these letters function as a kind of autobiography, and also reveal the extent to which he drew upon events in his life for his fiction. Here we see him forging his first novel, *The Recognitions* (1955), while living in Mexico, fighting in a revolution in Costa Rica, and working in Spain, France, and North Africa. Over the next twenty years he struggles to find time to write the National Book Award-winning *J R* (1975) amid the complications of work and family; deals with divorce and disillusionment before reviving his career with *Carpenter's Gothic* (1985); then teaches himself enough about the law to produce *A Frolic of His Own* (1994). Resuming his lifelong obsession with mechanization and the arts, he finishes a last novel, *Agapē Agape* (published in 2002), as he lies dying. This newly revised edition includes clarifying notes by Gaddis scholar Steven Moore, as well as an afterword by the author's daughter, Sarah Gaddis.

The Rush for Second Place William Gaddis, 2002-10-01 An essential collection of nonfiction essays by the National Book Award winning author of *J R* and *A Frolic of His Own* William Gaddis published only four novels during his lifetime, but with those works he earned himself a reputation as one of America's greatest novelists. Less well known is Gaddis's body of excellent critical writings. Here is a wide range of his original essays, some published for the first time. From 'Stop Player. Joke No. 4,' Gaddis's first national publication and the basis for his projected history of the player piano, to the title essay about missed opportunities in America during the past fifty years, to *Old Foes with New Faces*, an examination of the relationship between the writer and the problem of religion—this diverse collection displays the power of an autonomous literary intelligence in an age increasingly dominated by political and religious conservatism.

Fictions Inc. Ralph Clare, 2014-09-11 *Fictions Inc.* explores how depictions of the corporation in American literature, film, and popular culture have changed over time. Beginning with perhaps the most famous depiction of a corporation—Frank Norris's *The Octopus*—Ralph Clare traces this figure as it shifts from monster to man, from force to “individual,” and from American industry to multinational “Other.” Clare examines a variety of texts that span the second half of the twentieth century and beyond, including novels by Thomas Pynchon, William Gaddis, Don DeLillo, Richard Powers, and Joshua Ferris; films such as *Network*, *Ghostbusters*, *Gung Ho*, *Office Space*, and *Michael Clayton*; and assorted artifacts of contemporary media such as television's *The Office* and the comic strips *Life Is Hell* and *Dilbert*. Paying particular attention to the rise of neoliberalism, the emergence of biopolitics, and the legal status of “corporate bodies,” *Fictions Inc.* shows that representations of corporations have come to serve, whether directly or indirectly, as symbols for larger economic concerns

often too vast or complex to comprehend. Whether demonized or lionized, the corporation embodies American anxieties about these current conditions and ongoing fears about the viability of a capitalist system.

The Art of Excess Tom LeClair,1989

The Contemporary Novel Irving Adelman,Rita Dworkin,1997-10-09 In this new edition, what was already an expansive work has been updated and further enlarged to include information not only on American and British novelists but also on writers in English from around the world.

The Ring Cycle of William Gaddis' J.R. Thomas Hanlon,1995

Powerless Fictions? Ricardo Miguel-Alfonso,2023-04-12 Postmodern Studies deals with (any aspect of) postmodernism, or of postmodernity and the postmodern in relation to literature.

William Gaddis: Expanded Edition Steven Moore,2015-02-26 In 1989, Steven Moore published the first scholarly study of all three of William Gaddis's novels and since then it has been generally regarded as the best book on this difficult but major writer's work. This revised and expanded edition includes new chapters on the novels Gaddis published after 1989, the National Book Award-winning *A Frolic of His Own* and the posthumous novella *Agape Agape*, along with updated introductory and concluding chapters. This introduction offers a clear discussion of all five of Gaddis's novels, providing essential biographical information, two chapters each on his most significant novels, *The Recognitions* and *J R*, and a chapter each devoted to his later three novels. A concluding chapter locates his place in American literature and notes his influence on younger writers. Each chapter focuses on the main themes of each novel and discusses the literary techniques Gaddis deployed to dramatize those themes. Since Gaddis is an erudite, allusive novelist, Moore clarifies his references and explains how they enhance his themes.

Congressional Record United States. Congress,1926

Fiction in the Quantum Universe Susan Strehle,2000-11-09 In this outstanding book Susan Strehle argues that a new fiction has developed from the influence of modern physics. She calls this new fiction actualism, and within that framework she offers a critical analysis of major novels by Thomas Pynchon, Robert Coover, William Gaddis, John Barth, Margaret Atwood, and Donald Barthelme. According to Strehle, the actualists balance attention to questions of art with an engaged meditation on the external, actual world. While these actualist novels diverge markedly from realistic practice, Strehle claims that they do so in order to reflect more acutely what we now understand as real. Reality is no longer realistic; in the new physical or quantum universe, reality is discontinuous, energetic, relative, statistical, subjectively seen, and uncertainly known -- all terms taken from new physics. Actualist fiction is characterized by incompletions, indeterminacy, and open endings unsatisfying to the readerly wish for fulfilled promises and completed patterns. *Gravity's Rainbow*, for example, ends not with a period but with a dash. Strehle argues that such innovations in narrative reflect on twentieth-century history,

politics, science, and discourse.

Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition: ... no other reference work on American fiction brings together such an array of authors and texts as this.

The Business of America Graham Thompson, 2004-03-20 The Business of America examines the complex linking of business and nationhood in post-war United States literature against the backdrop of changing concepts of the nation in the field of American Studies. The first part of the book examines how white male literary culture has been largely hostile to business during this period and how it has represented transnational shifts in the nature of business as threats to supposedly American values like the individual, the family, or freedom. The book charts the way that such an uneasiness towards business relies upon a discourse about America, business and empire that is increasingly untenable in the post-war world. By way of comparison, The Business of America looks at how literature by women and by writers from different racial, ethnic and sexual groups often deals with business from the more localised angle of work. Graham Thompson shows how this attention to work provides a less abstract and more oppositional approach to the connection between business and America.

Reports of Proceedings ... Boston (Mass.). City Council, 1898

Music in the Words: Musical Form and Counterpoint in the Twentieth-Century Novel Alan Shockley, 2017-07-05 There is a strong tradition of literary analyses of the musical artwork. Simply put, all musicology - any writing about music - is an attempt at making analogies between what happens within the world of sound and language itself. This study considers this analogy from the opposite perspective: authors attempting to structure words using musical forms and techniques. It's a viewpoint much more rarely explored, and none of the extant studies of novelists' musical techniques have been done by musicians. Can a novel follow the form of a symphony and still succeed as a novel? Can musical counterpoint be mimicked by words on a page? Alan Shockley begins looking for answers by examining music's appeal for novelists, and then explores two brief works, a prose fugue by Douglas Hofstadter, and a short story by Anthony Burgess modeled after a Mozart symphony. Analyses of three large, emblematic attempts at musical writing follow. The much debated 'Sirens' episode of James Joyce's *Ulysses*, which the author famously likened to a fugue, Burgess' largely ignored *Napoleon Symphony: A Novel in Four Movements*, patterned on Beethoven's *Eroica*, and Joyce's *Finnegans Wake*, which Shockley examines as an attempt at composing a fully musicalized language. After these three larger analyses, Shockley discusses two quite recent brief novels, William Gaddis' novella *Agap gape* and David Markson's *This is not a novel*, proposing that each of these confounding texts coheres elegantly when viewed as a musically-structured work. From the perspective of a composer, Shockley offers the reader fresh tools for approaching these dense and often daunting texts.

Famous Last Lines Daniel Grogan, 2018-11-13 Famous Last Lines features the final sentences from 300 works of literature, from *Don Quixote* to *The Girl on the Train*. The closing words of any text carry a lot of weight. Famous Last Lines

unpacks more than 300 notable final lines, from classical epics to contemporary short stories. Spanning centuries of writing, each entry, whether for Don Quixote or The Girl on the Train, provides context for these notable last lines, making clear what makes them so memorable and lasting. Famous Last Lines provides readers with a comprehensive collection of brilliant conclusions.

Whispering the Secrets of Language: An Emotional Quest through **Jr By William Gaddis**

In a digitally-driven earth wherever displays reign supreme and quick communication drowns out the subtleties of language, the profound techniques and mental nuances concealed within phrases often move unheard. However, set within the pages of **Jr By William Gaddis** a captivating fictional value pulsating with organic emotions, lies a fantastic quest waiting to be undertaken. Published by a skilled wordsmith, this enchanting opus invites visitors on an introspective journey, lightly unraveling the veiled truths and profound influence resonating within the fabric of each word. Within the psychological depths of this emotional evaluation, we can embark upon a honest exploration of the book is core styles, dissect its fascinating writing model, and succumb to the powerful resonance it evokes deep within the recesses of readers hearts.
