Genesis of the Shakespearean Works Peter D Matthews,2017-06-11 This book is the result of fourteen years research scrutinizing thousands of historical documents. Dr Matthews reveals never before seen facts regarding the earliest quartos and the first folio – even new research into the leather cover of the Bodleian first folio and how that particular copy came into the possession of the Turbutt family. Dr Matthews has forensically dated the majority of the Shakespearean plays twenty years before earlier scholars, such as Rowe, Malone and Chambers – some plays dated as early as 1561, 1559 and 1558 – up to six years before William Shakespeare was born. Dr Matthews’ exemplary philosophical dissertation of the Shakespearean works and its critics, reveals much about the identity of the real authors. A unique reference work essential to Shakespearean scholars and students alike – this crucial work redates the Shakespearean works, scrutinizes each candidate, and definitively answers the authorship debate.

Revealing the Power of Psalm 23 Dr. Felix J. Rolle,2022-11-10 Here is your personal key to unlocking the power of the twenty-third Psalm. This is also your opportunity to equip yourself with some of the promises, which were made available and free of charge to every believer. Just like David the shepherd, you, too, can enjoy the goodness of the Lord right here in the land of the living. Understanding what David wrote will empower you to boldly declare The Lord is my Shepherd. My future is secured! Your confidence in God's promises concerning His provisions for you, your emotions, your spiritual life, your enemies, your position in His kingdom, and your overall future will come alive as you meditate on and internalize what gave David the inspiration to pen this psalm. Just as this psalm stands out, so will your life when you begin to identify with and personalize the Creator's comforting thoughts and plans for you. You are of the Lord's sheepfold; therefore, you must know the truth and the whole story behind His blessings, tender care, and love for you. As you follow Him, you will come face to face with His abundant supply of goodness, uncompromising tenderness, and steadfast faithfulness. Upon experiencing the Lord like David did, then you too will enthusiastically choose to dwell in His house forever.

Continuity and Innovation in the Magical Tradition ,2011-06-22 This volume brings together thirteen studies by as many experts in the study of one or more ancient or medieval magical traditions, from ancient Mesopotamia and Pharaonic and Greco-Roman Egypt to the Greek world, Judaism, Christianity and Islam. It lays special emphasis on the recurrence of similar phenomena in magical texts as far apart as the Akkadian cuneiform tablets and an Arabic manuscript bought in Egypt in the late-twentieth century. Such similarities demonstrate to what extent many different cultures share a “magical logic” which is strikingly identical, and in particular they show the recurrence of certain phenomena when magical practices are transmitted in written form and often preserve, adopt and adapt much older textual units. Contributors include: Tzvi Abusch, Joachim Friedrich Quack, Jacco Dieleman, Fritz Graf, Christopher Faraone, Ithamar Gruenwald, Shaul Shaked, Dan Levene, Kocku von Stuckrad, Reimund Leicht, Yuval Harari, Gideon Bohak, and Alexander Fodor.

Doctrine of Terror Mahboob Illahi,2018-10-02 The book highlights the fact that Islam does not encourage or incite intolerance of other faiths, and that it values sanctity of human life, regardless of religious affiliation, and abhors violence and extremism, as being perpetrated by the misguided muslim jihadists of al-Qaeda, ISIS, and their associated terrorist groups that have been wreaking atrocities on defenseless civilian populations of Muslim majority countries, including women and children.The book describes the inception, support, and unlimited funding of these groups by the Sunni Arab countries, and implores the Funders to discontinue their support, forthwith, to restore peace and stability to the marginalized communities, particularly the Shia Muslims of the world who have been subjected to persecution for centuries, ever since the advent of Islam in the seventh century, following the death of the Prophet of Islam in 623.The book also implores theWorld powers to end their tacit support of terrorism by seriously confronting the supporters of terrorist groups, without which the terrorism will not end.

Living Life Between Two Worlds Mike Jolls,2019-04-15 Living Life Between Two Worlds is a book that attempts to address, from a Christian perspective, the highly visible topic of transsexuality (regarding people who change their sex). This topic has permeated our society, affecting business, commerce, our military, our educational system, legal and moral viewpoints on human sexuality and marriage, bathroom usage policies, and beyond. Given its impact, how should Christians and the Church approach this issue? Living Life Between Two Worlds was written to bring God's truth about this subject into the light so that Christians can have a resource they can turn to for answers. It is also written to give hope to those that struggle with the problem, so they can know that there is freedom through God. It tells the unique story of the author, who

because of life circumstances and experiences, lived with the turmoil and emotional pain of transsexuality for over 30 years. Not only that, but it testifies about the miraculous power of God, how God divinely visited the author and revealed the truth about transsexuality, and then how God powerfully brought the author out of bondage and into freedom and peace through that deliverance experience. However, *Living Life Between Two Worlds* does not stop there. It tells the truth about human sexuality and challenges the theories that support transsexuality. It presents scriptures telling God's opinion on the subject. It tells how a conflicted person can combat transsexuality. It discusses the spiritual aspect of transsexuality. It tells how the Church can approach the subject in love. In short, this book attempts to be a guide about this topic from God's viewpoint with the hope that the truth contained within its pages will touch and change the lives of those suffering from the conflict, just as it changed the author's life.

Faith in the Marketplace Samuel Lee, 2021-04-12 Contemporary missions often include evangelistic and socio-

economic dimensions. For effective missions, some way of assessing what is being achieved is needed beyond just the common metrics touching on the spiritual and/or economic which neglects social transformation that ideally should also be occurring. This book seeks to identify key factors for holistic evaluation based on salient characteristics that emerged as three Entrepreneurial Church Planting sites were studied in San Francisco (Redeemer Community Church), Selma, Alabama (Blue Jean Church), and Lynch, Kentucky (Meridzo Ministries). What emerges from these case studies is the importance of relationality, general emphasis on growth and development, and a well-established focus on holistic transformation. The mechanisms for the operation of holistic transformation are spelled out to reflect the operation of the three actors of the Trinity in missions. The practical component of the book is the conceptual framework that reveals the operation of holistic transformation and ways to measure the dynamic relationships that occur.

All Brain and No Soul? Robert A. Hunt, 2025-02-24 *All Brain and No Soul? Real Humanity in an AI Age* explores the profound shifts in human identity and understanding in the context of historical, scientific, and technological revolutions, particularly the rise of artificial intelligence. Beginning with the author's personal reflections on chaos and order in a changing world, it delves into humanity's displacement from the cosmic center through the Copernican Revolution, the evolution of modern science, and the redefining of intelligence and sentience. The narrative examines humanity's role within an expanding, indifferent universe and the implications of Darwin's theories on our relationship with nature and other species. It interrogates how technological advancements, like AI and brain-computer interfaces, reshape human self-perception and blur boundaries between machines and humans. The book highlights the dangers of abstracting humanity into algorithms and idealized digital personas. Through a lens of history, religion, and philosophy, the author raises questions about what it means to be human in a world increasingly mediated by screens, algorithms, and artificial intelligences, urging readers to reflect on the balance between technological progress and retaining authentic human connections.

Atlas of Religion in China: Social and Geographical Contexts Fenggang Yang, 2018-09-04 The speed and the scale with which traditional religions in China have been revived and new spiritual movements have emerged in recent decades make it difficult for scholars to stay up-to-date on the religious transformations within Chinese society. This unique atlas presents a bird's-eye view of the religious landscape in China today. In more than 150 full-color maps and six different case studies, it maps the officially registered venues of China's major religions - Buddhism, Christianity (Protestant and Catholic), Daoism, and Islam - at the national, provincial, and county levels. The atlas also outlines the contours of Confucianism, folk religion, and the Mao cult. Further, it describes the main organizations, beliefs, and rituals of China's main religions, as well as the social and demographic characteristics of their respective believers. Putting multiple religions side by side in their contexts, this atlas deploys the latest qualitative, quantitative and spatial data acquired from censuses, surveys, and fieldwork to offer a definitive overview of religion in contemporary China. An essential resource for all scholars and students

of religion and society in China.

The Oxford Handbook of Names and Naming Carole Hough, 2016-05-03 In this handbook, scholars from around the world offer an up-to-date account of the state of the art in different areas of onomastics, in a format that is both useful to specialists in related fields and accessible to the general reader. Since Ancient Greece, names have been regarded as central to the study of language, and this has continued to be a major theme of both philosophical and linguistic enquiry throughout the history of Western thought. The investigation of name origins is more recent, as is the study of names in literature. Relatively new is the study of names in society, which draws on techniques from sociolinguistics and has gradually been gathering momentum over the last few decades. The structure of this volume reflects the emergence of the main branches of name studies, in roughly chronological order. The first Part focuses on name theory and outlines key issues about the role of names in language, focusing on grammar, meaning, and discourse. Parts II and III deal with the study of place-names and personal names respectively, while Part IV outlines contrasting approaches to the study of names in literature, with case studies from different languages and time periods. Part V explores the field of socio-onomastics, with chapters relating to the names of people, places, and commercial products. Part VI then examines the interdisciplinary nature of name studies, before the concluding Part presents a selection of animate and inanimate referents ranging from aircraft to animals, and explains the naming strategies adopted for them.

God Doesn't Live Here Anymore Michael Wood Daly, 2023-01-16 The church in Canada is in trouble. Media reports suggest that nine thousand churches are likely to close over the next ten years. The United Church of Canada reports closing a congregation a week. The Anglican Church of Canada anticipates closing its last congregation by 2040, and the Roman Catholic Church, Canada's largest religious denomination, reports having closed one-fifth of the tradition's 2,500 congregations. *God Doesn't Live Here Anymore* traces the story of the church in Canada from its far off historical roots in biblical times, rise to dominance in medieval Europe, role in the colonization of Canada, strained relations with Canada's First Nations, twentieth-century prominence, and the church's dramatic decline and loss of influence entering the twenty-first century. Wood Daly pulls no punches in calling the church to accept responsibility for its own decline, while maintaining hope that resurrection is still possible. The church, as Canadians may know it, might disappear, but for Christians death has never been the end of the story.
