Implementing Social Europe in Times of Crises Dorte Martinsen, Hans Vollaard, 2017-10-02 While the EU legitimacy crisis and the Great Recession prevail, certain European Union principles and policies have to be implemented in the member states. This volume explores the diverse processes, stages and subjects of implementation in a variety of social policies to identify different institutional dynamics and actor behaviours at play. The individual contributions examine the transposition of the patients' rights directive to the Europeanisation of pension reforms; the role of national parliaments in transposing social Europe; judicial Europeanisation; and the multi-level enforcement of EU decisions. Theoretically, the contributions in this book highlight the fact that implementation is often conditioned by domestic politics or comes as a 'random walk' due to organisational and cognitive constraints. Empirically, the volume has three main findings. First, the constitutive components of the EU tend to have a contradictory impact on the EU's social policies and the national welfare systems. Second, crises influence the implementation of social Europe, at times leading to a modification of fundamental principles and content, but not across the board. Third, as a result, there is evidence of differentiated Europeanisation. This book was originally published as a special issue of West European Politics.

The Politics of Memory in the Italian Populist Radical Right Marianna Griffini, 2023-06-19 The Politics of Memory in the Italian Populist Radical Right examines the role of colonial memory in the contemporary Italian populist radical right, which includes the Lega and Fratelli d'Italia (FdI). The book originally adopts postcolonialism as an analytical framework to critically examine which roles colonial memory plays in the Italian populist radical right. Considering the timeframe between 2013 and 2021, this book suggests that the contemporary Italian populist radical right selectively shaped its memory of the colonial past, expunging the most difficult aspects from it. The fact that the Italian populist radical right parties examined do not fully acknowledge the controversial aspects of Italy's colonial past, which are bracketed off discourse, may contribute to the deployment of colonial discourse by these same parties when discussing immigration. From this Italian case study, broader implications can be drawn regarding the role of colonial memory in political discourse, which is a topical matter across Europe. The book will be of interest to those studying populism, the radical right, Italian politics and history, colonialism, and the politics of memory.

Ciudadanía múltiple y migración Pablo Mateos, 2015-10-30 Hoy día los límites del trinomio del Estado-nación (territorio-

población-sistema de derechos) se ven difuminados por los diversos procesos de migración y la expansión de un incipiente sistema internacional de derechos humanos. Este libro aborda uno de dichos procesos: las crecientes prácticas de ciudadanía o nacionalidad múltiple desde la perspectiva de la migración, enfocándose en la experiencia de latinoamericanos con pasaportes europeos o de Estados Unidos.

Migration and Social Protection in Europe and Beyond (Volume 3) Jean-Michel Lafleur, Daniela Vintila, 2020-11-12 This third and last open access volume in the series takes the perspective of non-EU countries on immigrant social protection. By focusing on 12 of the largest sending countries to the EU, the book tackles the issue of the multiple areas of sending state intervention towards migrant populations. Two “mirroring” chapters are dedicated to each of the 12 non-EU states analysed (Argentina, China, Ecuador, India, Lebanon, Morocco, Russia, Senegal, Serbia, Switzerland, Tunisia, Turkey). One chapter focuses on access to social benefits across five core policy areas (health care, unemployment, old-age pensions, family benefits, guaranteed minimum resources) by discussing the social protection policies that non-EU countries offer to national residents, non-national residents, and non-resident nationals. The second chapter examines the role of key actors (consulates, diaspora institutions and home country ministries and agencies) through which non-EU sending countries respond to the needs of nationals abroad. The volume additionally includes two chapters focusing on the peculiar case of the United Kingdom after the Brexit referendum. Overall, this volume contributes to ongoing debates on migration and the welfare state in Europe by showing how non-EU sending states continue to play a role in third country nationals’ ability to deal with social risks. As such this book is a valuable read to researchers, policy makers, government employees and NGO’s.

Europäische Zeitgeschichte seit 1945 Constantin Goshler, Rüdiger Graf, 2011-12-06 Europa ist eine Frage der Perspektive. Wo seine Außen- und Binnengrenzen verlaufen, hängt vom Standpunkt des Betrachters ab. Auch die historischen Zäsuren sind je nach Perspektive verschieden: Für die Politikgeschichte ist etwa der Zusammenbruch des Kommunismus einschneidend, für die Kommunikationsgeschichte eher die Breitennutzung des Internet. Der Epochenband zeigt, wie vielgestaltig und spannend Europäische Zeitgeschichte ist. - Wo liegt Europa? Was ist Zeitgeschichte? Räume und Zeitrhythmen - Die Folgen des Zweiten Weltkriegs: Neuordnung und Kalter Krieg, politische und wirtschaftliche Integrationsprozesse - Die wirtschaftliche, gesellschaftliche und kulturelle Entwicklung Europas: Wirtschaftsboom, Migration und Bevölkerungsentwicklung, Konsum, Wertewandel und soziale Ordnungen - Die Vorgeschichte der Gegenwart: Zivilgesellschaft, Rechtsstaatlichkeit und Terrorismus, Energie und Umwelt, Technik und Kommunikation

Migration and Social Protection in Europe and Beyond (Volume 1) Jean-Michel Lafleur, Daniela Vintila, 2020-10-30 This first open access book in a series of three volumes provides an in-depth analysis of social protection policies that EU Member States make accessible to resident nationals, non-resident nationals and non-national residents. In doing so, it

discusses different scenarios in which the interplay between nationality and residence could lead to inequalities of access to welfare. Each chapter maps the eligibility conditions for accessing social benefits, by paying particular attention to the social entitlements that migrants can claim in host countries and/or export from home countries. The book also identifies and compares recent trends of access to welfare entitlements across five policy areas: health care, unemployment, family benefits, pensions, and guaranteed minimum resources. As such this book is a valuable read to researchers, policy makers, government employees and NGO's.

Acesso à Nacionalidade Portuguesa: 10 anos da Lei em Números Catarina Reis Oliveira (coord.), Natália Gomes, Tiago Santos, 2017-06-01 A evolução da concessão da nacionalidade portuguesa desde a viragem do século em Portugal reflete uma importante mudança legislativa a partir de 2006 (Lei Orgânica n.º 2/2006, de 17 de abril, complementada pelo Decreto-Lei n.º 237-A/2006, de 14 de dezembro, que aprovou o Regulamento da Nacionalidade Portuguesa e revogou o regulamento que vigorava desde 1982 através do Decreto-Lei n.º 322/82, de 12 de agosto), aprovada na Assembleia da República com base num amplo consenso político, reunindo 91% de votos a favor e nenhum voto contra. Desde 2006, embora este Regulamento tenha recebido algumas revisões pontuais (com o Decreto-Lei n.º 43/2013, de 1 de abril, Decreto-Lei n.º 30-A/2015, de 27 de fevereiro), tem merecido a atenção e o reconhecimento internacional, tendo Portugal passado a constar entre os países com melhor enquadramento legal para a aquisição da nacionalidade (em primeiro lugar no ranking apurado no Índice de avaliação das políticas de integração de imigrantes – MIPEX, desde 2007, reforçando a sua posição em 2011 e 2015, distanciando-se em 13 pontos do score obtido pelo país que ocupa o segundo lugar, a Suécia) e entre os países com melhores resultados na atribuição de nacionalidade por total de residentes estrangeiros (em terceiro lugar entre os países da OCDE em 2014, apenas ultrapassado pela Suécia e a Hungria, e em segundo lugar a partir de 2015). Nem sempre são explícitos ou imediatos os efeitos dos enquadramentos legais nos dados administrativos e estatísticos disponíveis, no entanto, no caso dos processos de concessão da nacionalidade portuguesa, verifica-se de forma evidente e precisa os efeitos das mudanças da regulamentação da nacionalidade portuguesa a partir de 2006: entre 2007 e 2016, quase meio milhão de cidadãos pediu a nacionalidade portuguesa, tendo, em média, por ano, 40 mil indivíduos se tornado cidadãos portugueses; enquanto na década anterior à regulamentação de 2006, registaram-se cerca de sete vezes menos concessões de nacionalidade portuguesa, decidindo-se em média apenas cerca de 5,6 mil processos ao ano. Neste âmbito, com a edição deste primeiro Caderno Estatístico Temático, da Coleção Imigração em Números do Observatório das Migrações, pretende-se compreender esta progressão muito rápida do país face aos restantes países europeus e fazer um balanço – em números – dos impactos da primeira década deste enquadramento, sistematizando os dados administrativos disponíveis no país e identificando as principais tendências e canais adotados (entre as aquisições e atribuições) pelos cidadãos para acederem à nacionalidade portuguesa.

Southern European Challenger Parties against the Mainstream Davide Vittori, 2023-07-18 This book focuses on the rise of new challenger parties and the magnitude of their impact on political systems and the existing political order in Southern Europe in the aftermath of the Great Recession. Examining Podemos (Spain), SYRIZA (Greece), and M5S (Italy), it highlights the differences and commonalities between them and their voters. The book reveals whether these parties were effectively able to change the status quo represented by mainstream parties and, secondly, whether they created novel organizational structures capable of “bring the people in”, that is, of re-mobilizing disenfranchised voters and of re-inventing the concept of participation within the political party. This book will be of key interest to scholars and students of party politics, representation, leadership, political elites, public opinion, populism, and more broadly to comparative politics, European studies, and contemporary European history.

Cittadinanza europea Costanza Margiotta, 2014-03-01 T00:00:00+01:00 La cittadinanza europea ha compiuto vent'anni e quasi nessuno se n'è accorto. Eppure, a chi si è spostato all'interno dell'Unione, ha permesso di godere di diritti fondamentali nell'ambito di ordinamenti diversi da quello di provenienza: dalla non discriminazione nelle prestazioni sociali fino al ricongiungimento familiare anche per le coppie omosessuali. Proprio perché sovranazionale, è uno strumento giuridico potenzialmente innovativo che ha maturato una dotazione propria di diritti. Ma la crisi, causa di nuovi importanti flussi migratori intraeuropei, ne ha messo in luce anche la fragilità. Questo libro invita a prendere consapevolezza del suo contenuto e dei suoi possibili sviluppi, progressivi o regressivi.

Europa hacia el siglo XXI Göran Therborn, 1999-01-01 En los momentos en que Europa confronta, de un lado, su proyecto de comunidad económica y política, y del otro, el de su tensa división en aspectos fundamentales como los conflictos de las minorías, este libro estudia todas las facetas que componen la problemática europea. Historias, pero demográficas y humanas; economías, pero en función del viejo poder colonial europeo; culturas, pero como enfrentamientos entre tradiciones y modernidades; movimientos sociales, pero para contrastar las dinámicas del “camino al socialismo” y de la “comunidad capitalista”; todo en plural, visto con una lupa a la que no se le escapa nada.

Völkerrechtliche Vorgaben für die Verleihung der Staatsangehörigkeit Patrick R. Hoffmann, 2022-02-25 Das Staatsangehörigkeitsrecht wird trotz der völkerrechtlichen Relevanz der Staatsangehörigkeit oft als eine der letzten Bastionen staatlicher Souveränität angesehen. Patrick R. Hoffmann hinterfragt diese tradierte Annahme, indem er einen frischen Blick auf das Rechtsinstitut der Staatsangehörigkeit wirft und die völkerrechtlichen Vorgaben hinsichtlich deren Verleihung untersucht. Um auch moderne Praktiken im Bereich des Staatsangehörigkeitsrechts - wie den sog. Verkauf von Staatsangehörigkeiten oder die sog. passportisation - dogmatisch korrekt erfassen zu können, nimmt er das Völkerrecht in puncto Staatsangehörigkeit grundlegend in den Blick. Der Autor untersucht unter anderem das oft proklamierte Menschenrecht auf eine Staatsangehörigkeit sowie das Erfordernis einer vernünftigen Verbindung zwischen Mensch und

Staat als Voraussetzung für die Verleihung einer Staatsangehörigkeit.

Dizionario dialettale di Melfi e Zibaldone MAURO TARTAGLIA, 2022-10-14 Introduzione di Patrizia Del Puente Mauro Tartaglia, l'autore dei due volumi, Dizionario dialettale di Melfi e Zibaldone, ha svolto un lavoro enorme e preciso sul dialetto di Melfi, sua amata città, dimostrando che egli aveva chiaro, anche in tempi non favorevoli al dialetto, quanto fosse importante e, da docente serio, ha pensato di scrivere un'opera che restituisse ai lettori la grandezza della lingua locale melfitana. La moglie e i figli, consapevoli del valore del marito e padre, non hanno voluto che la sua ultima creatura rimanesse sconosciuta al mondo e hanno deciso di pubblicare l'opera quando egli non c'era più. La competenza linguistica, pur se l'autore non era linguista di professione, è evidente e indiscutibile. La sua sensibilità ai suoni del dialetto melfitano traspare da ogni parola che egli trascrive in maniera pressoché perfetta, come afferma la professoressa Patrizia Del Puente, direttrice del Centro Internazionale di Dialettologia, nella Introduzione, apprezzando l'aspetto sociale, culturale e la correttezza scientifica dell'approccio dell'autore, nella considerazione che il dialetto è una lingua a tutti gli effetti, basti ricordare che anche l'italiano altro non è se non l'evoluzione di un dialetto, il dialetto fiorentino. Il volume Zibaldone, partendo dalle parole del Dizionario lo completa, annotando via via riflessioni, pensieri, notizie varie: i lettori, quindi, possono avvicinarsi davvero a un patrimonio morale e materiale che li riguarda.

Europarecht und das Politische Ulrich R. Haltern, 2005 English summary: European citizens remain largely indifferent towards the Union. Legal scholars are wrong to funnel the Union's social legitimacy deficit to empirical sociology, or to ignore it altogether, because questions of identity are intimately linked to the law. Engaging in a cultural study of European law, Ulrich Haltern argues that the crisis in social acceptance can be traced back to the texture of EU law. While national law has a rich fabric of cultural resources to rely on, EU law appears less ours. The way these two bodies of law imagine the political is entirely different, as can be shown with respect to the free movement of goods, the judicial system, fundamental rights, and Union citizenship. As it turns out, the European Court is following the Commission's lead and is taking the Union from a political psychology of interest and reason to a dimension of collective will, thus approximating the imagination of the political in the EU and in nation-states. German description: Die Mehrzahl der Bürger Europas steht der europäischen Integration gleichgültig gegenüber. Dieser Dichotomie müssen sich Juristen annehmen, denn Fragen der bürgerlichen Identität und der sozialen Legitimation sind eng mit dem Recht verbunden. Ulrich Haltern macht anhand einer kulturtheoretischen Analyse des Rechts die Unterschiede zwischen der Imagination des Politischen im Nationalstaat und in der Europäischen Union sichtbar. Die Unterschiede spiegeln sich im Recht: Recht ist nicht gleich Recht. Diese theoretische Erkenntnis wird an der europäischen Rechtspraxis in den Bereichen des Warenverkehrs, des Rechtsschutzes, der

Grundrechte und der Unionsbürgerschaft erprobt. Dabei wird deutlich, dass der EuGH die Union aus ihrer Fixierung zwischen Interesse und Vernunft zunehmend in den Bereich kollektiven Willens und damit nationalstaatlicher Imagination des Rechts und des Politischen führt.

Nationality Law in the Western Hemisphere Olivier Willem Vonk, 2014-09-18 In *Nationality Law in the Western Hemisphere*, Olivier Vonk provides the first comprehensive overview in English of the grounds for acquisition and loss of citizenship in the thirty-five independent countries in the Americas and the Caribbean. Employing a typology developed by the European Union Democracy Observatory on Citizenship, he convincingly shows that different nationality laws can be compared by using a systematic analytical grid. The individual country chapters additionally pay due regard to issues such as dual citizenship and statelessness, and include thorough historical observations as well as extensive bibliographical references for each state. *Nationality Law in the Western Hemisphere* allows academics, practitioners, governments and international organizations to assess nationality legislation beyond a purely national context.

The 'Camps System' in Italy Riccardo Armillei, 2018-05-16 This book deals with the social exclusion of Romanies ('Gypsies') in Italy. Based on interviews with Romani individuals, institutional and Civil Society Organisations' (CSOs) representatives, participant observation and a broad range of secondary sources, the volume focuses on the conditions of those living in Rome's urban slums and on the recent implementation of the so-called 'Emergenza Nomadi' (Nomad Emergency). The enactment of this extraordinary measure concealed the existence of a long-established institutional tradition of racism and control directed at Romanies. It was not the result of a sudden, unexpected situation which required an immediate action, as the declaration of an 'emergency' might imply, but rather of a precise government strategy. By providing an investigation into the interactions between Romanies, local institutions and CSOs, this book will deliver a new perspective on the Romani issue by arguing that the 'camp' is not only a tool for institutional control and segregation, but also for 'resistance', as well as a huge business in which everyone plays their part.

Multicultural and Intercultural Identity Recognition Shkelzen Hasanaj, 2024-01-09 This book presents a reflection on the debate between cultural multiculturalism and interculturalism by reviewing the main sociological and philosophical approaches that mark it. It opens with reflections on liberalism and neo-communitarianism, from John Rawls to Charles Taylor, Jürgen Habermas and Will Kymlicka, and then delves into the multicultural model of integration, examining its theoretical foundations, internal differences and political applications. The case of the United Kingdom and the comparison with the policies adopted in other European countries enable the author to focus on the limits of multiculturalism and the consequent need to overcome its criticism towards a new inter-cultural paradigm, which is currently the main focus of the finest international literature (Ted Cantle and Tariq Modood) – and at the heart of scholarly debate and political confrontation between Canada's multiculturalists and Quebec's interculturalists (Gerard Bouchard). Discussing the

reflections of scholars who took part on the debate about the role of religious dialogue as a source of identity and recognition between different communities, the author's ambition is to find a third way, tailored to the particular socio-cultural context of Italy.

Contesting Race and Citizenship Camilla Hawthorne, 2022-07-15 *Contesting Race and Citizenship* is an original study of Black politics and varieties of political mobilization in Italy. Although there is extensive research on first-generation immigrants and refugees who traveled from Africa to Italy, there is little scholarship about the experiences of Black people who were born and raised in Italy. Camilla Hawthorne focuses on the ways Italians of African descent have become entangled with processes of redefining the legal, racial, cultural, and economic boundaries of Italy and by extension, of Europe itself. *Contesting Race and Citizenship* opens discussions of the so-called migrant crisis by focusing on a generation of Black people who, although born or raised in Italy, have been thrust into the same racist, xenophobic political climate as the immigrants and refugees who are arriving in Europe from the African continent. Hawthorne traces not only mobilizations for national citizenship but also the more capacious, transnational Black diasporic possibilities that emerge when activists confront the ethical and political limits of citizenship as a means for securing meaningful, lasting racial justice—possibilities that are based on shared critiques of the racial state and shared histories of racial capitalism and colonialism.

The Making of the European Union Max Haller, 2012-12-06 Outstanding social scientists (economists, sociologists, political scientists, and policy researchers) discuss in this book the issue of the social aspects of European integration. For each field, they sketch out the main problems, provide a survey on the relevant literature, and point to areas wherein more research is needed. The science and research policy of the European Union is examined critically both in terms of relevant social issues and in terms of its organizational efficacy.
