In *Activate Your Super-Human Potential*, Jerry Sargeant presents a specific set of protocols that enable you to step fully into your power, kickstarting a new way of operating in this human reality. Combining qigong, breathwork, meditation, exercise, pineal gland activation techniques, nutrition, mindset, healing, light codes, high-frequency energies, and more, Jerry has blended a unique recipe that offers you the opportunity to create a life of sovereignty and freedom. In addition to raising our vibration, for one to truly ascend we must activate our DNA, our original 12-strand template, and be able to run enough frequency through our body that we can move through the Planetary and Galactic Star Gate systems. This is real ascension. In this guide you find the tools to realign your inner geometry, upgrade your levels of consciousness, and prepare your body to hold the necessary frequency. You will activate courage and confidence, connect to Source, and feel love in your heart always, generating waves of enthusiasm that flow from every cell in your body, catalyzing your own radical uniqueness with new codes never seen before, merging the divine feminine and divine masculine energies into wholeness. Every moment on this planet is a gift and by using this Super-Human toolkit, you will seize every moment, feeling happy, living in wonder, using the manifestation tools to create a life of abundance and establish new ways of unifying our human family here on Earth. You are about to embark on a life-changing journey. Are you ready?

Speculative Film and Moving Images by or about Black Women and Girls Karima K. Jeffrey-Legette, 2023-01-24 Speculative Film and Moving Images by or about Black Women and Girls: Watch It! examines depictions of African-descended women and girls in twentieth and twenty-first century filmmaking. Topics include a discursive analysis of stereotypes; roles garnered by Halle Berry, the only Black woman to receive an Oscar for Best Actress in a Leading Role; the promise of characters, relationships, and scripts found in works ranging from Altered Carbon, Lovecraft Country, and HBO's Watchmen series; and a closing chapter that considers the legacy of Black women in horror. Jeffrey-Legette illustrates the ways in which recent texts explore the trauma endured by people of African descent in the United States of America in evocative ways. In doing so, she provides a compelling interpretation of prevalent, well-received, and recurring images of Black women and girls in American popular culture.

The Heart of "I AM" the Point of Divine Origin. Robyn Mary Edwards, 2019-08-12 The Heart Of "I AM" The Point Of Divine Origin (Parts One, Two and Three), is an unfolding journey, a study into the path of realization of the Divinity of Mankind. It reveals the secrets of Divinity, the truth within the Self, God made Manifest as the diversity of all life and as your Immortal Being. The Heart Of "I AM" The Point Of Divine Origin (Parts One, Two and Three), is a journey of the soul's awakening evolution through Resurrection and Ascension. The soul's journey is taken through Alpha and Omega, the Body and Blood of the Self, as God's creation. With the remembrance of all aspects of the Self, we become the realization of the prosperity of the Heart, the understanding of the true Self; perfect creations, a manifestation of God's Heart, as seen through

his Mind. This journey is the most comprehensive understanding of Alpha and Omega, starting from the Stargate of Father Mother God, through to the dimensions of Space formed forth as the Body through which the Blood, the knowing of the Self flows as Eternal Light. This unfolding fulfills the revelation of God, that all should know the truth of God.

The Womanist Idea Layli Maparyan, 2012-03-22 Following on the heels of *The Womanist Reader*, *The Womanist Idea* offers a comprehensive, systematic analysis of womanism, including a detailed discussion of the womanist worldview (cosmology, ontology, epistemology, logic, axiology, and methodology) and its implications for activism. From a womanist perspective, social and ecological change is necessarily undergirded by spirituality – as distinct from religion per se – which invokes a metaphysically informed approach to activism.

Cosmic Ascension Joshua David Stone,1998-02-01 Cosmic Ascension: Your Cosmic Map Home: Almost all the books on the planet on the subject of ascension are written about planetary ascension. However, because of the extraordinary times in which we now live, in terms of Earth's history, there is a new opening and potentiality to also begin one's cosmic ascension process. This has never before been available. It must be understood, as Vywamus has said, that in completing our planetary ascension, we are no more than one-tenth of the way up a ten-inch ruler in terms of our cosmic ascension process. This includes most of the ascended masters. We on Earth who are working to complete our seven levels of initiation must remember that there are 352 levels of initiation to return to the godhead, of Father-Mother God, at the top of creation. Most of the Ascended Masters of the entire Spiritual Hierarchy are not beyond the 12th initiation. This is not a criticism, just a simple statement of fact. The question is, What lies beyond the next nine-tenths of the ruler, and how do we achieve our cosmic ascension as well as our planetary ascension (which is no small feat in and of itself?) It is for this purpose that the author was guided to write this book.

Beyond Ascension Joshua David Stone,1996-12-12 This book brings forth incredible new channeled material that completely demystifies the seven levels of initiation and how to attain them. It contains revolutionary new information on how to anchor and open our thirty-six chakras and how to build our light quotient at a rate of speed never dreamed possible. The book includes a chapter on cosmic ascension and a unique cosmic map that outlines the process of planetary ascension. The map also charts the course for full cosmic ascension through the seven cosmic planes and forty-eight dimensions of reality back to the Godhead and undifferentiated Source.

Charmian Amarea Kumara Redwood,2011-11 Lemurians came to lift the Earth into the Light and have returned now for the completion of the cycle. We know how to be love; we just need to remember that we are Divine Beings clothed in human form.Many people are feeling a longing for a more peaceful life as the energies of the planet intensify and become increasingly challenging. People are feeling afraid of the future, they feel lonely and hopeless. They have lost connection to the Source and to the Truth of who they really are. Coming Home To Lemuria is a book of hope and inspiration. In Lemuria we lived in Love, we had the power to manifest whatever we needed and these powers are available to us now. We are at a time on the planet where the frequencies are rising and we have the opportunity to once more live in Oneness and Joy. We have the memories at a cellular level and we can live in this consciousness again. Lemurians had a great sense of Unity and Oneness. Every individual part was equal to not better than any other and that Love was the key to evolution. They created

whatever they needed so their only desire was to be of service to the Earth and her children.

Saint Germain Elizabeth Clare Prophet,1990-03

The Apocalypse of the Aquarian Age Albert Amao Soria Ph.D.,2021-02-23 Humanity has stepped at the beginning of the Water-Carrier Age's threshold. Its influence is gradually being felt in all areas of life. This is the time for spiritual renewal and the turning point for the shifting of consciousness. Contrary to the period of mental bondage, prejudice, and religious bigotry, which was the Piscean Era characteristic, we are awakening to another chapter of human history, leading to the realization of the Oneness of life and the human race's interconnectedness. The world is currently undergoing radical socio-economic and political upheavals because we are transitioning from one chapter of human history to another. Some religious leaders and sensationalistic New Age writers have taken these dramatic changes as signs of the end of the world. Contrary to that, this work postulate that the challenging events indicate the close of one chapter of human history and the beginning of a new one. "We embrace and celebrate the coming of a new age of enlightenment, the awareness of human beings' brotherhood."
