Scarred by War Christopher G. Peña, 2004-07-22 Excluding the capture of New Orleans, the military affairs in southeast Louisiana during the American Civil War have long been viewed by scholars and historians as having no strategic importance during the war. As such, no such serious effort to chronicle the war in that portion of the state has been attempted, except Peas earlier book, *Touched By War: Battles Fought in the Lafourche District* (1998). That book covered the military affairs in southeast Louisiana that led to the five major battles fought in that region between fall 1862 and summer 1863. Beyond that point, little is chronicled, until now. In this thoroughly researched and authoritative book, *Scarred By War: Civil War in Southeast Louisiana*, Christopher Pea has revised and updated his earlier work and expanded the scope to include a study of the remaining two years of the war, a period filled with intense Confederate guerilla warfare. The literary result is a book that recounts the political, social, military, and economic aspects of the war as they played out in southeast Louisianas bayou country.
